JUST LIKE HOME.

Travellers are exceedingly enthusiastic over the comfort and convenience of the individual room sleeping cars operated by Canadian National Railways on both the 10 and 11 o'clock trains from Toronto to Mon-

tréal.

"It's just like a home on wheels," is the comment of a recent traveller who declares that it is the ideal way to travel if one wishes to arrive in Montreal rested, refreshed and ready for the day's work.

One feature of the individual room

sleeping cars that has made them extremely popular, is the successful manner in which any vibration that tends to disturb sleep has been eliminated by the special arrangement of rooms and beds, and the adoption of the latest type of box spring mattresses.

Reservations in the individual room sleeping cars should be made well ahead of time with Canadian National Agent.
