LASTING EFFECTS.

Rev. Dr. C. W. Maddock, Springfield, P. E. I., writes the following under date June, 1895:— "I am writing to you to tell you of the good effects of your C. D. C. for what it has done for me. I was in water all last winter, so much that I could not bear to have my clothes on, so I thought I would get some C. D. C. Each dose seemed to do me good, and long before the last bottle was used, and can now eat anything."

This letter shows the great merit of C. D. C. and the following shows that its effects are lasting. Mr. Carter writes me July 18th, 1895:— "Some time ago I sent you a letter testifying to the value of your wonderful C. D. C. to my wife. She is still enjoying good health, with no sign of her old trouble. I try to suffer. K. D. C. Pills are splendid for the liver and bowels."

CAMPOBELLO.

Oct. 17.—The fourth annual fish fair of Charlotte Co., was held at Welch Point, Campobello on Sept. 15th, and notwithstanding the fact that there was a bountiful supply of Neptune's wrath, it proved a grand success. The morn of the 15th, broke displaying tokens of a very unpleasant day. About 5 a. m. rain began to pour in torrents and the success of the fish fair was a thing that appeared impossible. At 10.30 a. m. the Campobello brass band led by Prof. Flockton struck up one of their lively selections on the wharf of James A. Calder in whose spacious warehouse was to be seen as fine a collection of cured fish as ever pleased the eyes of the partakers of the fishes. The rain now began to abate, and large crowds began to assemble to view the exhibit, which consisted of cod, pollock, haddock, lake and herring, each of which was prepared in a number of ways, the secret of which remained with the fishermen. One feature of the exhibit and one which caused no small amount of mirth was the presence of a number of large mangel-worms the property of one of our enterprising farmers Mr. Winslow Townsend.

The aquatic sports were numerous and to them a great deal of interest was attached. The wind for sailing was very favorable being about north. At 1 o'clock the first race was started. The time was taken about the Don. S. S. Curlew as the boats passed an imaginary line drawn from the steamer to James A. Calder's wharf. In this race the clipper center-board boat of Wilton's Beach completed with one another. At the finish it was clearly demonstrated that speed is not necessarily consistent with size. The next race was sailed by a leg and was sailed over twice. Mr. Tilly Calder's boat, the Bonita of Fair Haven, Deer Island captured first prize. After the races were finished a salute was fired from the Curlew of the Fair grounds.

Owing to the condition of the Fair grounds the result of the rain the land sports were not brought off, with the exception of the 100 yard dash which was won by Bailey from pleasant Point who took the silver medal at the Fair grounds last year.

In the evening from 7 to 8.30 o'clock Mr. Harry Parker Prop. of the Rockaway hotel who has proved himself a first class caterer furnished dinner in the dining room of the Owen hotel. While the bounteous repast was being partaken of, the band rendered a number of choice selections.

Mr. Luke Byron president of the Fishery society presided at the head of the table, while on his right and left were the remainder of the members of the society. St. Stephen was represented at the table by G. W. Gannong, Mr. P. M. Rose and Mr. M. Rose, and others. St. Andrew was represented by G. D. Grimmer, and Robert Armstrong editor of the St. Andrews Beacon.

After dinner the usual toast to the queen was followed by the band playing the National Anthem. A toast to the United States followed by "The Star Spangled Banner" rendered by the band, was responded to by Mr. E. A. Holmes of Eastport. A toast to Canada and the Governor General, Lord Aberdeen, was followed by "My Own Canadian Home" rendered by the band. This brought Mr. Gannong to his feet, who in glowing words discussed the present and future career of our glorious land.

A toast to the manufacturing industries of Charlottetown was very nicely responded to by Mr. Grimmer. Great credit is due Mr. Parker for his untiring zeal in making the dining hall assume such an elegant appearance by the tasteful arrangement of flowers and bunting. The last event of the day was the grand ball in the Owen hall. This was a grand success. The band gave a concert in the hall from nine to nine thirty. The doors then opened and the ball began to fill rapidly. At ten o'clock the grand march was started, led by Mr. Henry Calder and Miss Emma Deason. There were one hundred couples in the march. Prof. Flockton's orchestra of ten pieces furnished excellent music and was highly appreciated by all as was verified by the large number on the floor.

Among those present were—Mr. and Mrs. Edward Lusk, Mr. and Mrs. Silas Mitchell, Miss Ella Vennell, Mr. and Mrs. J. A. Calder, Mr. and Mrs. O. A. Batson, Miss Madeline Calder, Miss Ella M. Calder, Miss Lavonia Lusk, Miss Portia Davidson, Miss Ethel Calder, Miss Myrtle Calder, Mr. M. E. Batson, Mr. Judson Mitchell, Mr. Harry Townsend, Mr. Henry Calder, Mr. Clifton H. Clark, Eastport, Miss Isabelle Vennell, Miss Louisa Vennell, Mr. Foster Calder, Mr. S. D. Bibber, Eastport, Mrs. Thomas Mitchell, Mr. Fred Rose, St. Stephen, Mr. Godfrey Calder, Mr. Aubrey Calder, Mr. G. Gannong, St. Stephen, Mrs. Marcella Vennell, Mr. Norman Lusk, Mr. and Mrs. Leonard P. Simpson, Mrs. Charles Lusk, Miss May Mori, Eastport, Mr. Albert Lusk, Miss Anna Mitchell, Miss Ethel Townsend, Miss Emma Deason, Miss Jennie Kelley, Mr. Harry Kelley, Miss Martha Calder, (Wilson's Beach) Mr. and Mrs. Wm. Batson, Mr. George Allingham, Mr. Howard Townsend, Mr. Albert Allingham, Miss Flora Clark, Miss Lizzie Clark, Miss Kathleen Clark, Miss Estella Batson.

Miss Marcella Vennell wore a dress of soft white silk, with pink satin ribbon and cream trimmings which became her fair loveliness better than anything else would have done. Miss Marcella was with out the shadow of a doubt the "belle of the ball."

Miss Madeline Calder looked charming, as she always does in a ball dress, of cream silk, chiffon trimmings, natural flower.

Miss Portia Davidson wore a bewitching gown of light blue cashmere, with ribbon and lace trimmings. Mrs. James A. Calder black cloth skirt, lavender silk waist.

Miss Flora Clark, pale pink china silk and lace.

The Frolics met this Grand Yet.

Even a blind man can see them clearly than daylight, or else why would so many continue to use ill-smelling oils, and useless preparations for the relief of pain, when a preparation like Cravenette, so pure, powerful, and penetrating, and so easily absorbed, can be purchased from any dealer in medicine? Cravenette cures instantly and without pain. Nervine is the most efficacious remedy for neuralgia. Nervine applied externally subdues the most intense pain almost at once.

MONCTON.

Oct. 21.—The first annual convention of the provincial W. C. T. U. was held in Moncton last week and the result was an unusual influx of strangers, all of the gentler sex. I believe these energetic ladies held some most interesting meetings; the sermon by Mrs. Barney filled her church on Monday morning. Of course there are conservative people to whom the right of a lady to the pulpit is more novel than pleasing, but it must be admitted that Mrs. Barney filled her position with dignity and grace and that her discourse was both eloquent and convincing. A formal meeting for the purpose of welcoming the delegates to the city was held in the reformed episcopal church on Friday evening at which Mrs. Burpee of Houlton, Me., second vice president of the union, presided. Revs. W. B. Hinson, J. E. Brown, R. H. Crisp, W. W. Brewer and J. M. Robinson, also occupied seats on the platform, together with Mayor Chapman and some members of the union.
