

WITH THE SOLDIERS

Hon. Major the Rev. G. H. Williams, senior camp chaplain and chief recruiting officer in Military District No. 2, is to receive the degree of Doctor of Divinity (honoris causa) from Victoria University. Major Williams, who is a Welshman by birth, has held several pastorates in different parts of Canada, and is to occupy the pulpit of Sherbourne St. Methodist Church, Toronto, when the war is over. He has been one of the chaplains attached to headquarters for over a year, and since last year's camp at Niagara has been senior chaplain of the district.

NEXT COURSE IN BAYONET FIGHTING.

The next course in bayonet fighting and physical drill will commence at Exhibition Camp on Monday, April 10th, under Captain R. V. Conover, and will last for three weeks. There will be in attendance 27 officers and 300 n.c.o.'s, representing all battalions in the military district from the 95th to the 220th Battalions. Instructions to commanding officers are that officers for the course should be specially selected, including if possible the as-

stant adjutant, and n.c.o. under the rank of corporal should be sent to the class. The type of men desired, according to the advance orders, are those who are quick, active, of fair education, and physically fit, while those having previous knowledge of boxing, gymnastics, or physical training are preferred.

125TH NOTES.
On duty to-day in the 125th Battalion is Capt. Cockshutt, next for duty, Capt. Wallace. The subaltern of the day is Lieut. Coghill, next for duty Lieut. Waterous.

Two much appreciated lectures were given last evening in the 38th Regiment Officers' Mess. Capt. Wallace spoke on "The Calculation of Working Parties," and Capt. Patterson on "Equitation."

TWO NEW MEN.

Two new men signed on with the 125th Battalion yesterday, both Canadians. They are:
Herbert Clark, Canadian, 18, florist, single, 3 years 38th D.R.C., 47 Church street city.
Roy James Mulligan, Canadian, 17, farmer, single, Waterford, Ont.

Music and Drama

POLLY AND HER PALS.

The most startling surprise of the current season comes to the Grand Opera House to-night. It is Gus Hill's latest musical comedy innovation, Polly and Her Pals, and was designed with the idea of combining all of the essential features and most satisfying entertainments of modern theatrically into one evening's enjoyment. Not a solitary tear, except those produced by hilarious laughter. Not a heart throb or thrill except from excess of pleasure. There is music of grand opera sung by grand opera voices; there are scenic and electrical splendors aplenty with Polly and Her Pals, to make you forget your troubles for one night at least. There's laughter in every line, solid enjoyment in every song and real pleasure in the chorus of Winter Garden girls who will acquaint you with all of the "Town Topics" and extend to you "A World of Pleasure." Better than Mutt and Jeff. Don't miss it. To-night at the Grand Opera House.

"Mrs. Temple's Telegram" will be repeated to-night and to-morrow.

SCOPE OF ENQUIRY INTO KYTE CHARGES

Order Constituting Royal Commission Brought Down by Premier.

Ottawa, April 4.—The order in Council, constituting the Royal Commission which is to investigate the Kyte charges, was brought down to-day and read to the House by the Prime Minister. It provides for the fullest enquiry into not only the four Kyte charges, but into such other matters affecting the proceedings as the Shell Committee, as may be referred to the commission by the Government. The order is dated to-day as having been approved by H.R.H. the Governor-General.

NOT TRUE

Sir Robert Borden also told the House to-day that a newspaper despatch from New York stating that an official of the British Embassy in New York had been sent to acquaint the Governor-General of Canada with regard to certain irregularities in the placing of Canadian contracts in the United States was untrue. He had brought the matter to the Duke of Connaught's attention, and his Royal Highness had authorized him to state the report was untrue.

NEW MOVE MADE ON C. N. R. BILLS

Location of Lines to be Referred for Approval to Railway Board.

Ottawa, April 4.—Notice of an important amendment to the Canadian Northern Railway extension bills was given last night by Mr. J. E. Armstrong, i. e. moving that a four-hour debate be allowed on the proposed extension of the Board of Railway Commissioners control over the location of the lines before construction is begun. This proposition is taken from the draft of the Consolidated Railway Act, prepared some time ago, and will apply ultimately to all railway construction if the present draft Act becomes law.

The battle against the passage of the two bills was resumed in the House with as much vigor as had been displayed in the Railway Committee, and it was not till the evening recess that a compromise arrangement seemed at all probable. Conferences then took place and the amendment, of which Mr. Armstrong gave notice, is said to have a fair prospect of acceptance as a basis of settlement.

The discussion took place, in committee, on the Niagara, St. Catharines and Toronto Railway bill, a preliminary attempt by Mr. Armstrong to delay discussion on the ground that the bill was not printed in French, being frustrated by the production of a French copy.

Mr. A. C. Macdonnell, of south Toronto, and Mr. Edmund Bristol, of Centre Toronto, spoke strongly in opposition to the proposed extension, pointing out the importance of the Hydro-Electric movement to the people of Ontario, and arguing against the duplication of lines between Toronto and Niagara. Mr. Macdonnell urged that the question was really a national one, although affecting Ontario at the moment.

Mr. H. B. Morphy, sponsor for the bill, and Mr. W. H. Bennett spoke in favor of the extensions, as did W. M. Green, who also spoke in support of the bill. Mr. Armstrong moved for an adjournment of the debate was voted and carried by 40 to 23.

CHICAGO GRAIN MARKET

Chicago, April 4.—There was a gain in the price of wheat of as much as 5 cents yesterday, showing the sensational gain of 13 cents for the July future in a week. The buying was of a strong character, with orders from every section of the winter and spring wheat belts. In addition, many orders were filled on foreign account.

The speculative world would do well at this time to note how quickly values have advanced. Professionals at the close of the day were long almost to a man. In fact, the weak market was a one-sided affair, and whether there will be enough crop drainage reports to-day to permit the bulls to continue in their movement is a question that was discussed by the wheat trade late yesterday.

The report of the Crop Expert Snow, issued yesterday, was construed by the trade as a most bullish document. It made the condition of the crop at the close of the season, since 1904, against 88.5 last year. He says the present condition indicates a crop of about 490,000,000 bushels, which is unquestionably below the average, this figure may be regarded as the maximum for the crop the maximum of 1915 compared with a yield in 1915 of 655,000,000 bushels.

Crop reports were received from Illinois, Ohio, Missouri and Indiana. Corn was 10 to 15 cents higher, and oats were 10 to 15 cents lower. Both grain futures were higher by the strength in wheat. Spots covered in both corn and oats. Cash sales were 50,000 bushels of corn and 70,000 bushels of oats.
