HOME DEFENSE

A prominent Journal says:—

"The special situation which now confronts hundreds of brave sons and husbands (proceeding to war and conscious of insufficient Life Insurance) differs in degree rather than in kind from the uncertainty of life that faces the individual at any time. And it is to 'hedge' against the financial loss which a ways thus threatens home and dependents that the thoughtful breadwinner carries the largest amount of life insurance possible for him."

The homes and dependents of over 50,000 Policy-holders are protected by The Great-West Life—protected under Policies containing every privilege of modern Life Insurance.

When the War is Over

WHEN the War is over what motor car or piano, for example, will stand highest in public favor? What cereal? What range or furnace? What brand of soap, paint, stock food, and so on? The answer is: The make or brand that has kept itself constantly in the public eye DURING THE WAR—by means of advertisements in the public press.

Selling courage expresses itself in publicity. The withdrawal or suspension of advertising is a form of economy with a "back kick" in it.

Veterans and Heroes are the men who fight and keep on fighting.
