## (The President)

We shall now take action on the report of the <u>Ad Hoc</u> Committee on Chemical Weapons on its intersessional work, as contained in document CD/1046. If there is no objection, I shall take it that the Conference adopts the report of the <u>Ad Hoc</u> Committee.

It was so decided.

use of themical water but there because meaninger the a costing the structure of the struct

There and a set of the second second

Againet this buckground any fainher introduction may be superflorous. Still, I would like to make some gangeal contents. Flopt, I would like to atore what this paper is not. It is not a tautical proposal par the purpose of unlocking the apparent stalement in discussions as confidention in the chamical industry? My delegation can for a long this but doubt agartic the cost-effectiveness of schedule 2 worldication as provides the in the fact.
