

Mission: NAIROBI

Market: UGANDA

Services for which there are good market prospects:

1. Hydro power generation and transmission services.
2. Airport rehabilitation engineering services and equipment.
3. Civil aviation planning services.
4. Road rehabilitation planning/consulting services.
5. Health services planning and hospital/medical equipment.
6. Technical and vocational education planning/consulting services.

In support of Canadian exports in this sector the mission is currently engaged in activities which include:

Activity: Continue to assist Canadian firms in competing for Entebbe Airport Rehabilitation Study under AfDB financing.

Expected Results: Possible contract for either Lavalin or Scott Associates.

Activity: Continue to assist Canadian consultants in competing for rehabilitation of Mulago Hospital to be financed by AfDB.

Expected Results: Follow up opportunities to sell medical equipment/supplies/services.
