roped off in front of the grand stand on the plaza. There will be special lighting arrangements on the top of the horticultural building, and there will be special spotlights to illuminate the carnival. The dance music will be provided by Thaviv's Band. This new feature will embody some of the elements of the French Mardi Gras, and the Exhibition management expect that it will make a real hit.

DRAYTON TIGHTENS STOCKS EMBARGO

(Continued From Page 1). Co., when asked last night to express an opinion on the announcement, said: "The intention is to tighten the strings, and the general hope is that, in view of the requirements of their investments by these considerations, I suppose there will continue to be a certain amount of speculation by Canadians in the New York market no matter what request is made, but at the same time it is to be hoped that this request will have a sympathetic response. Some months ago when Canadian brokers were asked to help in discouraging dealings in outside securities, the banks were requested to co-operate, but at that time I think that specific methods by which this end would be reached were not definitely arranged."

Another prominent member of the Toronto Stock Exchange said that it had been felt for some time that certain brokers, particularly in Montreal, had not been living up to the pledge given the minister of finance early in the year, and that stocks were being brought in from outside and dumped upon the market. This had been specially noticeable in the case of Brazilian stock.

A broker, head of a house which specializes in New York stocks, said that he didn't see that the instructions to the bankers would prevent orders being put through the banks here, for Toronto traders who deal in New York stocks on margin. It would not be strictly necessary to have such transactions put through the banks here, as cheques could be mailed to the New York house that acted as a correspondent and converted into New York funds there at the current rate of discount.

HANNA MAY YET BUY SHIPS FROM JAPANESE

(San Francisco, Sept. 9.—(Special).—It is believed here that the Canadian National Railways offered to buy from Japanese owners steamships sufficient to establish a fleet on the Pacific, between Canada and Asiatic ports and countries. A large portion of the best ships of Japan are now idle. It is believed the negotiations are still on.

It is estimated that vessels with an aggregate tonnage of more than 350,000 tons are lying idle in Kobe, Japan, because of the acute business depression. A number of Japanese shipping companies are reported to be in difficulties.

SAY CHURCH MUST PROVE PROFITEERING CHARGE

Ottawa, Sept. 9.—The Retail Merchants' Association of Canada is determined that Mayor T. L. Church, of Toronto, must "show up or shut up" regarding his allegations of profiteering in food and other necessities of life.

The mayor's evidence will be submitted to the Dominion board, and if his charges are proven the members declare that they will make every effort to have the names of the guilty parties made public.

"If no evidence can be produced, we will then ask the mayor to apologize to the members so charged," E. M. Trowen, general secretary of the board, declared.

VETERANS CENSURE MEIGHEN'S SPEECH

Shows Lack of Insight Into Causes of Unrest, They Declare.

J. Fred Marsh, provincial organizer of the G.A.U.V., at a meeting of central branch, G.A.U.V., last night took issue with the remarks made by Premier Meighen at Stirling some weeks ago, when the premier stated that all veterans with the exception of a few grumblers were now settled down happy and contented. "My answer to Premier Meighen," said Mr. Marsh, "is that there are over seventeen thousand paid-up grumblers in the city of Toronto alone, all members of the G.A.U.V., besides the majority of all veterans in Toronto and throughout the Dominion who are not yet re-established. We admit there are a few not re-established and claim that it is up to the men already re-established to help in the fight for those who are not."

Comrade James Higgins, the soldier-labor candidate for Northeast Toronto, also addressed the veterans. The meeting, which was an enthusiastic one, passed unanimous resolutions, condemning Premier Meighen for what was termed his lack of insight into the causes of the unrest prevalent in Canada, endorsing the candidacy of Comrade Higgins and commending the board of control of the city for its decision to endeavor with the co-operation of veterans and citizens to provide an old soldiers' home in Toronto.

CORK'S LORD MAYOR IS STILL CONSCIOUS

Numbness in His Limbs and Dizziness Is Said to Be Increasing.

London, Sept. 9.—Late tonight, Lord Mayor Macswiney of Cork was reported to be slightly feverish. The numbness in his limbs and the dizziness from which he suffered during the day were increasing, but the patient was still conscious.

WILL HOLD UP TRAIN SERVICE

Dublin, Sept. 9.—The entire tramway service in Dublin will be suspended for two hours tomorrow to enable the employees to march to a mass for Lord Mayor Macswiney.

Arthur Griffith, founder of the Sinn Fein, in a public statement today, repudiates the suggestion of Premier Lloyd George, that the charges against Terence MacSwiney related to murder and cited the actual findings of the court-martial. He denounces as infamous the suggestion that the previous lord mayor (MacCurtain) was killed by his friends, and challenges the premier to accept the proposal of the Bishop of Cork, to establish an impartial tribunal, at which evidence convicting government officials of the MacCurtain-murder would be produced.

NEW EARTHQUAKE SHOCK IS RECORDED

(Continued From Page 1). Inhabitants were afflicted perhaps to a greater degree because of the impossibility of providing for the outlying districts promptly.

Princess Yolanda, who is 19 years of age, and who was trained from babyhood to sympathize with and help those unhappy or in need of succor, proved almost as competent and practical as the queen herself in suggesting remedies and making lists of what was required over and above what had been brought in the automobiles.

Vienna, Sept. 9.—(By courier to Florence).—This city presents a more strongly than any other houses, pavements piled on each other, and a mixture of broken furniture, smashed glass and household treasures, as a result of Tuesday's earthquake. The arcade of the municipal building is standing, although the roof has collapsed. No vestige of road remains.

Amidst this scene of ruin, by a strange chance, almost the only building standing is a church with bell tower, while the house attached to the church was buried. The entire family of the postmaster, comprising eight persons, was buried in the ruins of the postoffice, with the exception of one youth.

The scene in the earth-shaken town recalled those of the Messina calamity more strongly than any other earthquake disaster since. One row of buildings was observed apparently intact. None of the outer walls had fallen, and in the windows curtains could be seen waving in the winds. A look within, however, revealed the roofs gone and the floors fallen in, even the beams having disappeared. Nothing was left inside but heaps of powdered remains of masonry. Just such a curious happening was the feature of the Messina disaster, when the facades of a row of splendid palaces were left intact, while everything inside was destroyed.

That the loss of life in Fivizziano not even greater was due to the fact that at the time the earthquake occurred the majority of the population, being peasants, already had left for the day's labor in the fields.

500 Dead, 20,000 Homeless. Rome, Sept. 9.—The Epoca estimates that the dead in the earthquake exceeded 500, and the homeless more than 20,000.

PROBE HOUSING PROBLEM.

Winnipeg, Sept. 9.—The Manitoba joint council of industry will investigate the housing situation in Winnipeg dealing not only with alleged profiteering in rents, but going into the whole housing problem, according to announcement today.

HAMILTON

Hamilton, Sept. 9.—The board of control gaped this afternoon when Herbie Barr read the account of Riddle Strad, Graham and Hutchinson, chartered accountants of Toronto, who were engaged by the civic gas committee to investigate the books of the United Gas and Fuel Company. It amounted to \$665. The account was sent on to the committee and an explanation demanded.

Business and pleasure were combined in the program for today of the Association of American Cemetery Superintendents, meeting in convention here. The delegates will go to Toronto tomorrow.

MEIGHEN, DRAYTON SPEAK AT KINGSTON

(Continued From Page 1). The taxes on implements today were about the same as had been in force 20 years ago. There has always been a tendency for all taxes to decrease as time went on, for the reason that people began to import lines of goods which were free, or which carried lower rates of duty. The situation, as it affected the farmers, was as good as they had under past governments.

Speaking of the policy of the government regarding changes in taxation, he said that it was the intention of the cabinet to get from the people the best means of making changes if changes were necessary, and for this purpose a commission was to visit the country and seek the advice of the people. He urged that all business men give the best advice possible to that commission to the end that whatever conclusions were reached they would be for the best interest of Canada.

Speaking of the reduction of rural population in Canada, the premier claimed that the figures showed that even while there had been a slight decrease the situation was not nearly so great as in other countries and that there was no need for alarm.

"The sales tax is a path untrodden by any other country in the world," said Premier Meighen. "Canada is the pioneer in this form of taxation. Then we have the luxury tax, which I am sure has curtailed extravagance. Then there is the tax on improved land, which is fundamentally a local matter. Are the general lines of the policy of the government sound? Are they not sound from the standpoint of argument and experience?"

"If the government goes down," said Premier Meighen, "it will be the gain of the controlling interests which had their birth in the west and which are led by T. A. Crerar and Mr. Woods, of Alberta, bringing back the principles of strain and five times by the people and brought back."

You have to decide between a destructive policy and a protective one. The William Ivens, the Thomas Rickardsons, who misrepresent labor in the country; that sort of representation will be found in the ranks of the opponents. I have faith in the sound thinking of the people of Canada today on whom the government of Canada depends and depends. If the government goes down then Canada will know that she has had the greatest fight, such as never been seen before."

Sir Henry Drayton spoke for only a few minutes. In touching on the taxation of the country today, he stated that the cost of preserving the liberty and freedom of Canada today was \$250,000,000 annually. "If the taxation today is approached in a sane and sound manner, then I have no doubt as to the success of the country. No load is too great for us to carry in furthering this Canada of ours and put it in the front rank, where it so justly belongs."

SUPPORT IN RETURN FOR ART TREASURES

Italy Said to Have Made a Secret Treaty With Austria.

Vienna, Sept. 9.—The Vienna Museum Association is demanding publication of a secret treaty alleged to have been made with Italy by Dr. Karl Renner, the foreign minister, for the delivery of a great number of art and historic treasures and manuscripts not included in the St. Germain treaty. Among the treasures is said to be the famous Cross of St. Theodore from the collection of bronze of the Duke of Este.

According to reports, Italy in return agreed to support Austria against the secession of Austrian states and on various questions before the allied commissions. It is understood here that the reparations commission is also inquiring into the existence of the alleged treaty, owing to the possibility of the agreement involving Austrian assets involved in the provisions of the St. Germain treaty.

B. C. RAILWAY CO. SHARES IN RISES

Railway Board Judgment Assistant Chief McLean Issues Statement.

Ottawa, Sept. 9.—(Canadian Press).—In view of the general increase in railway freight rates the railway commission in a judgment handed down today decline to take any special action in regard to the application of an Edmonton, Dunvegan and British Columbia Railway Company and the Central Canada Railway Company for a general increase in both freight and passenger rates. The board has decided that the proposed railway should be allowed to put in force the same increases as are outlined by the recent judgment for all railways coming within the jurisdiction of the board.

An interesting feature of the judgment is an expression of opinion by the railway board as to conditions under which increased rates should be authorized. "The burden of increased rates," says the judgment, "is one which should be imposed only when there is a thoroughly established justification therefor. At the same time, in the present application, as well as in the application launched by the railways for a general increase in rates, much material was submitted reinforcing what is a matter of common knowledge, namely, that in the period which has elapsed since 1914 railway costs of operation have practically doubled while rate increases have been much less."

ELECTRICAL STRIKE STILL LOOMING UP

Premier Drury Will Meet Representatives, Following Conference's Failure.

Conferences yesterday between union officials and company representatives failed to secure redress of the Mackenzie and Mann interests of the electrical workers' union. The union officials expressed their belief that they would take no action until the return on Wednesday next of Chief Minister Drury. The union officials expressed doubt as to whether or not their men can be re-organized from provincial jurisdiction. In a final effort to adjust matters, Premier Drury is to meet the representatives of the union tomorrow.

Following the refusal to take any action, which Manager Fleming expressed at the meeting, the union officials expressed their belief that they would take no action until the return on Wednesday next of Chief Minister Drury. The union officials expressed doubt as to whether or not their men can be re-organized from provincial jurisdiction. In a final effort to adjust matters, Premier Drury is to meet the representatives of the union tomorrow.

COX TO MEDDLE IN IRISH QUESTION

Butte, Mont., Sept. 9.—A definite pledge to "present the Irish cause" to the league of nations in event of his election, was made here tonight by Governor Cox of Ohio in closing his Montana campaign.

"It would be my duty," said the Democratic nominee, "and very quickly availed of, as a friend of peace, asserting the friendly right of any member of the league to present the Irish cause to the attention of the league under the authority given by article eleven and give to Ireland or any other aggrieved people the opportunity to plead their cause before the bar of civilized opinion."

The Irish question, Gov. Cox said, fitted the settlement of the peace between the English-speaking races. Reading article eleven of the league covenant, providing for consideration by the league council or assembly of any international whatever, "which threaten to disturb either the peace or the good understanding between nations," the governor said that under existing conditions the Irish question could not be presented to "the bar of public opinion."

"Under the league it can," he continued. "We have four times as many people of Gaelic blood in the United States as there are in Ireland, and so long as the Irish question is not settled in our domestic relations, but stand like granite between the strengthening hands of England and America, some conflict in America with the idea of world-wide co-operation between the English-speaking nations."

FLANDERS PG&T MEETING.

Flanders' Post, G.A.U.V., will meet in Moose Hall, Keel and Dundas, this evening to discuss the obtaining of new quarters for the branch and to hear J. Fred Marsh speak on the political situation as it affects the veterans.
