A PRACTICAL LESSON

The cost of specially tailored clothes is greater than those you buy all ready to wear. But the Worth is Greater. The garment wears longer, looks well always and is economy in the end. See our special suit to order for \$20.00. Clerical Suits a speciality.

WHY A YOUNG MAN OF 20 SHOULD INSURE

Because the premium is now at its lowest, and protection is then secured, which at a later period might be unobtainable.

—To create capital for the future.

Under the whole life policy the premiums are payable throughout the insured's lifetime, and it becomes due immediately at his death. It is issued with profits distributed every 5, 10, 15 or 20 years, or without profits. At age 20, the premium, with profits, is \$19.00 per thousand. It is a good plan at a low premium.

The money paid in premiums is saved. It would otherwise probably be spent. A North American Policy, backed by \$5,000,000 of assets, soon acquires a substantial marketable value.
