

DONOHUE WINS METAL AT J. N. B.

Captures Award as the Best All Round Athlete on Roster.

William Donohue of St. John has won the St. Frederick Williams Taylor gold medal for the best all-round athlete at the University of New Brunswick, scoring the highest number of points in the track and field sports held at College Field yesterday afternoon.

Donohue's achievement is all the more noteworthy as this is his first year at U. N. B. He graduated last year from the St. John High School, where he was captain of the basketball team that won the Maritime championship a year ago. He was a member of the 1922-23 rugby team at High School and last fall, along with Paul Fraser, another local boy, he showed up as a halfback. He played centre on the varsity basketball team this spring.

ST. JOHN MAN IS DROWNED IN ONT.

Charles Kelly Loses His Life While Fishing—Sister Lives Here.

Mrs. Avar Saltman, of this city, has received news of the sudden death, by drowning, of her brother, Charles Kelly, at Chapeau, Ont., on May 8. He was a former resident of St. John and left here for Chapeau in January. Mr. Kelly had gone fishing and the first indication that anything had happened to him was his dog bringing home his cap. His father who was employed in the C. P. R. shops there, started out to search for his son and found his fishing rod leaning against a slanting rock on the side of a stream. Later the body was recovered and was held from the home of his sister, Mrs. A. E. Mann.

Besides his father and two sisters, Mr. Kelly is survived by three brothers, Walter and James B. of Melrose, N. B., and A. E. Kelly, of North Bay. Among the floral tributes received at the funeral were wreaths from the C. P. R. carmen and shopmen. The funeral was held from St. Mary's Cathedral, North Bay.

COURT HOUSE WAS BURNED 5 YRS. AGO

Restoration is Coming Now After Fire of February, 1919

After standing a ruin for more than five years the old court house is to be restored as it was before the fire of February 12, 1919. The discussion as to whether the old building should be rebuilt or a new civic building to house the city and county officials and courts should be erected in its stead has come to an end with the decision of the Municipal Council to rebuild with enlargement of the building, with the exception of a heating unit.

Soon after the fire the plan for a new building was approved and the house was broached and the expenditure for this was variously estimated at from \$600,000 to \$1,500,000. At the present time the Municipal Council the matter was brought up and discussed. At one time the buildings committee was authorized to expend the sum of \$50,000 as prize for competitive plans for the proposed new building but this was not found feasible and the matter was allowed to drop.

At the January meeting of the council the buildings committee was given authority to engage the services of a builder to make an inspection of the walls of the old court house and report on their safety and as this report stated the walls were safe for reconstruction purposes it was decided to proceed with reconstruction. The matter, had not received official word this morning and so could not speak of his plans.

Enjoy Life And The Good Things It Offers

Keep Free From Stomach Troubles By Taking Dodd's Dyspepsia Tablets.

Ontario lady recommends them to all who suffer from dyspepsia.

Rose Corbett, Ont., May 14 (Special)—"I can tell you that since I have taken Dodd's Dyspepsia Tablets, my stomach troubles have vanished and my digestion is good." This statement comes from Mrs. T. Ledue, a well known and highly respected resident of this place.

Neglect of such stomach troubles as indigestion and dyspepsia is always fraught with danger. Digestive trouble means the harmful acid conditions that cause your trouble. The one safe, sound and inexpensive way to do this is to take Dodd's Dyspepsia Tablets. They will tell you what you eat, what you fancy and enjoy; will put color into your cheeks and pep into your step. Food is the basis of life, health and strength and Dodd's Dyspepsia Tablets will enable you to get the most out of every meal.

CONDITIONS WERE AGAINST RIFLEMEN

Scores Made at Rifle Range in Permanent Force Match.

The M. D. No. 7 Permanent Force Rifle Association held its first shoot of the season at a very trying time, as although Old Sol did well at first he soon got tired and closed his eyes for the day. The wind was very treacherous and was of the fish-tail variety, and this together with the poor light and extreme cold, made high scoring an impossibility. The 200, 500 and 600 yard ranges were used, and most of the men found that the decreased size of the bull's-eye being used for the first time this year made a harder mark to find. S. Sgt. W. G. Lake, R. C. O. C. won the "A" class spoon, and S. Sgt. E. W. Wiggins, R. C. O. C. won the "B" class spoon. The scores of all members were:
