For a Company not yet twenty years old the Equitable Life makes a most remarkable exhibit. The entire annals of life insurance furnish no parallel to the rapid and substantial growth of this corporation. In spite of hard times, dull trade, and discouragements peculiar to the business, the Equitable's history has been a continuous report of progress to which the above figures (taken from official returns) adds new emphasis. Managed by men who thoroughly understand their work, and, having as trustees an exceptionally strong list of the wealthiest and most respected citizens, the company has fully entitled itself to the high position it occupies, apart from the substantial security its financial resources pledge, thus making it the most desirable company to patronize.

As an investment, besides an insurance, a policy taken out on the

TONTINE SAVINGS FUND PLAN

forms a most attractive feature. As an example of what may be realized, this estimated result, based upon the companies experience in Tontine policies, during the past eight years, is here given of a policy for \$10,000 at the age of 40 on the 20 year Endowment plan with 15 years Tontine term.

Amount of policy payable at death, if before Tontine period	\$10,000 00
Cost of Premium Annually	517 80
Total Cost of Policy, (15 annual payments)	7,767 00
Cash value of Policy, end of 15 years	12,000 00
Or a paid-up Policy payable in cash in 5 years after	14,800 00

The payments and results vary with the age of the person.

These remarkable results are offered—not by a new or small corporation—but by one of the largest, strongest, and most prosperous in the world.
