## ROB CHINESE RESTAURANTS.

Watertown Men Arrested at Kingston Yesterday.

KINGSTON, Nov. 5.—(Special.)—A sensational arrest was made this morning when Dan A. Wilcox, a sports young man from Watertown, was arrested just as he was trying to beat his way out of town on the Kingston and Pembroke train.

The young man is charged with the theft of \$30 or \$35 from the two Chinese restaurants in the city. About ten days ago he got into a restaurant on King-street and stole about \$14.

This morning at 9:30 he tried to force the till of the Princess-street restaurant, but was surprised in the act by a waiter. The young man, however, was not caught napping and got out of the door in quick style with the Chinese at his heels. Not only did he get away, but he managed to conceal himself so well that the police, who were called in, were stuck for some time.

The police men were stationed at every place where a getaway could be accomplished. At 12:30 he made a determined attempt to get away by heading it out of the R. C. and P. Railway. This was doomed to failure and C. C. Mullinger and Arnel had him inside the cells a moment later.

## PLAIN TALK FROM THE DOCTOR

A prominent physician, famous for his success in the treatment of kidney and bladder troubles, states that the following prescription is due a great deal of his success:

One ounce fluid extract dandelion.

One ounce compound salutarina.

Four ounces compound syrup sarsaparilla.

Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water.

This mixture will, he says, positively cure any diseases arising from weak, clogged or inactive kidneys, and will assist these organs to cleanse the blood of the poisonous waste matter and acids, which, if allowed to remain, cause lumbago, lame back, rheumatism, and all the other ailments which result from the kidneys being out of order.

The ingredients, which are purely vegetable and entirely harmless, can be procured from any good druggist and mixed at home at very little cost.

This advice will undoubtedly be much appreciated by many readers.

## PRESBYTERY'S BUSY DAY QUEEN ST. LOSES PASTOR

Call to Rev. Mr. Lee Not Sustained—New System for Filling Vacant Charges.

The Presbytery of Toronto were in session yesterday. The moderator, Rev. William McKay of Milton, was chairman.

Dr. Somerville submitted a plan for the settlement of vacant charges, of which the principal idea was the appointment of a central committee appointed by the general assembly to receive names of ministers out of charges who wish settlement in charges and all ministers in charge who desire a change.

A presbytery of supply should act with the session of vacant charges to select and invite the ministers who are deemed suitable to preach there with a view to a change.

In view of the strong appeal made by the representatives of Fairbank and Fisherville congregations, that the Rev. J. M. Whitehead be continued as their minister, Mr. Whitehead declined the call to East Normanton and Bethesda.

The presbytery agreed to grant an application from 38 Christian Finlanders who have been worshipping in the Dutchess-street Mission Hall, for recognition as a mission congregation. They will be placed under the care of Knox Church Session.

A call from the Morningstar congregation to the Rev. J. B. Hall of Rockwood was sustained. The stipend is \$900, a free manse and four weeks' annual vacation. Provisional arrangement was made for Mr. Hall's induction, should he accept, and four of his former class-mates were appointed to conduct the service.

Rev. W. T. McKay, who presided; Rev. R. T. Cameron of Georgetown will preach; Rev. A. H. McPherson of Knox Church, Toronto, will address the minister and Rev. G. A. Paalen will address the people. The presbytery agreed to the translation of the Rev. J. B. Hall from Knox Church, Scarborough, to St. Andrew's Church, Fergus, on Nov. 17. Rev. McArthur will declare the pulpit vacant.

In view of the brief term of the Rev. W. G. Lee's pastorate at Waterloo the presbytery did not sustain the call to East Queen-street Church, Toronto.

The presbytery agreed to accept the resignation of Rev. J. C. Boyd of Sutton West, on account of ill-health.

Mr. Parkinson addressed the presbytery upon the layman's missionary movement and a mass meeting will be held in Old St. Andrew's Church, Jarvis-street, on the 19th inst.

## SPARK CAUSED BIG LOSS.

Evidence as to Cause of Fire in the Gillespie Limit.

Hon. A. J. Matheson will visit the meeting of the National Tax Society to be held at Columbus, Ohio, on 12th and 15th insts. Prof. Shortt of Kingston will also be present, and will contribute a paper on the "Taxation of Public Service Companies."

The society consists of representatives of universities and practical administrators of states and provinces and tax laws. The formation of a new class of members will contribute to the society's work.

Mr. F. E. Luke, oculist specialist, has opened new parlors at 11 West King-street. The new parlors are the best known oculists from the Atlantic to the Pacific, having been in the business for the last fifteen years. His new parlors are situated on the ground floor and are wholly remodelled, redecorated and refurnished. The outstanding colors are green and white, these colors being chosen as they are the best suited for patients whose eyesight is defective. At the rear of the main office is a smaller office, with modern appointments.

Mr. Luke showed the caller some new eyes he had just got in. These are called the "new eyes," and are much superior to the older shell eyes. They are so made that the user can wear them with not only perfect comfort but without fear of detection. The inner surface is very soft, and for this reason the eyes do not press upon the ball when they are in use.

Customers come from Newfoundland, New Brunswick, Manitoba and all over the continent to see him, and he is often consulted in serious cases by fellow oculists. Hearing aids for the deaf, opera-glasses, field and magnifying glasses, compasses—and an exceptionally fine line of compasses they are, too, specially adapted for miners and hunters—and fountain pens are carried in stock all the time. Mr. Luke has an assistant who is an expert in the examining of eyes. The office is on King-street, just five doors west of Yonge, on the south side.
