TO RAISE MONEY FOR KING'S DAUGHTERS' WORK

Beginning the first week in November the King's Daughters will hold a series of teas at the guild to increase the general funds of the society, which have become rather low as the result of the general attention that has been given to patriotic causes. This action was taken at the regular meeting of the order held yesterday afternoon. Mrs. Arthur Kir-

patrick, president of the order, who has been in England during the summer months, occupied the chair. The meeting was exceptionally well attended. Reports from the house committee, the spiritual committee and the hospital committee were heard with interest. The house committee's report showed that the transient patronage at the guild during the month of September was unusually heavy. It was decided to abandon the educational classes for the win-

ter on account of the poor attendance during the last two years. Other matters, chiefly of a routine nature, were also taken up at the meeting. The tea will be held for the next six months, and it is expected that they will prove attractive.

Bury Season.

The executive of the Playgrounds Association met in the Y. M. C. A. last evening with the president, W. B. Ten-

nant, in the chair. Gratifying reports were received from the girls' club and travelers' aid. It was reported that through the kindness of L. R. Ross framed cards, telling of the travelers' aid, had been placed in railway stations along the line of the Intercolonial railway in the province. It was reported that the association must raise a considerable sum of money to carry on the work of the boys' club

and girls' club and travelers' aid until May 1 next, and it was decided to endeavor to raise the necessary amount by subscription. The services of Miss Her-

cided to have a formal opening of the boys' club on Oct. 12. Mr. Bonk, physical director of the Y. M. C. A., and Mr. Gregg, boys' secretary, have kindly promised to do all in their power to aid in having the stand-

ard efficiency tests introduced in the boys' club and to provide a leader for at least two evenings per week. A fine programme has been arranged for the girls' club during the season and the work of the association will be carried on vigorously under the direction of a strong executive.
