## OLD SALTS FOUND STORM TOO MUCH

Edward Rigby, Student of Toronto, Who is on H.M.S. Inconstant. Writes.

Writing from a seaport which was not allowed to be named by the censor Edward Rigby, a Toronto University student, son of Rev. W. Rigby, and who is on H.M.S. "Inconstant" says: "I am working like a tiger, where the heat is tremendous at times. I like the work, however, it is not so bad as I was told. I am glad I came when I did. Everyone is very kind and considerate. The sea is blue and calm, summer-like. I went barefoot for a day or two during a storm that tossed us about a great deal. I was not sick, but many were, even the 'old salts' feel great. Temperature nearly 70 every day, just like the 'good old summer time'.

"The nights are wonderful and all strange. We may go to a colder climate before long, but no one beside the captain knows. We get shore leave on Saturday and Sunday afternoons. I would like to be allowed to use a camera, which is, of course, the last thing in the world ever allowed here. I have seen enough to talk about for years. Saw monkeys running about wild. They are protected by the government. The gates are closed and locked at sundown, except in the direction of the docks."

## BIG MILITARY CAMP TO BE OPENED SOON

Queen's Officers' Corps and Engineers to Train at Barriefield.

Special to The Toronto World. KINGSTON, April 12.—A big military camp will be opened at Barriefield, April 21. Queen's University Officers' Training Corps and Engineers will be the first to encamp. Friends of Daniel Reynolds, who was convicted at London, Ont., for the penitentiary, are endeavoring to get him pardoned. He murdered a man named Colbert while drunk. Exceptionally low water in Rideau Lake will be a great drawback to navigation this season. Lack of snow or rain in March to feed the lake is the cause. A big elm tree, 100 years old, toppled over as members of the 21st overseas battalion were parading on King street. One of the officers noticed it falling just in time to halt his men, thereby saving many being struck by the trunk. John Green, 84, one of the best known farmers in the township, died today in the General Hospital. His wife died in the same hospital two weeks ago.

## BELLEVILLE MAN INVALIDED HOME

Special to The Toronto World. BELLEVILLE, Ont., April 12.—Geo. Clarke of this city, who left here with the first contingent as driver with the 24th Battalion, has been invalided home. At Salisbury, England, he was thrown and kicked by a horse. He injured his knee in a hospital in England for five months. After a bacteriological test, some 22 members of the 29th Battalion, situated in this city, have been placed in a detention camp at the fair grounds, found to be carriers of spinal meningitis germs. No new cases have been developed. Harper, Customs Broker, McKinnon Bldg., 10 Jordan St., Toronto.

## STEADY PRACTICE MAKES GOOD SHOTS

Eye, Brain and Finger Must Work in Harmony.

## HEALTH REMAINS GOOD

Seventy-Five Per Cent. of Meningitis Cases Have Recovered.

It was announced at Exhibition Park camp headquarters yesterday that arrangements have been made by which as far as practicable Canadians will be sent to the Duchess of Connaught Canadian Red Cross Hospital at Cliveden, Taplow, England, and in this connection the director of medical services C.E.F., suggests that it would be advisable for all comforts and supplies intended for Canadian soldiers who are in hospital to be forwarded thru the Canadian Red Cross commissioners, 13 Cockspur street, London, S.W., England.

The 39 third contingent officers who have gathered at the camp from various battalions in central, western and northern Ontario to take a special short course in musketry under the direction of Major W. P. Butcher, went thru an oral examination yesterday, and this morning will have a written examination in the dairy building.

A company of the 20th Battalion marched out to Long Branch yesterday to put in the day at the ranges. It will come back today. Major Butcher states that daily practice is essential to complete mastery of the rifle. The work of the forefinger also need constant training to work in harmony. Perfect trigger control is only acquired by steady practice. The "let-off" can be tested by balancing a coin on the barrel near the muzzle. It should remain undisturbed by the release of the trigger. The recruit's individual training, says Butcher, is not great until he has become a "complete service shot," who can hit a difficult target at unknown range in the shortest possible time.

The health of the camp continues to be good. There are 135 cases in the stationary hospital, but no serious ones. 75 Per Cent. Recovered. Commenting on a statement made during March there had been 26 meningitis cases in the province with 22 deaths and that the bulk of the cases had originated in the camps at Toronto and Long Branch, Dr. Fotheringham, A.D.M.S., pointed out that at the camp there have been 14 cases with 3 deaths, showing an average recovery of 75 per cent.

The war office's call for non-commissioned officers and men for a remount depot in England is being met. Seventy-six men are being recruited from the Toronto armories. Six hundred have been asked for from the whole Dominion.

A tribute to the discipline of the men of the second contingent was made yesterday by Major H. C. Bickford, general staff officer. "In regard to discipline," he said, "the soldiers of the second contingent have been cleared. He did not even except the military regiments."

Major Bickford is picking out the suitable ground for the next field day of the contingent. He said that an evening of trench-digging might be decided on as the work at the next night operation. There may be difficulty in finding a man who does not mind having his land out.

Under direction of Capt. S. D. Dunn, divisional signaling officer, 125 of the signaling corps will be held today under an examination for certificates, grade A or B, at the dairy building at 4 p.m. Signaling will attend from practically every corps in camp.

New officers were elected at the annual meeting of the Toronto Civilian Rifle League, held in the Armories. A suggestion of a drill by the association and a month met with much favorable comment. Major A. H. Drien, retiring secretary, reported that 22 associations were affiliated with the league. The new officers are: Hon. president, Sir E. A. Oakes; vice-president, Col. Hon. J. Mason; G. B. Sweeney, president. Lt.-Col. F. W. McQueen, R.O.; treasurer, Robt. Inglis. The secretary will be appointed by the incoming executive, which will include a representative from each association.

For two weeks Pte. Frank Creswick, 65 Havelock street, has believed that his father was court-martialed and shot in Berlin, Germany, but yesterday was made glad by learning that a mistake had been made in names. Pte. Creswick, who is in the mechanical transport school, received word from his sister in London, Eng., that the unfortunate Englishman was named Crosby and that the two names had been confused.

An account of German atrocities that is startling is contained in a letter just received at Brantford from Sgt. K. Watson of the Princess Patricia's. He says: "In Vermicelle, a village just evacuated by the Germans, we came across the graves of soldiers killed in the shape of a cross. Unless one of our officers was present we would not have known what we have seen." British word prisoners, he says, have had their faces gouged by the Germans.
