

An influx of country people to-day coming to town for over Thanksgiving.

We hope for a chance to show them our Furs. But some won't know just what to do with every fur store in town claiming the "best assortments at the lowest prices." It comes down to a question of faith in the dealer and being careful who you buy from.

This store has been conspicuously faithful for years. The business has grown through deserving to grow. Nothing has come by chance.

As a matter of fact few stores know the fur business in all its ramifications, and fewer yet provide the protection that you are entitled to.

NOVELTIES IN FUR STYLES

It will pay you to buy Dineen Furs, because our styles are correct and distinctive. Our most popular models are adapted to Canadian taste and requirements, and have been much admired. Our customers have the comfortable feeling that they are wearing the best furs that money can buy.

THE DINEEN GUARANTEE

We guarantee all our furs to be the best in their respective grades, and exactly as represented by us. Ordinary dealers cannot guarantee their furs because they do not know them. Very often they buy imitations and poor qualities because they are cheaper. Furs may be manipulated to represent costly kinds in a way that you cannot discover by the closest examination. The only safe way is to buy from a house you know to be absolutely reliable and that doesn't play tricks.

DINEEN HATS

A wide range of just the styles you want for Thanksgiving—fine texture, glossy deep black and qualities that mean perfection. We get the best in all the wanted grades and offer

under the best selling conditions we ever knew. The Dineen label in a hat is a guarantee of excellence and more people are wearing them than ever before.

REPORT OF MOLSONS BANK VERY SATISFACTORY YEAR

Business Increases, and \$500,000 New Stock Will Be Issued to Shareholders.

Montreal, Oct. 16.—The fifty-first annual general meeting of the Molsons Bank was held in the Board Room of that institution at 3 o'clock yesterday afternoon. The president, Wm. Molson Macpherson, occupied the chair.

Report of Directors.
The general manager, James Elliot, read the annual report of the directors for the year ending Sept. 29, 1906. The business of the bank, it was noted by the president, has been prosperous and shows a steady growth. The profits for the year, after providing for bad and doubtful debts, amount to \$424,684, which, together with \$1,117,839 brought over from last year, have been appropriated: to payment of four quarterly dividends of 1 1/2 per cent. each; to business taxes, \$12,706.49; to officers' pension fund, \$10,000; and to expenditure on bank premises at branches, \$115,389.56, leaving at credit profit and loss \$36,987.23. Since our last meeting eight branches have been opened in Ontario and Quebec at points which seemed to offer business advantages, or to protect our existing interests, and at Edmonton, Alberta, it was thought advisable to establish one in view of the prospect of great increase of population and wealth in that district. All the branches have been, as usual, carefully inspected, and the officers of the bank have faithfully discharged their duties.

OFF TO TORONTO TO BUY FALL SUITS AND FURS

Every train brings holiday visitors to Toronto. Most of them will do their fall buying of Suits, Coats and Furs while here. We wish to emphasize the importance of our store. It is only fair self-appreciation to say that we have a genius for putting a smart, attractive, aristocratic stamp of STYLE into our garments, whether of fur or cloth. We do so abhor the "skimping" and pinching process of making up furs with a fair outside but full of hidden faults, that we go to the other extreme of giving extra QUALITY. Search as you may, from store to store, the permanent sense of satisfaction and comfort found only in serviceable and attractive apparel is to be found by purchasing here. You are asked to look around freely. Only buy if you feel like it.

The President's Address.
The president, in his address, said: "The result of our year's work carries the assurance of most satisfactory conditions and of expanding business. The statement, which has been submitted to you, is, I think, a gratifying one."
"Banks are providing capital and means of expansion, and building up business in all parts of the country." The general conditions of the country were touched upon, and, in conclusion, the president said:
"As you will see by the bank's statement to 29th ult., its business continues to increase. Your directors therefore ask your assent to a further issue of new stock, say \$500,000, at such time (perhaps soon) as they think advisable. They feel that the funds can be employed safely as calls are made, in same manner as in former issues."
Discussion on the Report.
J. W. Molson: What is the idea of the directors as to the premium at which the new stock shall be issued? Have they taken it into consideration?
The President: We have considered that the proper price would be 200. This is rather over what the former issue was made at; it was 180.
A. G. Watson: The very fact of the statement showing that we are only \$5000 worse off in profit and loss than we were last year, after allowing \$115,000 for bank premises at branches and pension fund, is, I think, very gratifying to every shareholder, small or large. I am quite pleased to give my vote to the officers' fund.
H. Markland Molson: Our rest stands at 100 per cent of the capital; and the issue is in proportion of rest to capital. The stock is selling at 223 to 225, and the new stock will be at 200.
The Vice-President: It will be one share in six.
The General Manager: Some years ago the capital was authorized to be increased to \$5,000,000, and when getting the assent of the shareholders to that application to parliament, we were last year, after allowing \$115,000 for bank premises at branches, at a time, but the directors promised that it would not be issued without getting the assent of the shareholders, and

YORK COUNTY AND SUBURBS

HOGATE'S HORSE SALE GOOD PRICES REALIZED

Clyde Fillies Sell the Best—Only a Few Shires Sold—Stallions Cheaper.

The sale of J. B. Hogate's registered Clyde and Shire fillies and stallions, as advertised in The World, came off successfully yesterday. A large tent had been erected beside the barns, and a fair crowd of horse-lovers and breeders were present. The fillies were just out from Scotland, and they must have had a quiet trip, as none of them showed any signs of hardships. They were not fat and fed for sale purposes, but they were in an ordinary fair condition. Some really choice future prize-winners were sold at living prices. As one retired farmer said, any man could make money with such animals. The highest-priced filly was Lady Fashion, a Clydesdale filly, by Royal Fashion, at \$1250. She was secured by E. Parlow of Montreal. The Shires came close upon this figure in Tarnace Flower, a 3-year-old, purchased by E. Brown of Montreal at \$250.

An extra fine team of 3-year-old Clydes, well matched, sold for \$750. These auctioneers took turns in the selling, and the best of good feeling prevailed throughout the sale. The ring was crowded, and it was lucky there were no more spectators, as they would have had to stand behind. Many local buyers were present, and it is a good sign to see these really choice brood mares going into our Ontario stables. The prices for horses of the past year warrant our farmers in stocking up with these good ones when they can secure them at such figures. Mr. Hogate thanked the crowd at the conclusion of the sale, and announced another sale of fillies about Dec. 20.

The following were the prices paid, and the purchasers:

Anniversary services will be held next Sunday at the Presbyterian Church. Rev. Dr. Briggs will preach in the morning, and the pastor, Rev. D. C. Thomas, in the evening. The following Tuesday evening an illustrated lecture on Scotland will be given by Rev. A. L. Geggie of Parkdale.

At the meeting of the Deer Park Public Library Board, ways and means were discussed to augment the number of books for the library. It was decided to hold an entertainment, and use the proceeds towards the purchase of new books. The board also considered that a light on St. Clair-avenue, leading to the library, would be of great benefit to the public, and a petition will be presented to the township council.

Wychwood.
Instead of each of the three churches holding Thanksgiving services, the congregations combined, and the services will be held at the Presbyterian Church. Rev. D. Dick of the Church of Christ will conduct the service, and Rev. Mr. Dinick of Zion Methodist Church will preach.

North Toronto.
T. A. Gibson presided at the Young People's Society meeting of the Anglican Presbyterian Church, at which papers on Africa were contributed by Messrs. Kyles, Urquhart and Miss Nisbet. A program of music was also rendered.

John Subbarat complained several times to Chief Morris that his orchard is getting rifled, and the chief yesterday caught half a dozen boys in the trees. They will see Magistrate Ellis on Friday.
The second of the season's entertainments, in connection with the St. Clement's Literary and Musical Society, was held last night in the schoolroom. The paper read by F. G. Bowers, M. A., dealt with the coming of the English to Britain. The musical program was an exceptionally well-selected one, and those who took part in it were the Misses Ivy Atkins, Boutbee, Grundy, Hill, Calhoun, Hyman and Heath, Mrs. Heath and M. A. N. Langstreet.
