## Women of Distinguished Position rejuvenate their Skin this way

beauty, among whom are-

HINK of your millions of

pores as millions of tiny throats and then consider how you cleanse your skin. What kind of cream do

There is a cream so light and delicate that upon just touching your skin it melts

into the pure, soft oils from which it is made. Any cream less delicate tends to clog the pores, to tax and distend them, adding to their already heavy burden of dust, soot, rouge and powder. But this soft, quickly melting cream actually frees your pores of all accumulations.

This should be followed by the use of a second cream, even lighter than the first. It gives your skin a soft finish, holds your powder firmly and protects your skin from the bad effects of weather.

Only a Few Moments Daily

Only a few moments of each busy day are needed to follow this delightful method, one of the many reasons why Pond's Two Creams are used by the most exacting women, women of social prominence, everywhere:—

EVERY day, especially after exposure, a deep refreshing cleansing with Pond's Cold Cream.

POND'S Two CREAMS are approved by women of distinguished position and Smooth it lavishly over your skin. Let its pure oils sink

well down into the tiny THE QUEEN OF ROUMANIA THE PRINCESSE MARIE DE BOURBON throats of the pores, softening and bringing up to the surface the dust and soot, THE DUCHESSE DE RICHELIEU the excess oil, the powder and rouge which choke them. MRS. GLORIA GOULD BISHOP MRS. MARSHALL FIELD, SR. The source of many ills is thus removed-for black-

dy, eluggish skins are caused by the fact that the pores' little throats are choked and stifled. Take off all the cream and dirt with a soft cloth.

Repeat the process. Finish with a dash of cold water or a rub with ice to close the pores.

THEN for a soft finish and protection, use Pond's Vanishing Cream. Smooth it lightly in—a delicate film. Over it your rouge and powder blend so nicely now-and stay on so long! But best of all, this delicate vanishing cream protects your skin from dust, soot and the drying effects of wind. So always use it before going out.

Give your skin the rejuvenating cleansing and delicate protection these Two delicious Creams afford. Buy your own Pond's in any drug or departmental store and use them every day. The Cold Cream comes in extra large jars and both creams in smaller jars and in tubes. The Pond's Extract Company, 146 Brock Avenue, Toronto, Ontario.

Every skin needs the deep, purifying cleansing, the delicate protection these Two Creams afford
