

COUNT HOHENZOLLERN IS GREATLY DEJECTED BY ALLIES' DEMAND

None Could Approach Him For Several Hours.

AGITATED FOR WHOLE DAY

Then Throws Himself Into His Wood-Sawing With Fearful Energy.

Amerongen, June 15.—(Correspondence of the Associated Press).—The former German Emperor displayed marked irritation after reading the clause of the peace treaty in which the Allies announced their intention of putting him on trial on charges of violation of international morality and of the sanctity of treaties. For several hours after he had read the clause no one at the castle of Amerongen had the courage to approach him. He sat in a chair before the main entrance to the castle entirely alone and apparently in deep thought while the former empress, Auguste Victoria, and the members of his suite walked in the park and occasionally glancing in his direction.

State of Agitation. Next day he seemed to be in a state of nervous agitation, for he frequently ceased his sawing and walked away, leaving those who assist him to continue the work alone. Later, however, he resumed with increased energy, so much so that one of his assistants was forced to take to his bed for some days in order to recover from a chill caught while perspiring at the other end of the saw. Subsequently the dull life at the castle resumed its ordinary dullness, and since the first display of annoyance, Count Hohenzollern has shown few signs being much affected by the conditions of the peace treaty.

The former emperor has seen his 4,000th log, and it is asserted by some of his retainers that he intends to bring the number up to 10,000. The logs which now form a large heap are placed in piles to dry in preparation for use as fuel in the castle next winter.

MILITARY RULE IS OBSTACLE TO PEACE AMONG THE KOREANS

Establishment of Civil Government Necessary.

HOW MASSACRE OCCURRED Gendarmerie Inflamed Young Troops With Exaggerated Story.

Tokio, June 10.—(Correspondence of the Associated Press).—That all aspects of military rule should be completely banished from Korea is the opinion of representative Japanese. They say, they say, can Japan hope to re-establish peace and order among the Korean people.

It is generally admitted here that the disaffection is not removed, but merely quiescent, ready to burst forth anew once the existing military pressure is removed.

Institution of a civilian Government and removal of the present gendarmerie police system are believed here to be necessary. The gendarmes are held responsible for cases of brutality and mistreatment, the soldiers being only responsible, it is declared, for the killing of Koreans in the Christian Church at Cheam-ni.

Massacre of People. In this case, says the Herald of Asia, a Japanese policeman had been murdered, and his body mutilated. The exaggerated story says the newspaper, and the young troops joined the gendarmes in a massacre of the people.

Once the gendarmerie method of policing the peninsula is removed, and the villages of Japan enjoy, the newspaper thinks the Koreans may see that their best interests lie in the peaceful acceptance of things as they are.

Responsible organs of opinion here favor making Korea an integral part of the Japanese Empire politically, as it already is territorially. Korea, they say, with a civil governor and proper representation in the Japanese Diet, is possible, the Koreans must pass through the necessary education and show themselves prepared for self-government.

NEW CLOTHING PLANT STARTS AT HENSALL HENSALL, July 10.—The annual Sunday school picnic of St. Paul's Church was held at Bayfield on Tuesday. There was a good attendance and a pleasant time.

The Jackson Clothing Company opened up their factory here this week and have a number of hands busy engaged operating their machines, run by hydro, and expect to have many more hands in the near future. This is one of Hensall's new industries.

The farmers in this section are well through with haying and the crop is a good one, and a number have already cut their fall wheat, which is also good. Garret Case, who recently arrived from overseas, is visiting relatives and friends in different parts.

Local Orangemen are making arrangements to attend the great celebration of the 12th to be held in Exeter on Saturday.

Andrew Wood, a former township of Uthorne boy, but now a prosperous farmer and rancher at High River, Alberta, is visiting John and Watson Wood, his cousins.

Church services will be held in Carmel Church Sunday at 11 a.m. and 7 p.m. The Rev. Mr. Tough is to supply for a month. The pastor, the Rev. Mr. McConnell, is now improving nicely. He was better some weeks ago, but in attempting to attend to some pastoral duties overcame his strength and suffered a relapse.

THE EAST AND WEST BROUGHT CLOSER TOGETHER. Western Canada and the Pacific Coast have now been brought within much quicker reach of the East by "The Trans-Canada" line, the new popular all-sleeping car train operated by the Canadian Pacific Railway from Toronto and Montreal to Vancouver. It makes the fastest time between terminals of any transcontinental train in America, leaving Toronto at 7:15 p.m. daily. Winnipeg is reached in 26 hours, Calgary in 30, Regina in 30, and Vancouver in 80. By this means a business day is saved—great convenience to the large number of business-men who travel between Eastern and Western Canada. Leaving Toronto on the evening of Monday, for instance, it is possible to spend a full business day in Winnipeg, and be back in Toronto by Friday afternoon. Tourists to the famous resorts of the Canadian Pacific at Banff, Lake Louise, Glacier, Vancouver and Victoria will also find this train particularly convenient. It consists of standard sleeping cars, dining car, and compartment observation car, and sleeping car passengers only are carried. Further particulars from Canadian Pacific ticket agents or W. B. Howard, district passenger agent, Toronto.
