Investment News
St. John, May 31, 1913.

137 Years Ago
this successful
business was
established

The large and progressive
business of Robin, Jones &
Whitman Ltd., is the present
day evolution of the fishing
and trading post established
by Charles Robin at Passabiac,
N. B., in the year 1776. The
annual trade contains more
romances more interesting
than that exemplified in the
history of this well known en-
terprise.

With headquarters at Hall-
fax, Robin, Jones & Whitman
Ltd., now operate twenty-eight
flourishing branches in Nova
Scotia, New Brunswick and
Quebec. The company's large
and growing revenue is made
up of trading profits from
these stores and profit from
the export of dry fish to the
West Indies and South Amer-
ica, where the company's brand
has been the standard for over
a century.

An opportunity is now avail-
able to become a partner in
this highly profitable enter-
prise through a purchase of
the preferred stock which now
yields 7 per cent. Will you
call for the particulars—or
shall we send them?

FOREIGN NEWS TOLD IN BRIEF

**Sir Max Aitken Sails Today for

—Valuable Jewels are Stolen.**

RACING REVIVED AT BELMONT PARK

New York, May 30.—Reports that
Governor Sulzer had authorized the
employment of the state militia to
stop gambling were current today, co-
incident with the revival of horse
racing at Belmont Park this after-
noon. Adjutant General Hamilton, of
the National Guard, admitted that he
had a midnight conference with the
Governor regarding the racing situ-
ation and that while he did not be-
lieve any such measures would be
necessary, he was in readiness to call
out state troops to prevent violation
of the law.

WILL BECOME A DUCHESS.

Berlin, May 27.—The Kaiser's only
daughter, who married Prince Ernest
Augustus of Cumberland, last Satur-
day, will become reigning Duchess
next November 1, according to state-
ments published in today's news-
papers. It is stated that the Federal
Council of the Empire has decided
to end the reign of Brunswick, ruler
which Prussia has governed since
1866, on October 31 of this year and
that Prince Ernest Augustus, son
of the Duke of Cumberland and his
bride, will make their formal entry
into the capital, Brunswick, as re-
igning Duke and Duchess of an in-
dependent federal state the next day.

SIR MAX SAILS TODAY.

London, May 30.—Sir Max Aitken,
who sails tomorrow for Canada, ad-
dressed his constituents at Ashton
Lancashire, last night. "I have been
a failure as a member of Parlia-
ment," he began. "I have had one
illness after another and have been
quite unable to attend to my parlia-
mentary duties. The nature of my
illness is such that for months to
come I cannot hope to sit in Parlia-
ment."

VALUABLE JEWELS STOLEN.

London, May 30.—The safe at the
Berkeley, one of London's smartest
and at the same time most conserva-
tive hotels, was robbed early today
of \$35,000 worth of jewels belonging
to its visitors. Scotland Yard, after
grilling the servants, believed to be
an inside job. Screams and yells
at 3 a. m. from the inside of the
locked doors of the hotel brought
police, who forced the doors and
found the two hall porters trussed
up with ropes. One of them had
been gagged and the other struck
on the back of the head with the butt
of a revolver and rendered uncon-
scious for a time. On recovering con-
sciousness he gave the alarm.

COUNTING BRIGADE

INCREASING DAILY

Many Contestants Making More than One Estimate in Puzzle Contest.

The second week of The Standard's
Big Puzzle Contest closes today and
the interest manifested clearly proves
that the counting habit prevails not
only in the City of St. John, but in
nearby towns and rural districts. And
the more the answers multiply the
greater becomes the variation in the
count. One contestant writes that
she expects to send in several solu-
tions, as she gets a different result
each time she counts; that he knows
one of her estimates is right, but is
not sure which.

Many methods are being employed
to count the circles that appear in
the chart each day. Some con-
testants cut the chart up into squares,
using care not to eliminate any of the
circles and count each square sepa-
rately. Others use red ink in their
effort to get the exact number, while
others use pin points to aid them in
reaching the correct solution.

Instances are arising where the
contestant neglected to send in the
money for subscriptions to The
Standard in accordance with the con-
ditions of the contest. Every one
should read all the conditions care-
fully before submitting a solution.
All rules apply alike to old as well
as new subscribers, and it may save
some disappointments when the re-
sults are published to study them now.

Old subscribers who are paid in
advance may send in a solution, now
or later, and have the amount applied
to the extension of their subscrip-
tion. All that one has to do, whether
a subscriber or not, is to fill out the
coupons provided beneath the puzzle
chart and forward them with the
money.

If you haven't joined the counting
brigade it is time to get busy and
if you expect to have some real fun
out of the contest. Up to this time
it has been going through the pre-
liminary stages, but interest grows
daily and the first thing you know
all your neighbors will have sent in
a solution and you can't afford to be
inactive in a contest like this. The
North Pole was not discovered with-
out a dash, or the many obstacles
overcome without grit and determi-
nation. Remember, the live wire is
the effective way. Be one yourself.

For the benefit of those who may
desire to have their friends verify
their count, The Standard publishes
today four charts on the puzzle page.
Each one contains the same number
of circles and it is well to be sure
of your count before sending in a
solution. If additional charts are de-
sired, write the contest department
and as many as you wish will be
mailed promptly to your address.

THE SUMMER SCHOOL OF SCIENCE.

To the Editor of The Standard:
Allow me space in your valuable pa-
per to speak a few words to the teach-
ers of New Brunswick in regard to the
Summer School of Science which
will be held this year at Halifax, N. S.,
from July 8th to 29th.
Teachers who intend remaining in
the profession for one or more years
are making a great mistake if they
do not avail themselves of this oppor-
tunity for improvement. I think there
are few teachers who do not feel
themselves deficient in some of the
many subjects we are required to
teach and the Summer School has
been organized for the purpose of help-
ing "good teachers" to be "better."
Beside the direct impetus of knowl-
edge at this school there will be many
refreshing amusements and pleasing
and instructive scenery.

To the teachers of Queen's, N. B.,
I have been four or more scholar-
ships offered which teachers from this
county only can compete for.
The Associate Secretaries from the
different counties have endeavored to
supply every teacher in the province
with the Calendar of the Summer
School Session of 1913. If there are
any who have not received one they
should write Mr. J. D. Seaman, Char-
lottetown, P. E. I., and get one at once.
BESSIE E. KEAY,
Associate Secretary.

BUYS CLIFF STREET LAND

**Roman Catholic Bishop Gets
Large Block — May Build
School—Local Dogs Make
Fine Showing.**

An important addition to the prop-
erty owned by the Roman Catholic
Bishop of St. John has been made by
the purchase of a block on the western
side of Cliff Street, nearly opposite
the end of Thistle Court, by His Lord-
ship Bishop LeBlanc. This property,
which was owned by Miss Nellie J.
Connell, includes a freehold lot with
a frontage of 120 feet in Cliff Street
and a depth of 100 feet, occupied by
two double two story wooden dwell-
ings. A new school may be built on
the stand.

The following transfer of freehold
properties have been recorded:
W. W. Betts to C. J. Coster, prop-
erty at Lancaster.

K. of C. Convention Here.

A state convention of the Knights
of Columbus is to be held here next
month. Delegates from Newfoundland
and the Maritime Provinces will at-
tend. Deputy Beazley, of Halifax, will
preside. Matters of importance to the
Knights in this territory will be con-
sidered, reports presented, and the
election of the state officers for the
ensuing year will take place, while
there will also be the selection of the
place of the next meeting. Plans are
now being made for the entertainment
of the visiting members while in the
city, the arrangements being in the
hands of a strong committee from
the St. John chapter.

Fairville Assault Case.

The case against John Burns, charged
by Allan Green with assaulting his
daughter, Agnes, on the road from the
Milford ferry on last Friday, was re-
sumed in the Fairville police court this
morning. J. A. Barry appeared for the
prosecution, and D. Mullin, K. G., ap-
peared for the defendant. Miss Annie
Clark and Miss Violet Boyd gave evi-
dence. The defendant, sworn, said
plaintiff slipped from plank sidewalk
and he took hold of her arm to help
her up. This concluded the evidence
and the case was postponed until Wed-
nesday when a decision will be given.

Prizes for St. John Entries.

Information from the Montreal Dog
Show has been received containing
news of the St. John entries
among the Irish setters, which were
judged on Thursday. E. Alban Stur-
geson, of New Brunswick, won the
other entries from all over Canada as
follows: First prize juniors, first prize
limit, first American bred, first open,
and winners' championship ticket,
which counts two points for champion-
ship. Charles Conway's Barney took
second limit and third open.

ceeds him. Mr. Coburn takes up his
residence here at 18 Garden Street. He
is a son-in-law of J. N. Golding, sr.,
and friends of Mrs. A. Coburn will be
glad to learn that business has
brought here again to St. John.

Sand Cove Water Extension.

The application of the property owners
along the Sand Cove Road for an
extension of the water mains was con-
sidered by the commissioners yester-
day. It was resolved to make this ex-
tension provided the applicants would
guarantee ten per cent. of the cost
until such time as the water system
would pay that amount. There are al-
ready a number of houses in that vic-
inity and more are to be erected in
the near future.

TUDHOPE

A duty-saving "Six" \$2,500

FROM the moment you press the starting pedal and turn
this powerful "Six" into the road among the hundreds of
Motor Vehicles large and small—as you open out and
jump ahead—when you feel the strong steady pull on the
hills and heavy parts of the road—you know that no matter
what car you buy the Tudhope "Six" is the car you
would like to own.

This "Six" is surely the modern idea of a perfect car. It has Gray &
Davis Electric Lighting and Electric Cranking. It has a distinctive appear-
ance—Torpedo low-hung body with graceful side lines and well-rounded
back. The force-feed gasoline tank is carried at the rear along with spare
tire, which is included, of course, as a part of Tudhope equipment. In com-
fort it is above the ordinary: 127-inch wheel-base, 36 x 4 1/2 inch tires,
double-drop frame, full-elliptic underslung rear springs and shock absorbers
—every equipment for riding ease. The tonneau is wide and roomy—
with the new extra deep cushions.

The Axles of the Tudhope "Six" are planned for hard service. The
front Axle is extra heavy with Timken tapered bearings. The rear axle
is the floating-type with chrome-nickel gears and
shafts. The 48 h.p. motor, long-stroke cast en-
bloc type, is a silent, powerful machine, thoroughly
tested and inspected before leaving our shop.

The Tudhope "Six" is a lot of car value for
\$2,500! But remember! It is made in Canada.
No part of the price is duty. The same car im-
ported would cost you 35% more.

Write for your copy of the Tudhope book.
