HAMILTON HAPPENINGS
COMMITTEES WIND UP YEAR
SHOCK FOR SEWER BOARD

Demand of All Employes for More Pay—Runaway Girl Arrested in Chicago.

Hamilton, Dec. 21.—(Special.)—Several of the civic committees held their final sessions of the year this evening. The Philip Carey Co. was given permission from the board of works to close Trolley-street between the T. H. and R. spur line, and the northern division of the G.T.R. The Western Ontario municipalities power union taxed the board \$14 as its share of the expense in connection with the educational campaign for the power scheme and the aldermen paid, saying that it was money well spent. The board had an appropriation of \$7,000 and spent \$103,000.

The harbor and beach committee wound up with a small surplus. It was agreed that the north side who sold their cottages on the beach to the Toronto and Niagara Power Commission be excused from paying rental to the city. S. Alfred Jones asked for concessions for a client who wishes to establish a figure 8 and other amusements of that kind on the beach. Before the concession was granted he will be asked for more particulars.

The members of the sewers committee got a little shock when they met late last night by a petition from all the sewage disposal works hands for more pay. C. Leckie asked for an advance from \$2.44 to \$2.45 a day. J. Hodgson for an increase from \$2.19 to \$2.50 and the nine firemen and laborers for a boost from \$1.50 to \$2 a day. The matter was referred to next year's council.

Death of Mrs. Pearce.
Mrs. Victoria A. Pearce, wife of Fred A. Pearce, 222 West King-street, of the custom house, died this afternoon at the age of 72 years.

Stewart Gives a Talk.
A smoking concert was held at the Twentieth Century Club this evening. Aid. Stewart, the Conservative candidate for mayor, made a short speech. He expressed himself as being opposed to allowing the railway to use the park, and against any concessions to the Niagara Power Company. He had opposed the perpetual franchise granted to the company on East King street in connection with the terminal station project. The street railway was the biggest wolf of a company that he knew of. It was in possession of a franchise that would be worth \$400,000 in a few years, and yet it had the cheek to ask for concessions.
