**BLOCKING INDIVIDUAL ATTEMPTS TO REGULATE RAILWAY CHARGES** 

Ottawa, Jan. 24.-(Special.)-In the railway committee this morning, Col. Billy Moore of Toronto appeared as attorney for Mackenzie & Mann, and presented the case of the Canadian Northern in advocating house bill No. 25, "respecting the Qu'Appelle, Long Lake & Saskatchewan Railroad & Steamboat Co." The object of the act is to validate and confirm the bargain made in 48 hours by Mackenzie & Mann, whereby the good route with the good land that accompanies it got away from the C.P.R and landed in the mitt of the C.N.R.

Nobody seemed to have any spite at the bill itself, but Mr. Mc-Craney (Saskatchewan) moved an amendment that the passenger fares on the road be limited to three cents per mile. He was supported by Messrs. Adamson and Turiff and generally by members from the west. A. K. McLean (Liberal-Nova Scotia) opposed the proposition, as did Col. Tisdale (Norfolk), Mr. Henderson (Halton) and Dan Derbyshire (Brockville).

Mr. Emmerson asked that no action be taken. The subject of passenger fares was a large one, and should be dealt with by general legislation. He intimated that Judge Killam of the railway board had been studying the question. It was the duty of the board to fix passenger rates. Unfortunately the board had been too busy.

The government showed its hand to-day. The plan is to conduct the Maclean railway bills to the chambers of the railway board, smother them softly, and let the bodies be forgotten

If the money be really required for bonafide construction and expansion, well and good. No objection can be taken to any reasonable application of that nature. But the new act should
