An Advertisement to Wives

Perhaps you don't want your husband to insure his life. The possibility of his dying suddenly seems too awful to think about. And getting money as a result of such a tragedy offends your conscience.

Well now, do you know two widows, one left comfortably provided for by life insurance money and another left destitute? Ask them what *they* think of life insurance. Then draw your own conclusions.

If what they say leads you to believe in life insurance—as we believe it will—ask for our free booklet "Safeguard your legacy." It will tell you about an Imperial Life Policy in which your husband can invest a few dollars each year. Then if he should die we will pay to you as long as you live—regularly—each month—a certain amount of money to keep you and the little ones from want.

Fill out and mail the coupon below.
