tions throughout the province and the number of applicants to write the examinations has passed the 1.000 mark for the first time, the exact figures being 1,067.

Normal School entrance examinations classes 1, 2 and 3, have 865 applicants while the number writing last year was 760. There are 56 applicants for papers for superior class license. For the university matriculation examinations there are 135 applications for papers as compared with 136 last year and the number who write high school leaving examinations is 11, the same as last year.

The Scott Lumber Company's saw mill at Magaguadavic was totally destroyed by are yesterday afternoon. The mill has Magaguadavic was totally descripted by fire yesterday afternoon. The mill has been in operation six weeks this season, and manufactured about one million and a half of lumber. The men finished work on Saturday night, and most of them went to their homes to spend Sunday. The fire broke out at 1.30 o'clock and the supposi-tion is that is was set by a spark blown from the dump on the opposite side of the railway track, where edgings and refuse

The machinery, which is total loss sisted of rotary, stock, gang, lath and shir gle machines, and engine and twin boilers. The wind was blowing from the south at the time, consequently the planing mill and the season's cut of lumber, with the exception of about 40,000 laths, and some dimension stuff were saved.

dimension stuff were saved.

W. J. Scott, president of the company, went to Magaguadavic by early train this morning. The mill has been operated this season by A. C. Dutton for the Bank of Nove Scott. Nova Scotia. The property was insured but to what extent cannot be ascertained

years set in at 10.30 o'clock last night and raged until after daylight. Rain fell in torrents, accompanied by heavy thunder. So far as can be learned the lightning did no serious damage.

The local firemen and a number of ex-

eursionists went to Houlton this morning by special train.

ing will be much easier.

Father Morriscy, the priest whose medical skill was known from ocean to ocean, was especially successful in com-pounding a liniment of superior merit. It is unequalled for rubbing the muscles. It rubs in quickly and thoroughly, scarcely a trace of it staying on the skin And it certainly drives out the stiffness from the joints.

Father Morriscy's Liniment has repeatedly cured and healed cuts, bruises, burns, frostbites, chapped hands, chilblains, sprains and strains, sore muscles, back-ache, toothache, earache, and similar affections. In connection with No. 7, it is valuable in rheumatism, while it is a helpful adjunct to the Lung Tonic in sore

throats and chest colds.
