

Mother--- Know what you
give your children.

The open published formula appears on every label of

MRS. WINSLOW'S SYRUP

The Infants' and Children's Regulator

Senna—a prompt, efficient
vegetable cathartic.

Rhubarb—a rejuvenator of
digestive action.

Sodium Bicarbonate—highly valuable in treating
severe gastric indigestion in children.

Sodium Citrate—an effective regulator of
the bowels — used
frequently with
other ingredients by
learned doctors in
treating colic and
diarrhoea.

Oil of Anise, Fennel, Caraway, Coriander, Glycerine, Sugar Syrup, all of which help to make this formula the very best that medical skill can devise. If it were possible to improve this formula it would be done regardless of the fact that a bottle of Mrs. Winslow's Syrup now costs twice as much to make as any other similar preparation. Yet it costs you no more than ordinary baby laxatives. Pleasant to give and pleasant to take.
