

HARMLESS SMOKE
CURES CATARRHA Simple, Safe, Reliable Way
And It Costs Nothing to Try

This preparation of herbs, leaves, flowers and berries (containing no tobacco or habit-forming drugs) is either smoked in an ordinary clean pipe or smoked tube, and by drawing the medicated smoke into the mouth and inhaled into the lungs or sending it out through the nostrils in a perfectly natural way, the worst case of Catarrh can be eradicated.

It is not unpleasant to use, and at the same time it is entirely harmless, and can be used by man, woman or child. Just as Catarrh is contracted by breathing in cold or dusty air, and germ-laden air, just so this balsamic antiseptic smoking remedy goes to all the affected parts of the respiratory system in the head, nose, throat and lungs. It can readily be seen why the ordinary treatments, such as sprays, ointments, salves, or cold or hot steam inhalations fail—they do not and can not reach all the affected parts.

If you have catarrh of the nose, throat or lungs, choking, stopped-up feeling, colds, catarrhal headaches, if you are given to hacking and spitting, this simple but scientific treatment should cure you.

An illustrated book which goes thoroughly into the whole question of the cause, cure and prevention of catarrh will, upon request, be sent you by Dr. J. W. Blosser, 205 Spadina Avenue, Toronto, Canada.

He will, also, mail you five days' free treatment. You will at once see that it is a wonderful remedy, and as it only costs one dollar for the regular treatment, it is within the reach of everyone. It is not necessary to send any money—simply send your name and address and the booklet and free trial package will be mailed you immediately.

ONE DOSE RELIEVES
A COLD—NO QUININEPape's Cold Compound Cures
Colds and Grippe in Few
Hours—Tastes Nice—Acts
Gently.

You can surely end Grippe and break up the most severe cold either in head, chest, back, stomach or limbs, by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

It promptly relieves the most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, soreness, stiffness and rheumatic twinges.

Take this wonderful Compound as directed, without interference with your usual duties and with the knowledge that there is nothing else in the world, which will cure your cold or Grippe more promptly and without any other chance or bad after-effects as a potent package of Pape's Cold Compound, which any druggist can supply—except no substitute—contains no quinine. Belongs in every home. Tastes nice—acts gently.

IN THE COURTS

Chancery Division.

The ordinarily dry and uninteresting proceeding of disclosure proved unexpectedly lively and interesting yesterday morning in the examination before Judge Forbes of one Henry Gilbert at the suit of the Gorman Eckhart Company, Limited, who had recovered a judgment against the defendant, Gilbert.

John Green had been summoned as a witness to ascertain if he was indebted to Mr. Gilbert, which was stated as a fact by the latter at the last hearing in connection with this disclosure. The witness stated that he was not indebted, and although he had received statements of a claim no adjustment had even been made of the matter.

Mr. C. Weymoe, who appeared for the plaintiff company, then proceeded to question as to his private property. L. P. D. Tilley, who was acting as counsel for Mr. Green, rose quickly to his feet and objected to this manner of examination and instructed the witness not to answer. Mr. Tilley stated that Mr. Green had several times asked Mr. Gilbert to have an adjustment of the matter, but the latter had refused and instead of the former being indebted to Mr. Gilbert, he thought Mr. Gilbert was indebted to Mr. Green.

No judgment, he said, had ever been given and the witness having on oath denied his indebtedness, he thought it was entirely irrelevant to the matter at issue and asked that the question be not allowed.

His Honor said that he would allow the question, and when the witness on advice of counsel still refused to answer he ordered that Mr. Green be committed for contempt of court. The proceedings were thus abruptly terminated and arrangements were made to have a commitment issued. As soon as this is executed it is understood that application will be made to the court for a writ of Habeas Corpus to have the matter brought before a Supreme Court judge. K. J. MacLacarte appeared yesterday morning for Mr. Gilbert.

Argument was resumed and finished yesterday morning before Mr. Justice Barker in the case of Elizabeth E. Porter against Bartholomew Rogers, a suit brought for the enforcement of a sale of property bid in at public auction at Chubb's Corner. J. B. M. Baxter, K. C., appeared for the plaintiff, and M. G. Teed, K. C., and W. J. Mahoney for the defendant. Court considers.

County Court Chambers.

In the case of Hansen against Noel, reviewed from Magistrate Allingham's court in Fairlie, Judge Forbes yesterday morning ordered a non-suit to be entered for the defendant on application of J. A. Barry. The judgment given by Magistrate Allingham against the defendant was for \$5.00, a payment on a promissory note for \$75.00. H. J. Smith appeared for the defendant.

Probate.
The will of the late Charles Pickard, Sackville, has been filed. The estate was valued at \$103,395 and consists of real property \$54,235 and personal \$49,160. The executor and trustees are Margaret L. Pickard, wife; Humphrey Pickard, a brother; and Kenneth S. Pickard, a son. To his wife he leaves the residence at Sackville and bonds of the Eastern Electric & Development Company, Limited. To his son, Kenneth S. Pickard, one lot of land on York street, Sackville, and 200 shares of capital stock of the Sackville Freestone Company, Limited. He leaves \$27 shares of the capital stock of the Freestone Company to be held in trust by the executors until his remaining children become of age, the income to be paid to Mrs. Pickard to educate the children. To his sons, Donald and Carl, he also leaves two lots of land on York street and to his son, Thomas, the land known as the Fillmore property. His lumber lands at Brooklyn, N. B., and other outside interests are to be sold and turned into cash by the executors. He leaves to Humphrey Pickard \$3,000 to assist him in providing for his mother and sister. The balance of the estate is to be divided equally among Mrs. Pickard and the children when the latter come of age.

OBITUARY.
Thomas Kilpatrick, a well-known resident of Rothesay, passed away at his home on Thursday night. He had been in poor health for some time. Bright, Ruddy Cheeks
For Pale GirlsNo Longer Any Need to Be
Pale, Weak or Anaemic.

By Following the Advice of Miss McEwen You Can Quickly Become Strong Again.

The pallid girl always lacks appetite. What little she eats is badly digested. At night she is restless, she dozes, but doesn't sleep soundly.

Vital force must be increased, new blood must be supplied and a general rebuilding take place before she will feel like she ought.

Dr. Hamilton has invaluable experience in these cases and found nothing so prompt in building up young women as his vegetable pills of Mander and Butternut.

Dr. Hamilton's Pills begin by cleansing the system and purifying the blood; they also improve digestion and render food ready for absorption. Additional nourishment is quickly supplied and the patient is fast strengthened and invigorated.

Full of spirit, ruddy and strong is the girl that assists her system by the use of Dr. Hamilton's Pills.

The following recent letter from Miss Etta McEwen of Hamilton, speaks for itself.

"I am writing to tell you that my system is wonderfully built up. It is certainly the most effective remedy I ever used. I have now a good appetite, sleep peacefully, and am awake in the morning feeling quite refreshed."

"Formerly I felt tired and depressed. I looked as if a severe illness were hanging over my head. 'Nothing could give quicker results than Dr. Hamilton's Pills and I strongly advise every young woman to use them.'"

All dealers sell Dr. Hamilton's Pills, 25c. per box or five boxes for \$1.00 by mail from The Catarrh Co., Buffalo, N.Y., and Kingston, Ont.

years, took place Thursday at Grand Bay. The deceased was a well-known and popular man. Mrs. Shorten was well liked by all who knew her, and her death was heard of with regret. The funeral will be held this morning from Fairville station on arrival of the Boston train.

William J. Madill.
The sudden death of William J. Madill occurred at his residence, French Village, at 11 o'clock yesterday morning. The deceased was a well-known farmer of the district, had been ill but a short time, and the news of his death will come as a great shock to his many friends. The late Mr. Madill is survived by four daughters, Mrs. John Young, of French Village; Mrs. William Rolley, of St. John, and the Misses Magie and Eliza at home, and four sons, Oliver, of French Village; George, of Waltham, Mass.; Gilbert, of St. John, and William, at home.

Harold T. Morrow.
The sudden death of Harold T. Morrow, the 10 year old son of David A. and Harriet Morrow, occurred yesterday morning. The young lad was of a bright and cheerful disposition, was a great favorite with all, and his death will be sincerely mourned. The sympathy of a large circle of friends is extended to the bereaved parents.

How to Shed a Rough,
Blotchy, or Faded Skin

(From Beauty's Mirror.)

This is what you should do to shed a bad complexion: Spread evenly over the face a thin layer of ordinary mercerized wax. Let this stay on overnight, washing it off next morning. Repeat daily until your complexion is as clear, soft and beautiful as a young girl's. This result is inevitable no matter how sallow or withered the complexion. The wax literally absorbs the filthy surface skin, exposing the lovely young skin beneath. The process is entirely harmless, so little of the old skin coming off at a time. Mercerized wax is obtainable at any drug store, one ounce usually suffices. It is a veritable wonder-worker for rough, chapped, reddened, blotchy, pimply, freckled or sallow skin.

Pure powdered saxolite is excellent for a wrinkled skin. It is a fine, soft, white powder, which when dissolved in a half-pint witch hazel makes a refreshing wash-lotion. This renders the skin quite firm and smooth. Indeed, the very first application will show the lines; the deeper ones soon follow.

MADE A PRESENTATION
TO RETIRING ENGINEER

Yesterday Lorne R. Unsworth, who has resigned the position of second engineer on the government steamer Stanley to join the Minto, was presented with a token of the esteem of his shipmates.

The shipmates, Chief Engineer J. D. Meredith signalled the occasion by making a complimentary speech, and Capt. Dalton made the presentation. The crew of the Stanley also presented Mrs. Unsworth with a tea set.

Scientific Discovery.

New York, Jan. 3.—Dr. Alexia Carrell, of the Rockefeller Institute for Medical Research, who received the Nobel prize for medicine in 1912, is the first to announce a great scientific discovery in 1912. In the current issue of the Journal of Experimental Medicine, the official organ of the Rockefeller Institute, he predicts, as the result of a series of experiments, which have been in progress since 1907, the possibility of healing a cutaneous wound in less than a day and the repair of a broken leg in four days.

WEDDINGS

Allingham-Peck.

Hopewell Hill, Jan. 1.—A very pretty wedding took place at the residence of Mr. and Mrs. William J. McAlmon, at Hopewell Hill, on New Year's evening when Miss Amy C. Peck, sister of Mrs. McAlmon, became the bride of Joseph LeBaron Allingham, of Gagetown.

The ceremony was performed by the Rev. Thomas Stebbings, at 6 p. m., in the presence of the immediate relatives. The bride, who was given away by her brother, Capt. A. H. Peck, looked very charming in a gown of blue silk trimmed with real lace, and carried a white prayer book. The parlors were profusely decorated with white flowers and ferns. After the ceremony dinner was served in the dining room, the decorations there being poinsettia and amaryllis, etc.

Mr. and Mrs. Allingham left later for St. John and points west, the bride's going away gown being a tailored suit of blue broadcloth with black picture hat.

The bride will be greatly missed in musical and social circles, and the best wishes of a host of friends will follow her to her new home. A substantial cheque, cut glass and silver were among the numerous presents received by the popular young couple.

Henderson-Connelly.

A very pretty wedding took place at the Catholic church, Berlin, N.H., January 1st, between Miss Margaret J. Connelly, daughter of Mrs. John Connelly, formerly of Lancaster Heights, St. John, and Gordon J. Henderson, Berlin, N. H. The bride was attired in a gown of King's blue broadcloth with hat to match and carried a white prayer book. She was attended by Miss Mary Cooper, while John Bagley acted for the groom. After the ceremony a dainty wedding breakfast was served at the home of the bride's mother, 64 Spring street. The presents were numerous among which were a beautiful mantel clock of onyx from the electrical department of The Burgess Sulphite Co., where the groom is employed. The happy couple left on the 1:30 a. m. train for Montreal and other points. After their return they will take up their residence at 53 Spring street.

GENERAL.

Home at Last.
New York, Jan. 3.—Steaming slow in a dense fog, the British cruiser "Seydlitz" returned to England after a long voyage to the United States. The ship was met by a guard of honor of two United States battleships and four destroyers.

Pitman's Centenary.
New York, Jan. 3.—Stenographers throughout the world will today observe the centenary of the birth of Sir Isaac Pitman, the inventor of modern shorthand. Commemorative exercises have been arranged in the puppet schools. Similar exercises will be held in England under the auspices of the Lord Mayor of London. Sir Isaac Pitman was born in Bath, England, in 1813 and in 1894 was knighted by Queen Victoria for signal services in the art of shorthand and phonetics. He died in 1897, his system of shorthand forming the basis of most of the modern systems.

An Immense Iceberg.
Portland, Ore., Jan. 3.—A huge iceberg four or five miles long and more than 1,000 feet high, the largest seen in years, was sighted by the crew of the British bark Metropolis, Captain John Abbott, which has reached the port of Astoria after a passage of 135 days from Buenos Ayres.

If Constipated or BILIOUS—"CASCARETS."
Headache, Sour Stomach, Biliousness and Bad Taste Gone By Morning.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. It is a terrible condition, which causes indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret will clean your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10 cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, clean cleansing, too.
