Donald Fraser.

Surgeon,

C. Grant.

Assistant Surgeon,

Robert Ranken.

Paymaster,

John Hassard.

Cure for the Tooth Ache.

Wash your teeth night and morning, and rinse the mouth after every meal; masticate your food well, keep the head cool, and bathe your face in the morning, and before going to bed, in cool water.

A Golden Rule in Agriculture.

A practical husbandman of the highest authority assures us, that the golden rule of agriculture—to use such manures as will make heavy land lighter, and light land heavier, cold land hotter, and hot land colder—must never be lost sight of. He who knows and follows this rule, and he only is a farmer.

It is but little known, but it is nevertheless a fact, that a little tar rubbed on the necks of young lambs, or geese, will prevent the depredations of Foxes upon them, those animals having an unconquerable aversion to the smell of tar.—So says the Greenock Advertiser.
