CANADIAN WHEAT FIELDS AND THE WAR

(Times Special Correspondence)
London, Aug. 4—Canada is very much in the public eye in another connection.

If the public eye in another connection. If the public eye in another connection. If the public eye in another connection. alized before, how much Great Britain 2.000 BELGIANS SAIL depends on the wheatfields of the dominion for her food suuplies.

Just prior to the outbreak of hostilities some remarkable figures were published showing how much more important than men or money was the question of food. What the result of the conformal for London.

FROM MONTREAL.

ST. JOHN, N. B.

Trusses Like These Are A Crime

16 KING STREET

drawn so tight you can scarcely stand to keep them on.

They usually let you get worse all the time—that's why every year they are forcing thousands of people into undergoing operation.

They are simply a crime—squeeze the rupture, often causing strangulation—dig into the pelvic bone in front—press against the spinal column at the back—make life miserable for nearly everybody woh wears them.

make life miserable for nearly everybody who wears them.

The Plain Truth Is This

You can't possibly get well—can't even keep from getting worse—unless your rupture is constantly held in place. Just as a broken bone can't knit unless held securely together.

And just as a bandage or splint is the only way a broken bone can be held, so the right kind of truss is the only thing in the world that can keep a rupture from coming out and growing worse. You'll feel like a new person from the day you put on that kind of truss. But you know as well as we that you'll never find such a sure-to-hold truss at any drugstore.

Yet it's easy enough to get. And you can test it first—by sixty days trial—without having to risk a single cent.

It's so utterly different from everything else for rupture that it has received eighteen seperate patents.

Made on an entirely new principle Instantly and automatically protects you against every strain so your rupture cant' possibly be forced out. Self-regulating, self-adjusting. Far more just a truss.

In addition to constant holding it provides the only way ever discovered for overcoming the weakness which is the real cause of rupture.

Just how it does that—entirely automatically—and how it has thus completely cured hundreds and hundreds of people whose cases seemed almost hopeless—is all explained in the free book of the proper in the cluthe Truss of Cluthe Truss of Cluthe Truss or Cluthe Automatically—and how it has the completely cured hundreds and hundreds of people whose cases seemed almost hopeless—is all explained in the free book my completely cured hundreds and hundreds of people whose cases seemed almost hopeless—is all explained in the free book of the cluthe Truss does away with the cluther trust does a completely can be a completely can be a completely can be a completely can be a com

The Cluthe Truss does away with the jurse of belts, leg-straps, and springs. Thousands say it is as comfortable as their clothing. It is water-proof—will beld in the bath. Also personation-proof.

We don't ask you to trust to a mere

drugstore.

We'll make a Cluthe Automatic Massaging Truss especially for your casemake it to your measure—and let you try it sixty days—
We'll practically lend it to you that long just for a test.

If it doesn't keep your rupture from coming out or bothering you in any way, no matter how hard you work or strain—if it doesn't prove every claim we make—then you can send it back and it won't cost you a penny.

Special meeting Monday evening, Aug. 17 at 8 o'clock at hall, 35 Water street. Business of importance. All members requested to be present. By order of the president. 8-18.

An automobile on a trial trip turned a complete somersault on Saturday evening. E. T. Fields, an employe of the Ford Company, and Harry Sears were in the car at the time. Fields received severe injuries, including it is feared, a fractured skull and was taken to the hospital. Sears escaped with bad bruises and was taken to his home.

In the Cathedral yesterday morning Rev. Father Duke offered prayers for the destiny of the empire. He also announced that a message had been received from Bishop LeBianc, saying that he was in Paris on July 28 and the company of St. Martins. The body was taken to his home for burial. Deputy Chief Jenkins of this city, is an uncle.

"I do not statement as to the effects of the war on Canada. "I do not statement as to the effects of the war on Canada. "I do not statement as to the effects of the war on Canada. "I do not statement as to the effects of the war on Canada."

that he was in Paris on July 28 and would leave for New York about Aug-ust 18.

Signals flashed by night from Bauld mountain near Welsford have given rise to a suspicion that this might be some device of foreign spies. An investigation by Captain Powers of the signalling corp, with a staff of men on Saturday revealed the fact that it was merely a party of innocent surveyors. As a result of the incident signalling at night by private persons has been ordered stopped.

Gold!

There's lots of it—but generally too mixed with

Much the same with food value. The nourishment in many foods is in such form that it cannot be readily as-

Grape-Nuts is scientifically prepared from wheat and barley to present their rich nourishment in easily digest-

ible form. Long baking (about 20 hours) breaks down the starch cells - making it partially pre-digested and readily assimilable by the most delicate stomach.

WILL GO INTO

Country Able to Raise from Five to Eight Crops of Alfalfa

in a Year.

London, Aug. 15-Great Britain will soon have a new source of meat supply soon have a new source of meat supply in South Africa, in addition to that from the United States, Canada, Argentina and Australia. It will come through the South African Union, an organization having the backing of the farmers of that part of the empire. The country is able to raise from five to eight crops of alfalfa per annum, and the area can be enormously increased by irrigation. Blooded stock has been imported, and a party of farmers are now visiting England for the study of stock raising and, in particular, the handling of frozen meat.

meat.

The first of the new meat will be shipped to England next February. Whether the supply will do more than merely to meet the growing British demand is problematical. At any rate, it is not expected to influence the market price of meat to any extent for some

Foster Howe Found Dead. M. Foster Howe, a well known athlete, formerly a student at U. N. B., and also at Acadia, was found dead in the woods a few miles from St. Martins on Saturday. His body was found lying in about three feet of water in a pool in the Salmon river. Foster Howe was the third son of Mr. and Mrs. Frank Howe of Hilsdale, Kings County, and is survived by his father and mother, four brothers and five sisters. He was twen-

(Montreal Mail)

Sir William C. Van Horne before leaving for St. Andrews last evening made a concise statement as to the effects of the war on Canada. "I do not imagine any harm can come to Canada, and the longer it continues the better it will be for Canada and the United States. Our crop of wheat, oats and coarse grains will obtain prices that will more than recoup Canada for any outlay she may decide to make on behalf of our Empire."
