SHORT ROUTE TO NEW ONTARIO. Toronto has been patiently awaiting the construction of a reliver, thet will other the states are magnificant, pro-the construction of a reliver, thet will other the states are stated by the states of Manchester was again magnification in the shape of lumber, spruce, nickel, in the shape of lumber, spruce, nickel, in the shape of lumber, spruce, nickel, the shape of lumber, spruce, nickel, copper and other raw materials. The billion dollar steel trust has acquired, or will ac-guire, the Sydney plant. It is understood invend visiting Sydney this summer. There will be little comfort in seeing their rivals in possession of such a magnificant, pro-Justice Bingham, remarking that the form

E TO NEW ONTARIO. will be little comfort in seeing their rivits en patiently awaiting the a railway that will give a perty. The visit, however, may open their comparison of such a magnificant pro-that there was a lady in the case, appealed to him very strongly, granted the postaction of a railway that will give a perty. The visit, however, may open their short and direct connection with Sudbury eyes. They may be able to grasp the fact ponement.

and New Ontario. The C.P.R. has project- that as far as forest and mineral resources, ed such a line, and it is represented on the at least, are concerned, Canada is the maps in its time-tables. The route there equal in every respect of the United outlined skirts along the east side of Geor- States, if not its superior. The future

built some day before long. In the mean- clates understand the immense possibilitime there is a proposition before the Legis- ties of Canada, and they are amazed at

still further reduced by the establishme of a fast Atlantic service and by the thence further south thru Fitzwilliam is- cperation of cable services under Govern ment control. Great Britain must make some radical move if she desires to retain

her commercial and industrial importance. She must enlarge her views and extend the field of her operations. The first thing where it would meet the Ontario Railway she should do is to practically annex Cansystem and give direct communication with ada, which she can do by establishing a Toronto. The west shore of Georgian Bay four day Atlantic service and taking a clearly affords the shortest route into New hand in the development of the natura

T. EATON CO.

FRIDAY BARGAINS. Did you ever notice a gardener prun-

way he lops off big branches and twigs you'd almost think he would ruin the tree or plant.

But come around later in the spring and see how healthy and beautiful it has become. The

gardener understood his business. Same way with this store. Our stocks must frequently undergo a pruning process. They are all the better for it when we get through. Just

now we are pruning them for spring. That's how many of these Friday Bargains come to

the surface for to-morrow. You can buy them with the understanding that we'll give you
