

## THE OPPOSITION CAMPAIGN QUEST ANSWERED.

### COST OF CIVIL GOVERNMENT.

The *Mall* says that, in 1877, the charge for Civil Government, was, for Ontario \$1,62,000, and for Quebec, \$1,04,000.

In this item, no fair comparison can be established between large and small Provinces, but it may be noted that the average cost of Civil Government to the five smaller Provinces of the Dominion, was just eleven cents per head of the population.

In Quebec under Tory rule, the cost to the people of Civil Government, was, 15 cents per head.

**AND IN ONTARIO IT WAS WITH A FAR GREATER AMOUNT OF BUREAUCRACY, ONLY ..... 10 CENTS PER HEAD.**

**NOW IN THAT FOR ONTARIO UNDER THE NOWAT ADMINISTRATION!!!**

### EDUCATION.

But the *Mall* has one more proof you have in its quiver. It is happy in the discovery that the Province of Quebec actually spends less for EDUCATION than the Province of Ontario!

Ontario spent in 1877 on the education of its people and the relief of bread and butter in this connection ..... 34 cents per head.

And Quebec under the rule of a "Tory government" only ..... 30 cents per head.

The Opposition are welcome to all the good they can get out of this line of advocacy; their organ has evidently in all its previous illustrations, "got the wrong end by the ear," and PROVES THAT ONTARIO UNDER A REFORM GOVERNMENT IS THE CHEAPEST AND MOST ECONOMICALLY GOVERNED PORTION OF THE WHOLE DOMINION, BOTH AS TO MEN AND MONEY.

As to Education, it is a very good old Tory idea to object to that vote, but Liberal-Conservatives will hardly think their champion fit putting them in the category of opponents to a liberal expenditure for Education.

### ONTARIO AND THE STATES.

The *Mall* tries to make it appear as though Ontario were less economically governed than the United States.

There are only FIVE American State Legislatures in which the proportion of legislature to the population is slightly less than in Ontario.

The cost of legislation in —

Connecticut	.....	21 cents per head.
Pennsylvania	.....	17½ "
Massachusetts	.....	16 "
New York	.....	12½ "
Illinois	.....	12 "
Michigan	.....	11 "
Wisconsin	.....	10 "
Maine	.....	9 "

And in Ontario is now under 7 cents per head.

**NOW IS THAT FOR ONTARIO UNDER THE NOWAT ADMINISTRATION!!!**

The information as to the cost of these Legislatures is obtained from the respective State Domes.

And again the *Mall* tries to prove that the *nowat* session of the Legislature was the most expensive ever held in Ontario.

But the *Mall* fails to mention that the *nowat* session of the Legislature was the shortest ever held in Ontario.

question that any responsible representative of the party the *Mall* supports comes out as an advocate for financial increase, and the other profound constitutional changes this suggestion implies.

### THE MINISTERS' SALARIES.

(From the "Mall" Opposition Campaign Sheet, April 21, 1879.)

In 1871 the salaries of Ministers were as follows :

Premier	.....	\$1,000
Treasurer	.....	600
Prov. Lands Commissioner	.....	600
Public Works Commissioner	.....	600
Provincial Secretary	.....	600
Minister of Education	.....	600

The salary of Dr. Bissell, Commissioner of Education, is included. In the above for minister of education, however, that of a child Minister, The *Mall* used to claim were sufficient, yet Mr. Merritt did not think at a time when the revenue could afford it, would have been the first object of a true Reformer, as follows :

Premier	.....	\$2,000
Treasurer	.....	600
Prov. Lands Commissioner	.....	600
Public Works Commissioner	.....	600
Provincial Secretary	.....	600
Minister of Education	.....	600

On an increase of \$7,000 a year. Last winter, the *Mall* claimed to make a show of economy on his death-bed, reduced the salaries to the following amounts :

Premier	.....	\$1,000
Treasurer	.....	400
Prov. Lands Commissioner	.....	400
Public Works Commissioner	.....	400
Provincial Secretary	.....	400
Minister of Education	.....	400

So that the total is still \$4,000 more than the sum of the Cabinet salaries under Sandfield. The Opposition made several efforts from time to time to reduce these and other salaries. Last session (Votes and Proceedings, 1873, p. 275-280), they moved a series of resolutions to that effect. Mr. Merritt moved as follows :

"That in the opinion of this House, the salaries of Ministers should be \$2,000, with \$1,000 additional for the Premier."

### THE OPPOSITION APPROVED THE INCREASE.

The Salaries of the Ministers were increased, in the Session of 1875-6, with the express approval of every Opposition member in the House, installing Mr. Merritt, the mover of the resolution of last session.

### WHAT THE GREAT ECONOMIST AT OTTAWA THOUGHT ABOUT SALARIES.

The Salary of the Premier of Ontario today is only equal to the amount which Sir John A. Macdonald in 1873 declared wholly insufficient for a Cabinet Minister at Ottawa to live upon.

In that year Sir John A. Macdonald received on terms of the whole Cabinet salaries in Ottawa from \$5,000 to \$7,000, with another \$1,000 for himself as Premier. (See *Statistics Canada*, 1873.)

Mr. Macdonald's income today is, including his indemnity as a Member of Parliament, \$10,000 or \$12,000 a year, more than three times the salary of the Premier of Ontario, and his emoluments all receive, although
