Telegraph Code: - - Actomo

No. 242. Three-Knee Bobs

High-grade bobs in every respect; finest selected stock throughout; very substantially ironed off.

Ironwork—Well fitted and very strong; height from ground to top of fender, 15½ inches.

Painting—Red, nicely striped.

Quoted without shafts. Supplied regularly with bars suitable for body measuring 36 inches wide over all.

Note.—The specially strong and correct construction of our front bobs in connection with sand bar, large full circle and bolster, make upsetting when turning short next to impossible. The oscillating movement on the front bobs which we discarded two years ago, and which some makers are still using, caused innumerable upsets when turning short. Our bobs are made to last practically a life-time. Finest material; extra strong, well-made iron work, correct design.
