You're going to buy a Hoosier Cabinet some day. Because—

It saves you miles of steps—

Over 800,000 are in use, and women are buying them as fast as they learn their value. This spring there is an extra demand, because women who have long been planning to buy a kitchen cabinet are buying now to escape summer fatigue, instead of waiting till fall.

You can sit down at your work in front of a Hoosier. All your kitchen needs are grouped scientifically in front of you, within easy reach. No stooping, stretching or trudging back and forth. Kitchen hours are cut in two. Afternoon freedom is yours instead of all-day drudgery.

See our novel Bride's Maid Window.

It gives you more service for the money than any labor-saving machine you can buy. This week, \$1 puts it in your home.
