# CRAZY MOTHER'S DEED

Murders Her Three Babies as They Were Sleeping.

Strangles Little Ones With Clothes-line—Then Calmly Told Her Husband to Come Home and See What She Had Done—Had Sudden Attack of Insanity—Does Not Realize End of Her Crime.

Buffalo, Sept. 25.—Early yesterday morning, Mrs. Bertha Mund, aged 37, strangled her three children, Christopher, aged 8 years; Helen, aged 2 years; and Freda, aged 8 months, to death at their home, 925 Clinton street.

Immediately after committing the deeds, she went to the Pennsylvania Railroad yards, where her husband is employed, and informed him of her action.

The children were all sleeping when their mother killed them. She murdered the boy, Christopher, first. He was asleep on a mattress in the parlor. She wrapped a blanket about the boy's head, covering his face, and then tied a clothes-line about his neck, turning it around three times and then drew it tight and fastened it by tying several knots.

The girl, Helen, was asleep in a crib in the parlor. Mrs. Mund wound a clothes-line around the little one's neck twice, and, after strangling the child, she carried the body into the bedroom and put in on the bed, covering it with a quilt.

Freda, the baby, was her next victim. She was asleep in a baby carriage in the kitchen. Mrs. Mund tied a piece of clothes-line about the little one's neck once and fastened it in two knots.

When Mrs. Mund met her husband, she said: "Fred, I have made away with the three children; come home and see."

Mund hurried home, taking his wife with him. When they reached the house, Mrs. Mund sat down at a table and began to cry. Mund notified the police, and the woman was taken into custody. To Superintendent of Police Regan Mrs. Mund made a statement, in which she said: "I killed the children because I did not want them to grow up and be crazy like me."

The police say the woman does not realize the enormity of her crime, and that she killed the children while suffering with an attack of insanity that suddenly seized her. She had been ill with nervous trouble for about six months, but had never, prior to yesterday morning, manifested signs of mental derangement.

Mr. Swelhead—Curriculum! What's that mean? I'm against it, whatever it is.

Mr. Swelhead (reading the report of the interview in the next morning's paper)—"Our distinguished townsman, Mr. M. T. Swelhead, was found at his charming home, surrounded by abundant indications of ripe scholarship and sturdy common sense. In reply to our representative's questions he said, 'I do not desire to force my opinions upon the public, but this I will say, that I have given to this question long and studious attention, incidentally examining upon the curricula of institutions of learning, both at home and abroad, and although I found in the existing course of study not a few matters for condemnation, still I cannot say that I should advise any radical change until I have further time to examine into the subject.' Toronto Live Stock.

TORONTO, Sept. 24.—Receipts of live stock at the city market since last Friday, as reported by the railways, were 90 carloads, composed of 1251 cattle, 470 hogs, 2123 sheep and lambs, with 186 calves.

Exporters.  
Few exporters were on sale, but there was one lot of 14, the best on the market for some time, brought in by the Canadian Pacific, his own feeding, weighing 1200 pounds each, that were bought to fill a special order by the Canadian Pacific.

Export bulls were quoted at \$3.25 to \$3.50 per cwt. It must be remembered that this sale is no criterion to go by, as there were no other cattle on the market approaching them in quality.

Butchers.  
Picked lots were quoted at \$4.75; best, \$4.75 to \$4.80; medium, \$4.75 to \$4.80; common, \$4.75 to \$4.80; cows, \$4.75 to \$4.80; canners, \$4.75 to \$4.80.

Feeders and Stockers.  
Few feeders or stockers are being offered. There is a demand for distillery cattle, steers at \$3.25 to \$3.50, bulls at \$2.25 to \$2.50.

Milk Cows.  
Several Montreal buyers looking for choice and sprightly cows for the best class, but common, inferior cows were slow of sale. Prices for the best ranged from \$40 to \$50, while common to medium ranged from \$25 to \$35 each.

Veal Calves.  
There was a good demand for the best class of veal calves; prices ranged from \$3 to \$3.25, with a few choice new milk-fed calves at \$7 per cwt.

Sheep and Lambs.  
Receipts were large, export ewes selling at \$4.25 to \$4.50; rams at \$3 to \$3.50; lambs, \$4.50 to \$5.75 per cwt.

The run was light. Mr. Harris reports prices unchanged at \$1.12 1/2 for select and \$1.07 1/2 for lights and fat. Packers are complaining of the quality of hogs being marketed. There are far too many light pigs, and pigs with coarse heavy frames, that are unfinished, coming on the market. Packers are determined to remedy this by discriminating in price against both these classes. Drovers will do well to leave all such hogs with the farmer to finish.

Rheumatism, in any form, means irritated nerves, and is caused by uric acid being deposited in the blood stream. The only way uric acid reaches the blood is through weakness or disease of the kidneys. The only way to cure weak, diseased kidneys, and thus cure Rheumatism, is to take Bu-Ju.

# The Contractor Killed.

Parry Sound, Sept. 25.—On the Canadian Northern Ontario Railway at Fooths Bay on Monday, Alexander Fraser, a tie contractor, was killed. The man, who had been drinking some, was walking along the track, and when overtaken by the train attempted to get out of the way, but stumbled and fell in front of the engine, both legs and an arm being picked up. The unfortunate man was picked up and placed on the train and an effort made to get him to Parry Sound for treatment, but he died there. He was conscious to the time of his death, and told of his attempt to escape.

What a splendid type of tireless activity is the sun as the psalmist describes it issuing like "a bridegroom from his chamber and rejoicing like a strong man to run a race." Every man ought to rise in the morning refreshed by slumber and renewed by rest, eager for the struggle of the day. But how rarely this is so. Most people rise still unrefreshed, and dreading the strain of the day's labors. The cause of this is deficient vitality and behind this lies a deficient supply of pure, rich blood, and an inadequate nourishment of the body. There is nothing that will give a man energy and strength, as will Dr. Pierce's Golden Medical Discovery. It does this by increasing the quantity and quality of the blood supply. This nourishes the nerves, feeds the brain, builds up enfeebled organs and gives strength and vigor of life a joy. The "good feeling" which follows the use of "Golden Medical Discovery" is not due to stimulation, as it contains no alcohol. The ingredients are plainly stated on the bottle-wraps. It does not "brace-up" the body, but it up to a condition of sound and vigorous health.

# CALGARY GETS GRANT.

Dominion's \$50,000 Will Go to Western City.

Ottawa, Sept. 25.—Ottawa has lost its chance of securing the Federal grant of \$50,000 for the Dominion exhibition next year. Calgary, Alberta, was beforehand and as recently as the 17th inst., secured a promise from Hon. S. A. Fisher, that the grant would be given to the Calgary Exhibition Company for 1909.

This year the Dominion exhibition grant was secured by Sherbrooke, and the Minister of Agriculture was very glad when the occasion offered to arrange that it should next year go to the west. That has been the arrangement for some years past. After Toronto came the turn of Winnipeg. Last year it went to New Westminster, and, as stated, this year Sherbrooke had it.

It is expected the formal order in council, will be passed in a day or so.

# Weak Kidneys

Weak Kidneys, surely point to weak kidneys. The kidneys, like the heart, and the stomach, and their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

Your back aches or is weak; if the urine is scanty, or is dark and strong; if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative. Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

# WIFE MURDERER INSANE

Adam Lodwick Saved From Gallows, Will Go to Asylum.

Little Daughter Gives Evidence in Whitty Court—Father Had Been Injured and Was Never Right Afterwards—Pitiful Scenes at Trial—Child Tells How She Discovered the Awful Crime.

Whitty, Sept. 25.—Adam Lodwick is saved from the gallows, but adjudged insane, for shooting his wife last July, as a result of the finding of the jury at the Assizes here yesterday.

Two talemen from Brock Township, where the tragedy occurred, were challenged and relieved from service during the empanelling of the jury. Many witnesses were relatives and neighbors of the prisoner. All agreed that since last March he had become a changed man, despondent, morose and fearful of dying.

The evidence of Mrs. Blanchard and Boynton, who attended prisoner last spring, was very clear that he was suffering from melancholy. The latter advised then that he be sent to a sanitarium if a recovery was to be expected.

Dr. Warren, jail surgeon, under whose care Adam Lodwick has been since the shooting, pronounced him insane, and Dr. Bruce Smith, inspector of jails and asylums, and Dr. Beemer of Mimico asylum, accorded in the view of the local physicians.

The whole mass of evidence was so clear as to insanity that Mr. T. C. Robinette, counsel for prisoner, did not think it necessary to address the jury. Mr. Arnoldi also refrained from doing so, and Judge McMahon charged strongly in favor of finding the prisoner insane, which the jury did after being out half an hour. It now remains for the Lieutenant-Governor-in-Council to dispose of his custody.

Tells of Murder.

Alma Lodwick, the fifteen-year-old daughter of Adam Lodwick, was the first witness called. She wept previously upon going into the box. Mr. Arnoldi in lieu of examination read the young girl's evidence at the preliminary trial. Then Mr. Robinette asked a few questions. The facts elicited were that the daughter last saw her mother alive on the night of the 19th. Both father and mother were in the kitchen. In the morning she was awakened by a sound like a door slamming. When she came downstairs she found her mother lying upon her bed, dressed, with the baby on her arm, the top of her head shot off, blood and brains scattered over the bed, and even blood over the baby's face. The latter was crying.

She carried the baby to the kitchen, where her father sat. She saw the shotgun, which was usually kept over the cellar door, lying on the table. She said nothing to her father about her mother, being afraid. She gave baby to father to hold and went out. In a few minutes she returned and saw the gun in its place.

Took Shells From Gun.

The previous day her father had taken the gun down and asked her mother to go into the yard to see him shoot a bird. She expressed the opinion that there was something up. She succeeded in getting the gun and her father told her to keep it. She afterwards told her daughter she was afraid.

Last January Mr. Lodwick had been injured by a tree at Mr. Thompson's, a neighbor. Since the accident her father had said queer things and her mother had desired to keep the fact from the neighbors. For weeks her father had not gone to bed at night, fearing to die. Often he said he was going to die.

True Bills Returned.

Whitty, Sept. 25.—The grand jury returned true bills against Conductor Cook and Engineer Kyle for criminal negligence in the Myrtle railway accident case, and are likely to do the same for Train Despatcher Wilkinson. The hearing opens this morning.

The general, in reply, outlined the work of the Army, after reading of an address and reply, a largely attended informal reception was held.

General Booth addressed a large public meeting last night.

New York, Sept. 25.—Two men, one of them a policeman, were hurt in West 57th street, just before the polls opened at the primaries. In this district there is a hot contest for the primary leadership. A number of shots were fired, a great crowd gathered and for a time the police were unable to restore order. The injured men were taken to a hospital with scalp wounds.
