REV. FATHER SHAW'S TESTIMONY.—"To all those who may be suffering from that prevalent and horrible disorder called dyspepsia, I say with confidence and without any hesitation, go at once and procure a package of K. D. C. use it as directed, and before you consume the contents of one package, you will thank me for directing your attention to this wonderful cure. I have suffered from dyspepsia for the last 23 years until last summer it reached a crisis, my appetite for every kind of food was completely gone, when a friend in town advised me to try K. D. C. assuring me that it completely cured him when suffering from the same affliction. I obeyed, and procured a package of K. D. C. at once, I used it according to direction, and I am happy to say that in a few days, I felt nearly as well as ever.

A Bangon woman's pet dog died recently, and the woman, after copious tears, gave the cur an elaborate funeral. A casket was made and lined with silk. On a shrouded table in a darkened room, and banked with hot-house flowers, this carcass, with crossed paws, was laid in state. Then the family and all the sympathetic and curious women of the neighborhood filed in for a last look at Power. The casket was borne to the garden, and there, under the lilies, \$4 worth of black walnut, silk, and flowers, and 50 cents worth (original value) of dog were laid away.

Behring Sea Arbitration. The United States senate has ratified by a unanimous vote a treaty which submits to arbitration five points upon four of which the judgment of the arbitrator it sure to be against the United States.

On Wednesday morning about 5 o'clock when Burpee Lloyd went into his stable he found near the door an infant snugly wrapped in a pillow with a blanket and sheet around it. Mr. Lloyd removed it to his house and had it cared for. It proved to be a female child and appeared to be only a few days old. But as the child acted as if it had been drugged and was almost a skeleton, it may have been at least a fortnight old. Tracks were found around the stable which showed the child had been placed there by a man, or some one with large boots. No trace of the child's parents has yet been found. The infant has been removed to the Poor House in Cornwallis.

Rushing Westward.

DAILY TRAIN LOADS OF IMMIGRANTS AND SETTLERS ARRIVING AT WINSPIEG.

WINSPIEG, April 13.—No decrease in the number of immigrants arriving here is yet perceptible; each day train loads of settlers' effects continue to arrive and are at once despatched to different parts of the North-West. The companies are crowded with land seekers, each anxious to secure his land to begin spring work.

"How do the sales of the first quarter of the present year compare with the corresponding period of 1891 and former years?" asked a reporter of Land Commissioner Hamilton.

"The increase has been something enormous," said Mr. Hamilton, "but I think the second quarter will be even greater. For the first quarter of 1891 the sales aggregated 15,000 acres and for January, February and March of this year a total of 80,000 acres, an increase of 433 per cent.

In discussing this great increase Mr. Hamilton said it demonstrated that the extension of the branch lines was a factor in the development of a country, as illustrated by the sales of farm lands in the Souris district, in which section, for the first three months of 1891, the sales were only 960 acres, whereas for the past quarter 45,000 acres had been disposed of in that district, and principally to parties settling on land. Sales for the first ten days of April amounted to 25,000 acres; for the corresponding period of 1891, 3,300 acres.

The biggest day's sales this year took place on Monday, when over 9,000 acres were disposed of. The number of actual settlers who have arrived this year up to March 31, is now 6,000, which is 100 per cent increase over 1891.
