Mr. W. G. Darcy,
President, Associated Advertising Clubs of the World,
Waukegoning, Michigan.

My dear Sir:

I appreciate exceedingly the invitation extended in your wire of the 19th instant, just received.

I deeply regret that the pressure of public duties during the month of September will make it impossible for me to attend the Convention. No doubt the members of your Canadian Executive will be able to explain the circumstances which make any absence from Canada quite impossible for me at this time.

I should like, however, to express my cordial appreciation of the honor conveyed in inviting me to address this most important gathering.

Yours very truly,
