## BOYS REFUSED TO OBEY ORDERS

Naval Department Makes Reply to Mayor Hawkin's Halifax Statement.

Ottawa, Jan. 22.—C. J. Desbarats, deputy minister of naval affairs, who showed a despatch from Halifax, in which the mayor of that city is quoted as having said that there were a number of boys confined in prison because they refused to go to sea in an unseaworthy trawler, and that he considered the boys had been given a "raw deal," by the naval department, stated that the facts of the case were as follows:

"The boys referred to by the mayor were none of them under 18 years of age, and probably ranged in age from that up to 25. They had refused to take their ship, an armed trawler, out to act as a vessel at a time when submarines were operating around the coast. The reason for their refusal was, not that the boat was unseaworthy, but that their sleeping quarters were damp, water leaking through the cracks in the deck over their heads. They had been tried in an open court martial for refusing to do their duty in face of an enemy, and on being found guilty were given a prison term of eighteen months. An officer had charge of their defence, and they were perfectly free to employ any other counsel that they desired."

Mr. Desbarats said that the men were absolutely wrong in refusing to take out their ship under the circumstances. Their action was much the same as that of a body of soldiers who refused to go up to the front line trench because they did not want to experience the discomfort involved in so doing. The ship which they were to escort might have been torpedoed through the failure to go out, and every man on board might have been drowned.

## OBITUARY

Mrs. A. E. Long.

Cole's Island, Jan. 21.—The death occurred on Monday morning, January 13th, at Cole's Island, of Mrs. Elizabeth Long, beloved wife of A. E. Long, having been in failing health for a number of years, being confined to her bed for two months. Deceased, who was 58 years of age, was a much respected member of the Baptist church. She was a devoted wife and mother. She is survived by her husband, one son, Arthur E. of St. John, and three daughters, Jennie (Mrs. Walter Patterson), Sussex; Lottie (Mrs. Frank Taylor), Cole's Island, and Miss Eugenia of St. John, also an aged father and one sister, also two grand-children.

The funeral took place on Wednesday, the body being interred in the family lot at the Baptist cemetery. Rev. W. U. Hatfield conducting the services at the house and grave. The bereaved family have the heartfelt sympathy of the whole community in their sad bereavement.

Raymond P. Steeves.

The sixteen months old son of Mr. and Mrs. Warren Steeves, of Pleasant Vale, Albert County, died on Saturday, of double pneumonia, following influenza. Death came after a few days' sickness, and the funeral was held on the 13th, the services being conducted by Rev. Messrs. Steeles and Grogan. The little body was tenderly laid to its rest in the Pleasant Vale cemetery. Mr. and Mrs. Steeves and family have the sympathy of a large circle of friends in the loss of this bright little boy.

Patrick Edward Hennessey.

Moncton, Jan. 22.—The death of Patrick Edward Hennessey, one of Moncton's oldest residents, occurred this morning. Deceased was born in 1837 at Kilkenny, Ireland, and came to Moncton in 1881. He is survived by his sister, Miss Catherine Hennessey, and two nieces, Mrs. H. H. McAnson, of Moncton and Mrs. J. H. McCubby of Benton.

Deila M. Thurber.

Digby, N. S., Jan. 22.—Deila M. Thurber, aged 20 years, daughter of Mr. and Mrs. A. H. Thurber, Freeport, is dead. She was taken sick with influenza about Christmas and never rallied. She leaves to mourn her parents and three sisters. Before she was taken sick she was an employee of the St. John office of the New Brunswick Telephone Co., and was a regular attendant at the Central Baptist church there.

Capt. Fenwick Rice.

Digby, N. S., Jan. 22.—The funeral took place this afternoon at Smith Cove, of Captain Fenwick Rice, who died suddenly at his home in Deepbrook. Captain Rice was about sixty years of age, and was one of Nova Scotia's successful mariners. He gave his only two sons for King and country, and their remains are in Flanders Fields. He leaves his widow, desolate and alone. The funeral today was under Masonic auspices, and Rev. A. N. McNith, assisted by Rev. W. L. Croft, of Digby, officiated. The service took the form of a memorial service for the Captain and his two sons, and was very largely attended.

E. A. Driscoll.

Moncton, Jan. 22.—Word was received here today of the death of Sapper E. A. Driscoll, at Winnipeg. He passed through Moncton only ten days ago on his way from the front. His brother, Mr. A. J. Driscoll, lives in Moncton. His body will be interred here.

## EMPLOYERS MUST BE CONSIDERATE

Sam Gompers Says There Will be no Bolshevism in England or America if the Employers do Their Duty.

London, Jan. 22. (British Wireless Service)—Samuel Gompers, president of the American Federation of Labor, in an interview with the Pall Mall Gazette, has outlined the hopes and perils of labor in the future. He expressed much confidence in the restraining influence of trade unions on the workers, and said there was need of sympathetic treatment and understanding of the men's aims on the part of employers.

"The armies of democracy have overthrown the most powerful dynasties in the world," he said. "The absolute autocrats of a little while ago are dead or in the dust. But there is no saying to ill-learned hungry people: 'You are free men, free women. We have been victorious in the war.'"

"With the war, the cost of living has enormously increased, but wages have been insufficiently advanced to meet this cost. It is in the inadequacy of his surroundings that we discover the cause which induces the workman to degenerate into a Bolshevik. The organization of labor is protection against Bolshevism."

"In the countries where trade unions exist, the workers are restrained by the knowledge that their interests are completely defined. Great responsibility, however, rests with the employers. Those who have failed to grasp the meaning of the labor movement and its aims are a danger, not only to themselves, but to the whole community. If the workers of the victorious democratic nations receive the fair share to which they are entitled through their industry, then the Bolsheviks, who as swept across vast European territories need not burn here or in America."

## WILKESBARRE FIRE CAUSES BIG LOSS

Blaze Throws Twenty-five Hundred Out of Employment and Results in \$300,000 Damage.

Wilkesbarre, Pa., Jan. 22.—Twenty-five hundred men were thrown out of employment, the production of 6,000 tons of coal daily will be lost, and property loss of \$300,000 are the result of a fire at Larksville today that destroyed the number five breaker of the Delaware and Hudson Company.

Washington, Jan. 22.—Reduced ocean freight rates over various routes, including some special rates on commodities to Belgium which are expected in reconstructing the commerce of the country, were announced today by the Shipping Board.

## War Help Make New Race Of Super-men with Strength AND ENDURANCE LIKE ATHLETES OF OLD

By Putting More Iron Into the Blood of Modern Men and Women on Account of Their Eating Coarse Foods and Leading a Rigorous Outdoor Life? Physician Says

Iron Is Absolutely Essential to Greatest Development of Physical and Mental Power.

Why Nuxated Iron by Helping to Supply the Iron Deficiency in the Blood Often Increases the Strength and Endurance of Weak, Nervous, Run-Down Folks in Two Weeks' Time. The men of blood and iron whose

Indomitable force and tireless energy helped win the war owe much to the strength obtained by eating coarse foods and leading a rigorous outdoor life, is the opinion of Dr. George F. Baker, formerly physician and surgeon, Monmouth Memorial Hospital of New Jersey.

Dr. Baker believes that these same conditions on a lesser scale have been of tremendous help to the health of men and women in civil life. In commenting upon this, he says: "It is lack of proper foods for the soldier's strength of a nation, so does want of sufficient iron in the blood of men and women reduce their power and make them an easy prey to the thousands of disease germs constantly around us and always ready to attack the constitutions of the weak and run-down. It is not the quantity of food you eat which makes you strong, but it is the amount which is assimilated and taken up by the blood."

"Iron is absolutely necessary to change food into living tissue, muscle and brain. Refined foods and modern methods of cooking have robbed us of much of the iron which Nature intended we should receive and there is no doubt in my mind that the coarse foods of warriors, with their greater percentage of strength-giving iron, have materially aided in building up a stronger race of people. But unless this iron is obtained from our food it must be supplied in some form that is easily assimilated if we want to possess power, energy and endurance."

For supplying this deficiency and increasing the red blood corpuscles, I know of nothing more effective than organic iron—Nuxated Iron. From a careful examination of the formula and my own tests of Nuxated Iron I feel convinced that it is a preparation which any physician can take himself or prescribe for his patients with the utmost confidence of obtaining highly beneficial and satisfactory results. The fact that Nuxated Iron is today being used by over three million people attests to its tonic, strength and blood-building, is in itself an evidence of tremendous public confidence, and I am convinced that if others would take Nuxated Iron when they feel weak and run-down it would help make a nation of stronger, healthier men and women."

In commenting upon these conditions and the probability of building up a stronger race of people by increasing the supply of iron in their blood, Dr. Ferdinand King, New York physician and medical author says: "I fully agree with Dr. Baker. In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, cold crackers, biscuits, macaroni, spaghetti, tapioca, sage, farina, degenerated cornmeal, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cooking, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for another great iron loss."

"Therefore, you should supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt. I have used Nuxated Iron widely in my own practice in the most severe and chronic conditions, with unfailing results."

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, was asked for an opinion. Dr. Sullivan said: "Modern methods of cooking and the rapid pace at which people of this country live have made such an alarming increase in iron deficiency in the blood of American men and women that I have often marvelled at the large number of people who live in iron in the blood—and who never suspect the cause of their weak, nervous,

## ITALY DISCUSSES ITS SITUATION

Considers it Indispensable That Italy Possess the Brenner Pass and Dalmatian Coast.

Paris, Jan. 22.—The Italian delegation to the peace conference held a conference today with General Diaz, the Italian commander-in-chief, who arrived in Paris today to discuss Italy's aspirations from a military strategic point of view, with special attention to the possession of what the Italians call the "keys of the doors on land and sea."

To realize this object, the delegates from Italy, it is said, consider it indispensable that Italy possess the Brenner Pass, and also the Dalmatian coast and Zara and Sebenico. Without this territory they say it is impossible for Italy to control the Adriatic, as otherwise the coast line of Central Italy would be at the mercy of any nation possessing Dalmatia.

## OCEAN RATES REDUCED

Washington, Jan. 22.—Reduced ocean freight rates over various routes, including some special rates on commodities to Belgium which are expected in reconstructing the commerce of the country, were announced today by the Shipping Board.

## DESERTERS GIVEN LIFE SENTENCE

Sentence Was Afterward Commuted to Two Years at Hard Labor.

Ottawa, Jan. 22.—Private T. St. Cyr, a young French-Canadian member of the Second Depot Battalion here, was sentenced to life imprisonment by a court martial yesterday. However, before he was taken away to Kingston penitentiary, where he is to serve his time, the sentence was commuted to two years at hard labor. St. Cyr was drafted to the Second Depot Battalion, but did not like army life and took French leave and went to Calumet, where his home is, and was captured there by the military police.

A court martial was also held for Adolf Gohr, of Golden Lake, who was acquitted of a murder charge at the assizes held in Pembroke in December last. Just after Gohr was acquitted on the serious charge he was taken into custody by the military authorities. The result of the court martial will go before the privy council for consideration and will be announced later.

## LAWLESSNESS RUNS WILD IN PARIS

Thefts, Acts of Violence and Armed Attacks Increasing—Soldiers Doing the Stunts

Paris, Jan. 22.—Thefts, acts of violence and armed attacks are increasing daily in Paris, according to the Matin, which declares that the demoralization of allied troops is bound to have the effect of further increasing acts of lawlessness. The Matin continues:

Many former prisoners, now freed from the army, are hurrying to make up for lost time. This band of law breakers is now increased by contingents from the armies of our allies. Such a statement need not offend the susceptibilities of our friends beyond the Channel, and across the Atlantic. A national army means the recruiting of all classes, good as well as bad.
