

STOMACH TROUBLES.

Does
Your
Food
Digest
Well?

To wrong action of the Stomach and impaired digestion a host of diseases owe their origin. The Stomach is the starting point and practically controls the whole system, so that Stomach Troubles should never be allowed to exist, especially as they are easily

cured at any stage by B.B.B.

When the food is imperfectly digested the full benefit is not derived from it by the body, and the purpose of eating is defeated, no matter how good the food or how carefully adapted to the wants of the body it may be. Thus the dyspeptic often becomes thin, weak, nervous and debilitated, energy is lacking, brightness, snap and vim are lost, and in their place come dullness, dizziness, lost appetite, depression and languor. It needs no great knowledge to tell when one has indigestion, some or all of the following symptoms generally exist, viz.: constipation, sour stomach, variable appetite, headache, heartburn, gas in the stomach or bowels, heat, soreness or gnawing at pit of stomach, etc., etc. The great point is to cure it, to get back bounding health and vigor, and this can be done more quickly, more securely, more permanently and more pleasantly by using B.B.B. than in any other way. Burdock Blood Bitters is constantly effecting cures of Dyspepsia where all other methods fail, because it works in a natural yet effective way by acting gently on the stomach, liver and bowels, removing all clogging impurities and making easy the work of digestion and assimilation. Read the testimony of Mr. W. E. McGregor, of Whitby, Ont., on this page. He is only one out of the thousands who owe their health to B.B.B.

B.B.B. CURES DYSPEPSIA.

ERNEST MCGREGOR.

WORST KIND OF DYSPEPSIA.

GENTLEMEN,—I write to inform you that for years I had been troubled with Dyspepsia, and having tried other medicines which entirely failed, I at last found relief and cure in Burdock Blood Bitters, of which I took two bottles, the result being a perfect cure. Although only a young lad I had been troubled with Dyspepsia for four or five years, but I can say now that B.B.B. does its work faithfully in the worst kind of Dyspepsia and has proved itself the only cure for me!

ERNEST MCGREGOR, Whitby, Ont.

GENTLEMEN,—I can safely say that B.B.B. is a successful cure for Indigestion. I had this trouble bad last summer and two bottles of B.B.B. built me up again. It's a good reliable medicine, both for Indigestion and as a blood purifier.

J. G. ALMOND, Hopetown, Que.

DEAR SIR,—After suffering for two years from Acute Indigestion I tried B.B.B. I took only three bottles, which made me as well as ever I was.

MRS. JOHN WHITE, Austin, Man.

REFERENCES.—A few names of those who testify that B.B.B. cures indigestion and Dyspepsia. Hundreds more could be given did space permit.
