

ACUTE NERVOUS EXHAUSTION

All Treatments Proved Useless Until He Tried "FRUIT-A-TIVES"

MR. JAS. S. DELGATY.

R.R. No. 4, Gilbert Plains, Man. In the year 1910, I had Nervous Prostration in its worst form; was reduced in weight from 170 pounds to 115 pounds.

The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take "Fruit-a-tives".

I began to mend almost at once; and after using this fruit medicine for 3 or 4 months, I was back to my normal state of health.

I never had such good health for twenty years as I have enjoyed the past six years. We are never without a box of "Fruit-a-tives" in the house".

JAS. S. DELGATY. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

DON'T WANT MR. COLE AT SIMCOE

Board of Education Asks the Provincial Department to Discipline Him

JUMPED CONTRACT

Other Simcoe News - Accident Claim Are Settled

(From Our Own Correspondent)

Simcoe, Sept. 7th.—At the regular meeting of the Board of Education held last night the general feeling prevailed that Mr. Cole would be better without a mathematical master who contracted for a year and then considered his agreement "a mere scrap of paper," and the following resolution was passed unanimously.

That the secretary of this Board be and he is hereby authorized to report to the High School Inspector and to the Department of Education the refusal of High School teacher W. G. Cole to carry out his contract entered into with this Board, and for this purpose to forward to the proper authorities the contract and subsequent correspondence with respect thereto, to be dealt with pursuant to the High Schools Act in this behalf."

The penalty in Mr. Cole's case is the suspension or cancellation of his certificate. A case was cited during the discussion wherein a teacher was ordered to report within three days, but the year's service was quite unsatisfactory.

Blackboard State Coming. Chairman Marston of the building committee reported that the last slate had been found and had passed the customs officials at the line.

Principal McPherson reported an attendance of 540 on the opening day and the enrollment had increased to 574 on Friday. As yet none of the divisions are crowded. In two rooms the seating has been reversed to get proper lighting. The principal reported that the entire senior fourth class had passed H. S. Entrance, and 26 of them had taken honors.

Principal Christie reported the enrollment at the high school by forms, 1. 41; II. 24 III. 19; IV. 24; V. 8; Total 116 with many still out at summer resorts, the factory or the farm.

The Finance Committee passed on the following accounts: High School: R. Mead, painting base, \$60.40; Advertising for teachers, \$29.16; Sundry, \$5.96.

Total \$95.52. Public School: J. B. Jackson, coal, \$121.00; West and Peachey, repairs, 46.68; Gas Company, 11.19; Insurance premiums, 25.04; Sundry, 19.19.

Total \$222.92. Mr. Kelly introduced the question of carrying out the program of ward schools by calling for tenders for the North School, and prepared a motion to that effect. Mr. Marston refused to second the motion on the grounds that it would not be fair to ask contractors to go to the trouble and expense. He thought present prices prohibitive, and claiming that there was no certainty about ability to get material at any price. Then there was the difficulty of financing the proposition. Mr. Kelly tabored the question of cost, and thought an accommodation essential.

Mr. Murdoch thought the present accommodation sufficient for the time being. "The pupils are out of the market; it was a disgrace that they were ever put there. We lost."

Tyler Too Much for Red Sox in the Second Game of Series

CUBS GOT LEAD EARLY

Chicago Drove Over Three Runs in Second Inning and Won

Chicago, Sept. 6.—The Chicago Nationals put the world's series on a fifty-fifty basis to-day by defeating the Boston Red Sox, 3 to 1, in a good old-fashioned game of baseball.

Tyler, pitching for Chicago, was the hero of the contest; for he projected a steady stream of fast balls, coming to bat for Boston, was cheered as he came up. His wallop was the mightiest of the series thus far.

Merrile started the scoring for Chicago by waiting for four bad ones. Thomas let it bound past him. This Pick hunted gently toward third and the runner was safe. The Cubs scored, while the official scorer awarded Pick a hit. Deaf killed off Killifer was the next man up. Earlier in the game Tyler devoted much attention to getting something out of the catcher's eye, and the operation was a complete success. Killifer got both his good eye and the convalescent one on the ball and delivered two batters, the first extra-base wallop of the series. Merrile scored and Rick rested on third. Surge Tyler rose to the occasion with a single, scoring Pick and Killifer, but he himself was caught trying to reach second on the play. The Cubs threatened again in the sixth, but the cloud did not develop rain. Holler hit along first base and his speed turned it into a triple. He never got far, however, as Boston rallied heroically. The infield drew in and Mann was out. Scott to McLinnis, Holler hardly having a chance to move off the third sack.

Scott's safety throw threatened again in the sixth, but the cloud did not develop rain. Holler hit along first base and his speed turned it into a triple. He never got far, however, as Boston rallied heroically. The infield drew in and Mann was out. Scott to McLinnis, Holler hardly having a chance to move off the third sack.

MARKETS

The following comment on the market, situation as regards food-stuffs, appearing in Canadian Grocer this week:

Salted meat is again of interest during the week, though this time interest centres in the United States. The Food Administrator there has wired the packers to hold their goods still, citizens to the order of the Government and make no deliveries to civilians. It is further intimated that when Government needs have been supplied, any surplus will be released for domestic trade.

Whether this presages similar action here in respect to the cheaper grades of salmon is not easily determined. At present it is understood the War Trade Board purchase includes only the best grades but should the authorities cannot be determined. The negotiations in Canada are being handled by the War Purchasing Commission—in the United States this last order was issued from the Food Administration Department.

It is intimated that new certificates and allocations of sugar are to be issued only to importers of sugar who brought in sugar supplies during the past season, thus establishing a trading basis. Others will have to secure supplies through wholesalers and dealers.

Montreal—Fewer changes have been made this week than for some time and the jobbers are waiting for definite prices on new pack canned goods, etc., for the ensuing season. These should be out any day now. The probability is the canned tomatoes will be available at a better figure than even promised a few weeks ago. Quebec province has produced a good yield this year, and there will be a good condition in this respect elsewhere.

The flour situation is one that promises to take on new interest in the immediate future. Millers are just awaiting the decision of the Food Controller on several points, and hope to be milling wheat here in a few weeks. Flour has gone up 2c, higher and some brands of fish cakes as well. There is not a great deal of movement in some lines but the trade is looking forward to a general revival of trading within a few weeks.

Toronto—Advances for the week include one manufacturer's line of confectionery, which has gone up 2c per pound; their bon bon packages 5c per pound, and bar goods 5c per box. Sugar restrictions have also extended to a few manufacturers of soap, when present stocks of some lines are exhausted, there will be nothing further offered, at least until the general revival has assumed less serious proportions.

Wholesalers are again emphasizing upon their salesmen that all bakeries, confectioners, hotels, restaurants, caterers and eating houses, as well as manufacturing plants and firms using sugar for commercial purposes must send out mail in sugar certificates to have requirements met thereon before delivery can be made. The regulation governing the use of eating houses of all kinds is now effective, viz., 2 pounds for each 90 meals.

Another line of dried fruits has been added to the list of those which the government will be going in the United States. This is choice apricots, it being understood that the Government has commandeered the entire crop of this grade. This means that the Government requirements now embrace prunes, peaches and apricots. When their needs have been fully met on these lines, the balance left for civilian use is not likely to be any too heavy, and Canada's allotment will probably run pretty small. There is some hope expressed that permits to import Malaga raisins in limited quantities may be granted.

At the present time alfalfa are looked upon as about the cheapest nut offered locally. A sharp advance at primary points occurred two or three weeks ago, and this has been followed by another increase amounting to about 40 per cent. Today's prices locally are well below present cost to import. The trade shows some interest in this line, and sales have been very fair.

The attendance was only a few hundred more than yesterday and the 20,000 persons present left many vacant seats.

Flack Saves Game. Flack's magnificent throw from right saved the day for Chicago in the eighth. Schang, batting for Hollocher, singled into far right field. Hooper singled into far right field. Schang passed second, but Flack, throwing on a line with deadly accuracy, caught him feet away from the base. It was a disappointing out for Boston.

Despite warm and pleasant weather, the fighting blood of both teams was up from the beginning. Umpires were growled and snapped at; the crowd grew partisan, and away down in the depths of the Boston boma proof, Knabe, Chicago coach, and Wagner, coaching for Boston, got into a fight. The crowd learned of it when players and umpires made a dive into the dugout and separated them.
