

NOTES ON THE USE OF THIS BOOK.

1. The boys and girls should be taught to read the responses together.

2. The object of this book is chiefly to give the Parish Priest, Parents, and School Teachers a means of teaching their children how to pray when they come to the Holy Eucharist, and not merely, as is often the case, let their thoughts wander away, or fix themselves upon vacancy.

"Did'st thou but know the gift of God and Who it is that cometh to them, how would'st thou hasten thy steps, and quicken thy pace to welcome Him."
