

## 6.30% Until October 1st, 1940

Markets may come and markets may go, but purchasers of Province of Saskatchewan 6% Gold Bonds to-day at 96.62 and interest are assured of 6.30% for twenty years.

These bonds afford an excellent opportunity to dispense with the necessity for frequent reinvestment. They also guard against any changes in the money market that may occur in years to come.

### The Romance of Statistics

Statistics? "Dry as dust," you may say. So they are—unless you can grasp and interpret them.

We have a Statistical Department run by men who *do* grasp and who *can* interpret Statistics, on:

*Domestic and Foreign Trade,  
Government and Municipal Bonds  
Public Utility and Industrial Corporations,  
All kinds of Securities.*

If you want information upon which to base your judgment regarding investments, write to us for it.

This is part of our free service to Investors. Our profit on the transaction is that it creates goodwill for us, and wins friends and clients. If you are not already receiving it, we would like to place your name on our mailing list for *Investment Items*.

Write and ask us to do so.
