Ottawa, Jan. 22.—The No Temperance bill gave the government some uncomfortable hours in parliament today, and witnessed a substantial defeat by Mr. Borden's supporters. Some forty at times were united in a demand that Mr. Lancaster's bill declaring all marriages in Canada valid, and half a dozen of them voiced their view in the house.

The No Temperance bill is a declaration by the Roman Catholic church that a marriage of two Catholics or of a Catholic and a Protestant is not valid unless made before a priest of the Roman Catholic church.

The rule of the church has been declared by a judgment of the courts to be upheld by the civil law of the province of Quebec, and at least one marriage had been declared illegal.

Mr. Lancaster's bill sought to make a federal law which would override the ecclesiastical and civil law of Quebec.

Borden tried to shelve the question.

The Protestant members for Ontario were behind Mr. Lancaster. To avoid a dangerous loss of following, Premier Borden pleaded that there was a question of jurisdiction and of the authority of parliament to enact the law Mr. Lancaster proposed. To settle this he suggested that the bill should be referred to a committee to study the question.

The proposal to shelve the bill did not find favor with his followers.

Captain Tom Wallace, of Centre York, said: "I am in complete accord with Mr. Lancaster and shall vote accordingly."

W. F. MacLean, Col. Hugh Clarke and N. B. Northrup came forward with similar declarations.

Sir Wilfrid said that it would be better to leave the matter to be settled by the courts of Quebec on a case which was actually before them, and which would go to the privy council, than to accept Premier Borden's proposal and confuse a question and the decision by sending hypothetical questions to the same tribunal. He objected to closing the discussion by adjourning the debate, as Mr. Borden proposed, and said that the matter should go to a vote.

6 Majority to Shelve Bill.

Minority Borden's action to shelve the bill by adjourning the debate, carried by twenty-five, the vote being eighty-six to eighty-one.

Lancaster, Kidd, W. F. MacLean, Ed. Borden and Blain voted against his leadership.

Nationalists Navy Plan

Ottawa, Jan. 22.—A hint at the naval policy which the Nationalists element in government is now urging, and which, pending the present indications, will probably be adopted, is contained in a return sent to parliament this afternoon, and which was from Hon. F. D. Monk, last seen.

The leader of the Nationalists in the government last session placed considerable stress upon the production of this return which is a memorandum prepared in 1903 by the Nationalist defence committee, and which is a committee of the British privy council.

Through the recommendations contained therein are more than fifteen years the object of the minister is evidently to give the government the policy which the Nationalists have already hinted at and are prepared to support.

Anti-Defence Only.

It is a policy practically of coast defence. A naval defence policy without a navy, and with all the money spent there to be expended in Canada and over Canada should always have been a fallacy.

It is in line with the ultimate goal of the Nationalists.

**WHAT MAKES
YOU TIRED**

**Tired That Even Sleep Fails to
Restore****Are Poisons in the Blood That
Can be Removed by
DR. CHASE'S
KIDNEY-LIVER PILLS**

Do you get tired? That is only natural. When you work with brain or muscle when you are not restored by a good sleep there is something wrong. The process of living is something like burning of a fire. When the nerves are consumed by the activity of life work there is a fire in the system in the form of poisonous waste matter. These poisons in the system cause a tired and give rise to feelings of fatigue. Nothing will so quickly sweep these poisons from the system as Dr. Chase's Kidney-Liver Pills. The liver is quick in action, the bowels move regularly, the kidneys take on new vigor and vitality.

The blood is purified, the waste matter has been cleaned and the system of digestion is restored. Headaches and backaches disappear, the appetite is sharpened, digestion improves and life is in every way.

Simple box of Dr. Chase's Kidney-Liver Pills at a cost of twenty-five cents. Convictive you of the promptness and safety with which this great medicine cleanses the filtering and excretory organs, restores to health and vigor the whole system. One pill a dose, 25c. at all drug stores or by mail from Dr. Chase, Limited, Toronto.

**NERVOUSNESS
AND DYSPESIA****Cured by "Fruit-Lives" the Great
Fruit Medicine**

In Nervous Dyspepsia, the Dyspepsia does not come from the Nervousness, but the latter trouble does come from the Dyspepsia.

The stomach is a network of nerves. Now if all these nerves are irritated by improper food, hasty eating, or poisoned by gases from the constipated bowels, then they will make one nervous.

"Fruit-Lives" cures both the Nervousness and the Dyspepsia because "Fruit-Lives" cures all stomach troubles, keeps the stomach sweet and clean, and enables you to eat and sleep as you did when a child.

practical national independence and anti-imperialism of the Nationalists.

That it is now being seriously considered by the government as a substitute for the policy of a Canadian navy in co-operation with the imperial navy, for which the late government stood, there is good reason to believe.

The report, in question, deals principally with the problem of imperial naval defence from the standpoint of the protection of ports throughout the empire from sudden raids by cruisers of an enemy's fleet.

The imperial committee of 1895 intimates that the colonies would be justified in providing for the local defence of ports, strategic or commercial importance. In a general way, it is stated that with a sufficient land force and with proper guns on shore the local governments would be able to deal effectively with any predatory raids and prevent any permanent occupation.

The great advantage that shore guns have over those on ships is pointed out, and it is further stated that unarmored and lightly armored vessels are especially at a disadvantage in fighting shore batteries mounting even light artillery.

Monk's Attitude.

Mr. Monk, in the course of his speech at the opening of the session, last November, gave a hint at the adoption of a policy of coast defence as compared with the policy of sea defence as proposed by the late government.

When he said that he had learned much about the problem by a visit to the American coast defence works at Fort Monroe, he added that he would elucidate this view further at a later date.

Mr. Bourassa, in Le Devoir, has also advocated a policy of coast defence in preference to the navy as a first step for Canada.

It may be pointed out, however, that such a policy will not help in any large measure Great Britain to bear the burden of maintaining supremacy on the seas and should, therefore, be a compromise on the part of the Liberal members of parliament or a large proportion of Mr. Borden's supporters.

Ottawa, Jan. 22.—Hon. Sam. Hughes, it is announced, intends adopting the Ross Sea as the national area to be used in the dominion military.

MONTEGLOTT & T. P. WORK

(Montreal Gazette.)

James H. Corbett, who is now at the Windsor, has just completed a fifty-mile section of the Transcontinental railway.

Mr. Corbett took a contract from the Pittsburgh Schwanitz Company to build a coal road thirty-six miles in length, and, although a short line, the work was perhaps the most difficult ever undertaken in this district. The cost of the thirty-six miles was \$1,000,000, and the time spent in its construction was about two years.

There are six tunnels on the line. While the cost of the thirty-six miles was \$1,000,000, the cost of the twenty-two miles of the Transcontinental at Montreal, has also been a contract for the erection of a round house, machine shop and other buildings for the Grand Trunk Pacific at that point.

A spade with one edge sharpened and turned up at a right angle has been found by a Wisconsin man for trimming nails and gutters.

The militia by resorting to their bayonets were able to keep the strikers away from the mill, but it was feared that unless reinforced they were sent the 600 militiamen would not be able to maintain order. One thousand additional men were asked for.

**CITY MAP TO BE

City—The Boom Time**

The real estate men are doing things. As the adjourned meeting held yesterday afternoon at the office of James Stratton, after hearing the report of a committee composed of Mr. Stratton, R. H. Bruce and L. P. D. Tilley, a resolution was adopted authorizing G. G. Murdoch to go ahead with the preparation of a map of St. John and its environs, taking in Lancaster to South Bay, north of the city to Drury Cove, and east to Little River. It was thought the completion of this map would take several months, but Mr. Murdoch has put three men at work on it, working night and day, and it will be ready by the first of March.

D. F. Pidgeon submitted a rough draft of a folder to advertise St. John and its environs, which will be a most effective means of telling people about St. John and its development.

Mr. Murdoch said incidentally that more land had been subdivided into building lots in the last week than for a hundred years before. The real estate movement is gaining force every day.

Another meeting will be held in two weeks, to consider further action by the real estate men.

**A GOOD YEAR IN MAIN
STREET BAPTIST CHURCH**

Annual Meeting Hears of Increased Membership—The Election of Officers—Statement of Finances

The annual meeting of the members of the Main Street Baptist church took place last night. There was a very large attendance and the reports of the various departments showed that the work of the church is in a flourishing condition. The report of the pastor, Rev. Dr. Hutchinson, showed that there had been considerable increase in the church membership during the year.

The treasurer's report was read by W. H. White and showed that the total receipts were \$3,522.14, the expenditures \$2,308.84, and the balance on hand was \$1,213.30. About \$1,783.31 had been raised for missions. The clerk, F. E. Flewelling, read his report, and the report of the deacons was presented by L. H. Thorne. E. O. Elkin read the report of the trustees, which showed that the property of the church was in good condition.

Peter McIntyre reported on the finances of the trustees. \$1,007.33 was received, \$806.41 was expended, and the balance on hand is \$200.92.

Allen A. McIntyre reported that the officers elected for the Sunday school had assumed their duties, and the school had a balance on hand of \$29.92. Mrs. F. E. Flewelling and Mrs. W. A. T. Thorne read the reports of the Women's Missionary Society. \$179.90 had been raised for missions by this society. Mrs. F. D. Hoffmann reported that the Mission Band had raised \$85 for missions. The Young Ladies' Aid Society was reported as being very active. The report of the finance committee was submitted by Allen A. McIntyre.

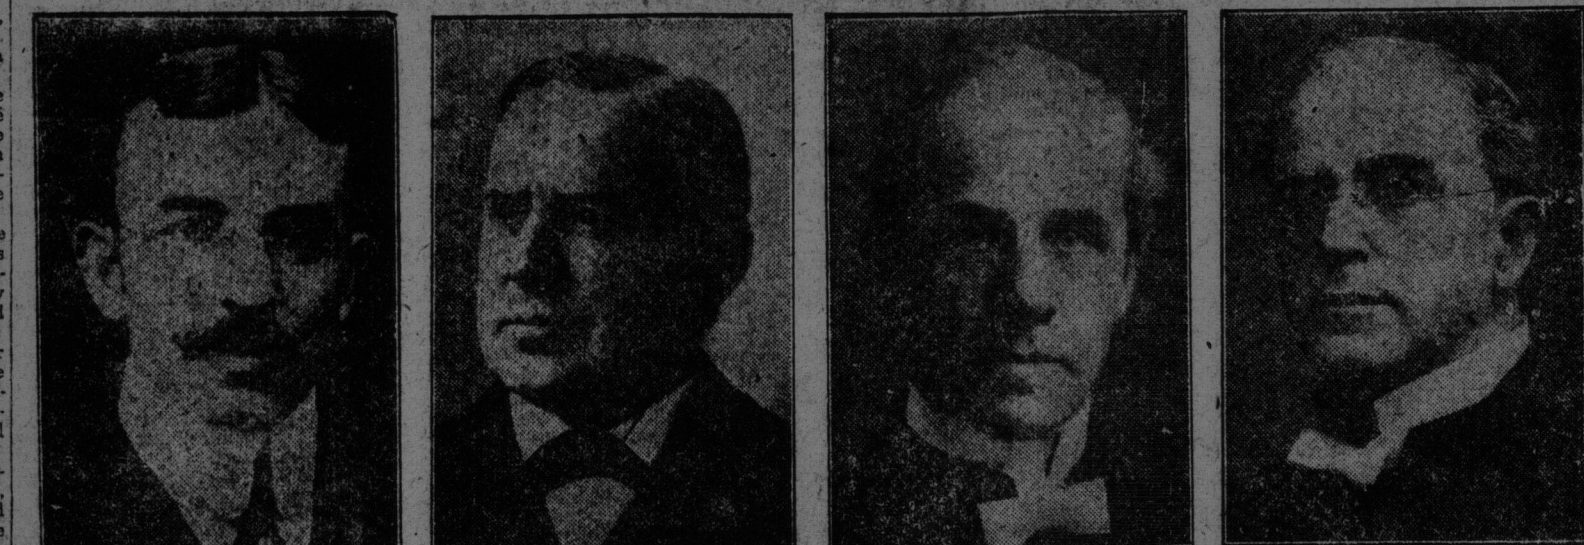

The officers for the year were elected as follows: F. E. Flewelling, clerk; W. H. White, treasurer; William Heathfield, general secretary; F. E. Flewelling, deacons; W. G. Estabrook, L. H. Thorne and W. J. McAlary were re-elected deacons. The music committee is made up as follows: W. G. Estabrook, W. H. White, Allen A. McIntyre, W. H. White, and W. V. Chase.

The finance committee was selected as follows: R. C. Elkin, W. H. White, R. M. Thorne, W. G. Estabrook, J. R. McKinnon, W. J. McAlary, Allen A. McIntyre, W. H. White, W. V. Chase, Peter McIntyre, George W. Allen, Fred Miller, W. B. Roberts, M. D. A. Niles, F. E. Flewelling, L. H. Thorne, E. M. Sprague, E. M. Sippell, F. E. Marvin, W. A. Erb, and Allen A. McIntyre.

GUESTS OF MR. MAYES

Members of the St. John Choral Society to the number of 135 were the guests of G. H. Mayes at a supper last night at Bond's. Mr. Mayes presided and among those present were His Worship Mayor Fink and Mrs. Fink, Mr. Justice McKinnon and Mrs. McKinnon, Rev. H. A. Cady and Mrs. Cady, Rev. G. F. Scott and Mrs. Scott, Frank B. Ellis and Mrs. Ellis. During the evening Mr. Mayes announced that the society would present a musical treat during the month of May, when an orchestra would be brought from Boston for the occasion.

"Wife, what has become of the grapes?" "I suppose, my dear, the hens pecked them off," was the reply. "I find here some two-legged hens, I fancy," said the husband, with some impetuosity; to which the calmly replied, "My dear, did you ever see any other kind?"

Strenuous Old Sea Captain Took the Doctors
And Cured Himself.

No man or woman who is ruptured—no matter how severely or at what age—need despair of being cured.

The story of Capt. W. A. Collins gives encouragement for all sufferers from rupture. Capt. Collins suffered a double rupture, and was confined to his bed for years. No cure could be secured by surgery. Many physicians examined his case and finally to the astonishment of all he discovered that he has never had any return of the trouble.

Capt. Collins kept experimenting on himself and finally to the astonishment of all he discovered that he has never had any return of the trouble.

FOR BURNS—ZAM-BUK

Stops Pains at Once!

This is the verdict of all who have tried Zam-Buk. The woman in the home knows best its value. A burn from the stove, from a hot iron, or a hot pan is instantly soothed by Zam-Buk. When the little ones fall and cut or scratch themselves, Zam-Buk stops the pain and incidentally their crying. The best proof of this is the fact that children who have once had Zam-Buk applied, come for it again.

For more serious burns, too, it is unequalled. Mr. John Johnston, of 734 South Marks street, Fort William, a moulder in Copp's Foundry, says: "Some time ago I burned the top of my foot severely by dropping some molten iron from a ladle I was carrying. A large hole was burned through my shoe and into the top of my foot. I was taken home, and Zam-Buk was applied to the burn directly. It was surprising what relief this balm afforded. The burn was so deep and so serious that it required careful attention, but Zam-Buk prevented other complications arising, and as it was daily applied, soothed the pains and allayed the inflammation. In the course of two weeks the hole burned in my foot had been quite healed."

Mr. W. D. Gibson, of Belleville, writes: "We have tried Zam-Buk often on cuts and sores, and I think there is nothing that can equal it."

Zam-Buk will also be found a sure cure for cold sores, chapped hands, frost bites, blisters, hemorrhoids, varicose veins, piles, scalp sores, ringworm, inflamed patches, babies' eruptions and chapped places, and burns generally. All druggists and stores sell at 50c. a box, or post free from Zam-Buk Co., Toronto, for price.

**INCREASED
FERRY RATES
DECIDED ON****Council Decides to Put in Effect
Schedule Recently
Drawn Up****ONE VOTE CARRIED IT****Ald. Potts Said He Cast Ballot
By Mistake—By-Law is to Be
Amended Probably at February
Meeting of the Council**

After three hours spent in discussion and in the hearing of delegations the common council at the special meeting yesterday afternoon decided to amend the by-law which fixed the ferry rates at fifty cents for fifty cents and single fares three cents, thus bringing into effect the schedule as adopted at the meeting of the council on Jan. 15 and abandoned after a few days on account of the by-law found standing on the books. It was by the very narrow vote of nine to eight that the motion to amend the by-law was adopted and after the vote had been recorded Ald. Potts complained that he had voted by mistake and wanted an opportunity to right himself. He was not allowed to make an explanation, however, and the new schedule will come into effect after the bills and by-laws committee has brought back to the council the by-law as ordered to be amended and which will probably not be until the next regular meeting on Monday, Feb. 5.

The motion to have the by-law amended along the lines mentioned was adopted after the defeat of two amendments, one asking the legislature to authorize the city to assess \$10,000 for ferry purposes, thus doing away with the necessity for increasing the rates, and the other a compromise motion allowing the lower rate for tickets in certain hours but increasing the rate for teams.

Mayor Fink presided at the meeting and the full board was present with the recorder, ferry superintendent and common clerk. In addition to the official delegation from the West End and from the labor unions, several other West End residents were present and all remained to watch the proceedings.

Rev. W. H. Sampson, C. E. Lockhart, J. E. Green and Wm. Sanderson, West End, spoke in protest against the increase as did E. J. Tigue for the "Longmen's Association," and W. A. Allingham, president of the Trades and Labor Council.

The committee of the whole then rose and resumed as the common council.

Alderman Hayes moved that the bills and by-laws committee be instructed to amend the ferry by-law to provide for the increase in rates as approved at the last meeting of the council. He submitted figures in his contention that \$2 were spent in taxation for every \$1 collected in taxes.

Alderman Potts moved the adoption of a schedule of monthly tickets but received no second.

Alderman Smith moved that the council apply to the legislature for permission to increase the ferry assessment to \$10,000. Alderman Elliott seconded the motion.

Alderman Keirstead moved in amendment to the amendment, and Alderman Elliott seconded the adoption of a schedule, providing for an issue of fifty tickets for fifty cents or twenty-five tickets for twenty-five cents, to be used between the hours of 6 and 8:30 in the morning, 11:30 and 1:30 at noon, and 6 and 7 at night. Fifty tickets for fifty cents during the remaining time; three cent single fares; eight cents for single fares, and fifteen cents for double fares.

This was lost on the following vote: Yeas—Keirstead, Hayes, Christie, C. T. Jones, Green, Elliott, Wilson, Russell, Potts—8.
Nays—Smith, Scully, McLeod, Wigmour, Wigmour, Elkin, J. B. Jones, Coder, Potts—8.

Ald. Hayes' amendment was then put and was lost by the same vote. Ald. Potts, going over to the other side on this question. The vote was:

Yeas—Smith, Scully, McLeod, McLeod, Wigmour, Elkin, J. B. Jones, Coder, Potts—8.
Nays—Keirstead, Hayes, Christie, C. T. Jones, Green, Elliott, Wilson, Russell, Potts—8.

Ald. Hayes' original motion, seconded by Ald. Christie, was then carried by the same vote reversed as follows:

Yeas—Keirstead, Hayes, Christie, C. T. Jones, Green, Elliott, Wilson, Russell, Potts—8.
Nays—Smith, Scully, McLeod, Wigmour, Wigmour, Elkin, J. B. Jones, Coder, Potts—8.

Ald. C. T. Jones brought up the matter of ferry passes, and his motion to rescind all passes to aldermen and civic officials was seconded and debated when the mayor ruled it out of order on account of the by-law standing on the city records.

On Ald. Wigmour's motion, the city engineer was given leave of absence from Tuesday until Saturday to attend a convention in Montreal.

At the last council meeting the motion for the increase of the ferry rates was carried on the following vote:

Yeas—Hayes, Keirstead, Christie, McLeod, Coder, Elliott, Potts, C. T. Jones, J. B. Jones, Green, Russell, Wilson, Potts—8.
Nays—Smith, Scully, McLeod, Wigmour, Wigmour, Elkin, J. B. Jones, Coder, Potts—8.

**MAY BE ACTION RE PULPIT
STATEMENT AS TO RESULTS**

Toronto, Jan. 21.—A legal battle may be the final result of a controversy which has arisen in Toronto over the alleged oath of the Jesuit Order, which Rev. C. O. Johnston read to his congregation in the Queen street Methodist church a week ago last Sunday.

The head of the order in Montreal has interested himself in the matter to the extent of securing the legal services of S. V. O'Sullivan. Mr. O'Sullivan has been requested to ask the papers which published the alleged oath to make a fitting apology and to request Rev. Mr. Johnston to do the same.

If the papers do not care to do that and if Rev. Mr. Johnston refuses, the understanding is that Mr. O'Sullivan is to proceed against them for alleged libel and slander.
