

MAY NECESSITATE HEATLESS DAYS

Ontario Warned That Coal Consumption Greatly Exceeds Supply.

Fuel Commissioner Harrington has issued further warning that rigid conservation of soft coal must be practiced. Mr. Harrington says that, unless the utmost economy is observed, he will be compelled to regulate the temperature in large buildings and he may have to issue an order for heatless days.

At the present time a great deal more soft coal is being consumed in Ontario than is being received, and unless the United States authorities find their way clear to increase the present export to this country (about 40 cars for the province daily) on the resumption of work by the miners, the end of the supply on hand and the commencement of the hand-to-mouth process with a great shortage will be only a matter of time.

As a result of the lack of fuel the Canadian Pacific Railway Co. have been compelled to make a number of changes in their schedule and to take off several trains completely.

Change in Schedule.
Effective Wednesday, Dec. 10, train No. 721 leaving Toronto 9:15 a.m. for Buffalo, and train No. 772, due Toronto 1:46 p.m. from Buffalo, will operate to and from Hamilton only, daily except Sunday.
On and after Sunday next, Dec. 14, train No. 701, leaving Toronto 7:50 a.m., daily, except Sunday, will run daily.
Effective Jan. 1, train No. 9, "Trans-Canada," leaving Toronto 7:15 p.m., will be canceled. Last trip of the "Trans-Canada" from Toronto, and the last trip from Vancouver, will be Dec. 31.

Effective Jan. 4, train No. 27 to Sudbury and the Soo daily, except Saturday, and to Sudbury only on Saturdays, will not operate on Saturdays.
Train No. 38, leaving Toronto 8:00 a.m., and to Sudbury daily, will not operate from Sudbury on Sundays.

Train No. 36, leaving Toronto 9:05 a.m. on Sunday for Havelock, and train No. 38, due Toronto 6:00 p.m., from Havelock, will be canceled.

Train No. 602, leaving Toronto 5:10 p.m. for Tweed, and train No. 601, due 10:25 a.m. from Tweed, will run between Toronto and Havelock only.

WORLD'S DAILY BRAIN TEST

18 Minutes to Answer This.
No. 60.

Three lassies were selling apples at the Red Cross fair. When stocks were exhausted Martha had as much money as Mary and Jane together had, and Martha and Jane together had taken in twice as much as Mary.

In the picture they had started selling their apples at the prices shown, and it will be well to note that the girl selling at 3 for 5 cents had a stock of 15 apples.

Now, from these simple facts we are expected to tell which girl is Mary, which is Martha and which is Jane. Can you identify the girls by naming the one selling her apples for 2 cents apiece, the one selling for 3 cents and the one selling at 3 for 5 cents?

BLACK NET AND JET EVENING GOWN

The low round neck and very short sleeves of this black net and jet evening gown give it a decidedly youthful air, despite the heavy girle and bandings of sequins. And the girlish touch is added by the tulle sash. For the black evening gown, which every young matron feels she must possess, it is an ideal model.

MRS. O'CONNOR DIES

Wife of Lawrence O'Connor, Seven Times Mayor of Sudbury, Joins Great Majority.

Many in Toronto will learn with sympathy of the death of Mrs. O'Connor, wife of Lawrence O'Connor of Sudbury. She was as widely esteemed in the north country as her husband, who for a generation served as member of the municipal council and was seven times elected mayor by acclamation. Mrs. O'Connor's maiden name was Vesey, her father being a farmer between Stayner and Collingwood. Mr. and Mrs. O'Connor were married in 1886 soon after Mr. O'Connor first went to Drury Mines near Algoma Mills, with his uncle, P. J. Loughlin, now resident in West Toronto. A brother, also widely known, Dan O'Connor of Timagami, about the same time went north and did much to make the new country known in old Ontario and the United States.

GUM—JUST GUM.

THE latest dope on the Reform League is that the dry halo-mongers are some busy tryin' to oppress the 'as and cawfee evil, and dashed if they ain't formin' a anti-chickie league, just what I've took to 'gum-chewin', and find it satisfyin'.

Gum! There ain't nothin' like it for excitement, and apart from a enjoyment it has its benefits, like keepin' your jaws disciplined and cleanin' your porcelains.

One little, chaste chickie has often made for me a larger evening than any stiff ever had playin' golf, watchin' a planer recital or a primer-donner sing. Gee! With a piece of 'gum, I bet I could bust into verse—not the old stuff

like June and moon-rhymes, but classy, hyphenated vers libre. Pipe this:

I am sitting here;
I am busy chewing;
I am busy chewing;
It is elastic.
It is flexible.

Do you chew gum?
It is cheap—
Cheaper than other dissipations,
And gives one a pose.

There ain't no question of style. Mediocre? Well, maybe; but everybody's doin' it. And I'm young. But leave it to my staff before many suns rise—unless the anti-jog league works faster than any founthin' pen.

SOCIETY

Conducted by Mrs. Edmund Phillips.

Mrs. Frederick Gooch gave a tea yesterday afternoon to introduce her daughter, Miss Mildred Gooch, when the debutante looked very pretty in a dress of cherry colored velvet brocade with a corsage bouquet of violets and red roses. The hostess wore a grey, purple and silver gown with beautiful diamond pendant, and a bouquet of Sweetheart roses. The beautiful drawing-rooms were lighted with many candles, and the polished table in the dining-room was arranged with a Cluny lace cloth and a silver branching stand in the centre, filled with pink roses and stelia, the candles in silver sticks being shaded with pink. You Wouldn't Give Your Child Eight Eggs a Day

NO CHILD could digest them. No child could absorb the nourishment they contain. And in these days of sky-high prices no one could afford such fare. But you can give your child just as much real nourishment—every day in the week.

A quart of Farmers' Dairy Milk contains as much body-building protein and food value as 8 eggs! Or as much as a pound of sirloin steak, or 2 lbs. of chicken, or 3/4 lb. of bacon.

And this better, more nourishing, more wholesome food costs less than 16 cents a day.

Ask your family doctor. He'll tell you that milk is "balanced" food—doesn't overtax the stomach—keeps the brain clear, the skin fresh, the eyes bright. It makes children healthy and happy.

Don't try to make a pint of milk do the duty of a quart. Doctors and food experts the world over say every growing child NEEDS at least a quart a day.

Give it to the kiddies at every meal—morning, noon and evening. On cereals, in puddings, in creamed vegetables, as a beverage—as an in-between-meals drink, too.

Be SURE to get Farmers' Dairy Milk, too. Fresh from the countryside. Rich in nourishing butterfat. Made SAFE by scientific pasteurization in the Wonder Dairy of America.
