LOCAL MATTERS.

OUTSIDE.—A lot of correspondence and editorial matter, crowded out last week, will be found on first page.

THE QUEBEC EXPRESS, due here yesterday morning, stuck in the snow at St. Flavie Tuesday night, and was cancelled.

PROVINCIAL APPOINMENT.—Westmorland—Robert Lowerison to be a Commissioer of Sewers for the Etter aboideau marsh in the parishes of Sackville and Westmorland.

BROUGHT HOME.—The remains of John T. Power, of Charlottetown, who recently died at Jacksonville, Fla., were forwarded by rail to Cape Tormentine yesterday to be taken across the Straits by iceboat.

DONATION.—The friends of the Rev. D. S. Carpenter at Bayside, intend making him a donation at the school house of that place on Wednesday evening, the 2nd of March, at 4 o'clock, P. M. A cordial invitation is extended to all.

SNOW IN THE NORTH.—There is an abundance of snow in the North. In Restigouche, it is said, there is 6 feet on the level. At points along the I. C. R. the snow is piled up even higher, in some cases, it is said, being as high as the snow ploughs.

"TRIAL BY JURY."—Remember the lecture to-morrow (Friday) evening in Memorial Hall. The subject is specially interesting at the present time when the old time-honoured institution of Trial by Jury is becoming discredited owing to the repeated failures of justice and the increasing difficulties of securing an intelligent panel in criminal cases. Go and hear what a lawyer has to say on the subject.

P. E. I. PASSENGER TRAFFIC.—There were five passengers from the Island last Thursday, one of them being a woman—the first to cross this season. The trip only occupied two and a half hours. On Friday there were three passengers each way, and on Saturday eight persons crossed from the mainland, but none came from the other side. On Monday there were seven passengers from the Island, four of whom had vainly tried to cross in the "Northern Light." The number of passengers on Tuesday was six.

LARCENY.—Last Tuesday evening Dr. Moore and all his family attended the New England Tea in the basement of the Methodist Church. When they returned home their servants, Philip and Minnie Gould were missing, and a search through the house revealed the fact that a gold chain and some other articles had disappeared. In the morning a warrant was obtained and Constable Bulmer, accompanied by Thomas Moore started in pursuit. They overtook the Goulds about ten miles from Sackville on the Aboushagan Road. They had a handsled, which was loaded with plunder including clothing, groceries, provisions, a double barrel gun and other articles. The young man was not captured till after an exciting chase, but the prisoners were finally brought before Commissioner Cahill, who after examination committed them to jail to await their trial.

ROUND TOWN.

—There was a small audience at Chignecto Hall on Monday evening to hear the lecture on "Sermons in Lamps and Candles," and the lecture was somewhat disappointing to those who were present

—A sociable for church purposes was held at the residence of Mr. Geo. N. Bulmer,, Frosty Hollow, Monday evening, and proved a very pleasant and successful gathering. The receipts amounted to $11.60.

—Messrs. Hugh and A. T. Fawcett have hauled home nearly 900 logs this season and expect to make large additions to their pile before the winter is gone. They will employ a rotary mill next spring to manufacture the logs into lumber.

—The Pie Social at the residence of Mr. W. W. Fawcett last Saturday evening was in every way a success. The house was filled almost to overflowing, the pies were plentiful and excellent and the piano selections by Mr. D'Anguera charmed and delighted the audience. The sum of $16 was realized.

—Tuesday evening was not just such weather as one would choose for a public etertainment, but despite the storm there was a good attendance at the New England Tea in the basement of the Methodist church, and the baked beans, etc., received very marked attention. A pleasing feature of the entertainment was some violin music by Mr, Keltie with organ accompaniment by Miss Harrison. The total receipts were over $45.

—The annual missionary sermon of the Students' Missionary Society of Mount Allison will be preached by Rev. Prof. Burwash on Sunday morning, 13th inst., in the Methodist Church. On the evening of that day the students will hold their annual missionary meeting. Addresses will be delivered by Rev. Prof. Borden, Mr. Hopper and Mr. Wilson. The institutional choir will take charge of the music, under the superintendence of Prof. Mack, who will preside at the organ.

—The second lecture of the Mount Allison course proved no less successful than its predecessor, and although the "subject theme" showed a tendency to "turn out a sermon," yet the address was an earnest and interesting exposition of a crying want of the day. An unexpected treat was provided in a violin performance by Prof. Chisholm, accompanied by Prof. Mack, which received a persistent encore, and a finely rendered song by Mr. Harris, with Miss Stewart as accompanyist.

—Fred Estabrooks, who is a brakeman on A. W. Melick's freight train, had a narrow escape from death at Sussex, yesterday. He was in the act of coupling cars in the Sussex railway yard and when jumping from between the cars his left foot caught in a frog. He had a top boot on and succeeded in partly getting his foot out of the boot when the cars passed over his toes, smashing them badly. He was walking backwards when his foot caught in the frog, and had he not succeeded in wrenching his foot from the boot there is no doubt the consequences would have been much more serious.—*Transcript, 8th.*

—The Parlor Concert at Senator Botsford's Saturday evening proved even a grater success than was anticipated. As many persons were present as the spacious rooms could accomodate, quite a number coming from Dorchester. The programme included three songs by Miss Mack, three violin pieces by Mr. Chisholm and three songs by Mr. Racey. Needless to say, these were all excellent, but perhaps the most pleasing number of all was Gounod's "Sing Smile and Slumber" by Miss Mack, with violin obligato by Mr Chisholm. The tableaux vivants, "Dressing the Bride," "Zekle's Courtin'" and "The cup of tea before the ball," were very effective. The receipts were over $29.

—At the regular meeting of AuLac Lodge, No. 83, I. O. G. T., the following officers were installed by the L. D., Wm. Miner.

C. T., Duncan Mckinnon.
V. T., Belle Lowerison.
Secretary, N. D. Miner.

F. S., David Carter.

Marshal, Albert Miner.
D. Marshal. Miss Annie Brown.
I. Guard, James Carter.
O. Guard, Wm. Miner, Jr.
R. H. S., Mrs. David Carter.
L. H. S., Miss S. C. Fowler.
P. C. T., Johnston Miner.

After the installation stirring speeches were made by retiring and present officers, interpersed with readings and music. AuLac Lodge meets every Tuesday evening. All good T's. made welcome.

The Campaign.

Messrs. Wood and Black addressed a meeting at Oulton's Corner last Thursday evening and meetings at Cape Bald and Aboushagan Road on Friday afternoon and evening. On Saturday afternoon a meeting was held at Barachois, which was addressed by Mr. Wood, Hon. A. D. Richard, Mr. O. M. Melanson and Dr. Bellveau. In the evening the same speakers addressed a large meeting at Dorchester Road. On Monday, Mr. Wood spoke at Havelock, Kings Co., and on Tuesday evening, Messrs. Wood, Black and Powell addressed a large meeting at Salisbury. Yesterday afternoon a meeting was held at Kinnear's Settlement, and another in the evening at Petitcodiac. All the meetings were largely attended and the enthusiasm shown leaves no doubt of Mr. Wood's success. Mr. Wood will speak to-day at College Bridge, to-morrow forenoon at Shediac Bridge and to-morrow night at Shediac.

—The contract for building the Cape Breton Railway has been awarded to Messrs. Sims and Slater, of Ottawa.

"Fellow McCleod, while a member of Parliament, received from the Government the sum stated, for the use of his tug and for supplies. He sold pork at 14c. per lb., bread 7c., soda 10c., refuse deal $5 per M. Fellow McCleod's tug might well be termed a tug-of-war, for it did him valiant service."

OTTAWA, Dec. 2nd, 1873.

SIR—I am directed by the Hon. the Minister of Public Works to instruct you to purchase such of the railway supplies required for Halifax as are not procured by public competition from the firm of Black Bros. & Co., Halifax.

PUBLIC WORKS DEPARTMENT, May 5, 1876.

SIR—I am directed to authorize you to purchase, until further orders, from Messrs. Frothingham & Workman, of Montreal, such iron as may be required in connection with the canals under your charge.

(Signed) F. BRAUN. Sec'y.

To John E. Sippell, C. E., Montreal.

CANADIAN PACIFIC RAILWAY, Office of the Engineer in Chief, 29th June, 1874.

MY Dear Sir—On the other side you will find a list of the firms from which the supplies for the parties to be employed under you this summer are to be purchased. You will be careful to see that nothing which they can supply is purchased elsewhere, the price, of course, being reasonable. You will also have the kindness to send your parties to Thunder Bay by the Sarnia line of steamers.

I remain, my dear sir,
Truly yours,
JAS. H. ROWAN.

(THE LIST.)

Supplies for parties for the survey of 1874 to be purchased of the undersigned firms in Hamilton, Ont:—

Hardware—Adam, Hope & Co., Chas. Cameron & Co.
Quarries—Simpson, Stuart & Co., Angus Sutherland.
Dry goods—John McKenzie & Co.
Ready-made clothing—Sanford, Rickley & Co., Munro, Henderson & Bicaley.
Coach, saddlery, harness and trunks—Field & Davidson, Ernest Craft, Jas. Jolley.
Machinery—F. G. Beckett & Co.

"The last three communications speak for themselves. Had there been open and public competition, our noble fellows would not have been able to reap such a harvest from fat contracts, as they were enabled to do by the system adopted and which I have illustrated by reading these letters. The old system must be restored, and open competition, like Sir John and Foster—must go. We must save our boodle. I might have added to this record an account of the Neebing Hotel business, which placed some $70,000 where it would do the most good; I might have extended the list indefinitely; but time is valuable, and you can easily understand from what I have read that if we are successful in the present conflict the answer to the query "Will the old days come again?" will be a thundering "Yes!"

The president sat down, and for fully ten minutes the fellows waved their hats and yelled. When the uproar had subsided, the field officers submitted their plans of campaign and a lively discussion ensued.

Before closing the meeting, Fellow John E. B. was called upon for a song. He responded by singing one which he stated was composed by the poetical friend of Fellow John V., at the latter gentleman's special request. The only stanza the reporter was able to catch was the following:

Oh, how shall I tell of the longing I feel
For boodle, more boodle, more boodle?
Alas! 'Tis a feeling no words can reveal—
This longing for boodle, more boodle.
I long with a longing so utterly deep,
That it robs me of reason and robs me of sleep,
And all I can do is to wail and to weep,
For boodle, more boodle, more boodle.

The words of the other stanzas were unintelligible, owing to the emotion of the singer. The house was literally dissolved in tears and the closing ode which followed had a ring of pathos in it which so moved the reporter that he was forced to cool himself in a snow bank before venturing to go home.

—The meeting in the drill shed at Halifax last Friday night appears to have been a perfect pandemonium and was certainly a disgrace to the city, although it was claimed by one of the city papers as a remarkable expression of Liberal principles. It appears that an organized attempt had been made to prevent Sir Charles Tupper from getting a hearing, but the plot recoiled upon its promoters and Mr. Jones was the greatest sufferer. Mr. Jones made a cowardly attempt to throw the blame for the disturbances on the countrymen present, but the charge was not believed, and Messrs. Jones and Fuller's stock has declined steadily since the meeting.

—Sir Wilfrid Lawson, Radical, in seconding the amendment to the Queen's speech demanding the immediate recall of all the British forces in Ezypt, said:—"We have raised the funded debt of Egypt from £90,000,000 to £100,000,000, slaughtered many thousands of the natives, crippled the National Chamber, bombarded the principal city of the country under circumstances of the greatest horror, increased taxation, promoted horrible debauchery in the capital, sown dissension between the Khedive and the people and crushed out the first little sparks of independence that had been seen in Eastern nations for ages past."

—B. Globensky, law partner of Senator Lacoste, has taken action for $200,000 damages against Hon Mr. Laurier for having stated that he had bribed LaRochelle, member for Dorchester, to support the Conservative Government.

—Mr. Parnell's malady is reported to be Bright's disease. It is thought improbable that he will be able to stand the strain of his parliamentary work.

—Missing settlers, dead cattle, and suffering for want of food and fuel are consequences of the blizzards in the Western States.

LATEST BY TELEGRAPH.

SPECIAL TO CHIGNECTO POST.

HALIFAX, Feb. 10.—In Halifax the Conservatives are waging a splendid battle and, notwithstanding the secession majority of one thousand eight months ago, will give satisfactory account of themselves election day. Many life long Liberals, disgusted with the blizzard campaign of bluster and blackguardism, have abandoned organized hypocrisy and are doing yeoman service for union, prosperity and progress. Among the most prominent recruits are Frank Killam, ex-Grit M. P., and Hon. L. M. Baker, Yarmouth, who are supporting Kinney; Duncan, Cameron, Richmond; William Oxley, Cumberland; T. B. Smith, ex-Grit M. P., Windsor; D. McDonald, ex-Grit M. P., Victoria; John McGowan, shipbuilder, Shelburne, and John Vooght, leading Liberal of Cape Breton County. Sir Charles Tupper will have seven hundred majority in Cumberland, and McLellan five hundred in Colchester, and Liberal Conservative prospects are brightening all along the line in Nova Scotia.

QUEBEC.—The *Mercury*, one of the oldest newspapers in Canada, has abandoned Reilite Grits and come out for the Government.

MONTREAL, Feb. 10th.—Blake and friends very much exasperated over continued violent attacks on National Policy by his Maritime supporters. Blake has abandoned opposition to the National Policy as a whole, and the continued attacks on the tariff by Davies, Robertson and Jones, is seriously injuring the Liberal cause among Quebec and Ontario working men to whom Blake has pledged himself that he will make no material changes except as regards coal and cornmeal duties and other unimportant items.

TORONTO.—J. C. Rykert Conservative candidate has brought action for ten thousand dollars for slander against Patterson, his Grit opponent.

OTTAWA, Feb. 9.—The sum of four hundred thousand has been paid Nova Scotia fisherman for bounty up to 1885, of which the County of Lunenburg alone got eighty thousand in bounties. Last year will add another one hundred thousand, making in all half a million, not to speak of other expenditures for cruisers, etc.

ST. JOHN, Feb. 9.—Engineer Purdy was here to thoroughly investigate and report upon requirements of St. John as a terminal port.

HALIFAX, Feb. 10.—Reported that Messrs. Nelson, formerly proprietors of International Hotel, have bought the Halifax Hotel for ninety thousand dollars.

MR. EDITOR.

In looking over the report of the County Council in your issue of 27th ult. I notice the Parish of Botsford is assessed $650.41 for poor rates for the past year of 1886.

Why this sudden rise in our poor rates, as we were only assessed $256 for poor rates for the year 1885? There was a surplus of $28.98 due this parish at the January session of 1887. Also $11.00 fines collected by Wm. Duncan Esq., both of which were paid over to the overseers of the poor the past year, so that our actual poor account for the past year is $690 39. As the rate payers of the parish will soon be called upon to pay their taxes they should certainly know what they are paying such a heavy poor tax for, therefore I think it is clearly the duty of our County Councillors to publish in the County newspapers a detailed statement, showing the names of parties receiving parish aid, the names of parties to whom the amounts were paid (or assumed) also the amount paid (or assumed) to each.

Yours,
A RATE PAYER.

Parish of Botsford, Feb. 7th, 1887.

—A Brasford, Vt., despatch of the 5th inst says:—The night express, which left White River Junction for Montreal this morning, filled with passengers from Boston, New York and the West, for the carnival at Montreal, was thrown from the track by a broken rail on Woodstock bridge, West Hartford, Vermont, about 2 o'clock this morning. The engine, baggage car, two passenger cars and two sleepers plunged over the bridge sixty feet into the river below. The cars immediately took fire and within twenty minutes were all consumed as was also the bridge. The loss of life is estimated at fifty and the number of injured large.

—According to the last United States census the total capital invested in the fishing industries of Maine and Massachusetts is $17,710,444, the annual product $11,755,928, and the total number of persons employed on sea and shore 31,188. This would be a comparatively small stake to go to war about, but it is, of course, a principle for which each side is contending.

GRIP'S CARNIVAL NUMBER.—This, the publishers say, will be the finest publication ever issued from their establishment. The special features will be cartoons in five colors, with gold borders, the double-page centre-piece being one of J. W. Bengough's finest and funniest concepts. Subscriber's to *Grip* get this Carnival Number free; to others the price will be ten cents. It will be dated February 12th. Get it. Address GRIP, Toronto.

—It has been decided that the celebration of the Queen's Jubilee is to be held on June 20th, the day fixed for the thanksgiving service in Westminister Abbey, which her Majesty will attend.

—It is reported Lord Salisbury has received pacific advices from Sir E. B. Malet at Berlin, and other British Ambassadors.

—The Egyptain Goverment have raised the blockade of the Soudan and commerce with that region has been re-opened.

—The Inter-State Commerce bill has received the approval of the President.

GENERAL NEWS.

—Several fast skaters, including McCormick, Whebley, Akerly and Dingee, have left St. John to take part in the Montreal carnival.

—Another case of the biter bitten is reported from New York, a Canadian who went there to purchase counterfeit bills paying $127 for what subsequently proved to be two old newspapers and a pound of coal.

—Five men boarded a train at Alliance, Ohio, on Thursday night and rescued a thief from two Cleveland police officers, the officers being shot and so brutally beaten that their lives are in great danger.

—A terrific water spout burst over the village of Chestnut Mound, near Carthage, Tenn., on Wednesday night, almost ruining that section of country. A child was carried off by the flood and drowned.

—The appeals from Port Hood, C. B., to the full bench of the supreme court, in the cases of William McDonald, charged with rape, and the man McDonald, charged with the murder of McLellan, have both been decided against the accused.

—Advices from Mandalay state that the British forces have captured the entire camp of the insurgent Boshway. Boshway, however, managed to escape. King Theebaw and the Tsawba of Woontho have issued an address to the Burmese, advising them to submit to the British rule.

—A special from Fargo, Dak., says: Each blizzard seems more severe and terrible than its predecessor. The storm between Jamestown and Fargo has been worse than any in the history of the country. The thermometer ranged between 25° and 30° below zero all day Thursday, and east and west of this point terrible blizzards are raging. The train from the east with four engines was unable to make its way through the snowdrifts, and numerous settlers are reported to have been lost on the prairie. A man near Sirius wandered about on the prairie Wednesday night, having been lost while attempting to go from his house to a town, a distance of four miles, and when found he was buried in a snowdrift in which he sought shelter. His limbs were frozen so badly that amputation will be necessary, and it is thought he cannot recover.

Unlike any Other.

It is said by those who know, that Johnson's Anodyne Liniment is unlike any other in the world and that it is the most wonderful family remedy ever discovered. It is both for internal and external use, and is equally valuable in either case. It is safe to say that no remedy now known has cured so many cases of Diphtheria, Croup, Asthma, Bronchitis, Influenza, Sore Lungs, Bleeding at the Lungs, Spitting of Blood, Chronic Hoarseness, Hacking Cough, Whooping Cough, Lame Stomach, Rheumatism in worst form; Chronic Diarrhœa, Chronic Dysentery, Kidney Troubles, Diseases of the Spine, Sciatica and Neuralgia, as has Johnson's Anodyne Liniment.

This Anodyne Liniment is richly worth ten dollars a bottle in certain cases.

For instance, in cases of diptheria, croup, and asthma, when the sufferer is almost dead for want of breath, and something is required to act instantly. To an old man suffering with severe kidney disease, ten dollars is no more than a cent for a bottle of this Anodyne. In all such cases it will give immediate relief—and by using it occasionally, it will afford comparative comfort the remainder of life. A person suffering intense agony, no matter in what part of the body, nor what the cause, can get some relief immediately by taking into the stomach a double dose of this Anodyne.

"Saved the Life of My Wife."

Rockport, Tex.

Gents:—While on the subject of medicines, permit me to say that I can conscientiously vouch for the belief that about three weeks since Johnson's Anodyne Liniment saved the life of my wife while suffering from a complication of diseases in which tonsilitis, bronchitis, and a species of influenza which has been epidemic here, for several weeks) were conspicuous. In nearly every case where the Liniment was used internally and externally, a speedy cure has followed.

My children are subject to croup. Since ascertaining the virtue of the liniment, all that is necessary is to give them a dose, bathe their chests and throats with liniment, and tuck them in bed, and the croup disappears as if by magic. E. A. PERRENOT.

What True Merit will do.

The unprecedented sale of *Boschee's German Syrup* within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung troubles. It acts on an entirely different principle from the usual prescriptions given by Physicians, as it does not dry up a Cough and leave the disease still in the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cts., large bottles.

CERTIFICATE.

The Collector of Customs, at Montmagny, P. Q., speaks.

To BROWN BROTHERS & CO., HALIFAX, N. S.,

I was very much troubled with a sprained foot and though having an antipathy to Patent Medicines I was induced to try a bottle of SIMSON'S Liniment, and with such great success that I have recommended it to all my neighbors. I also recommend this same Liniment for Bunions and Corns as a friend who used part of my sample bottle can also testify.

EUGENE HAMOND, Collector of Customs

Montmagny, P. Q., Dec. 15, 1886.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhœa, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. WINSLOW'S SOOTHING SYRUP," and take no other kind.

Joyful News.

It is certainly glad tidings to the poor invalid to be informed of a remedy that will give prompt and sure relief in case of painful suffering. Such a remedy is Hagyard's Yellow Oil, adapted for internal and external use in all aches, pains, lameness and soreness. It cures rheumatism, neuralgia sore throat, croup and all inflammatory pains.

A Fair Proposition.

There could be no offer more fair than that of the proprietors of Hagyard's Yellow Oil, who have long offered to refund every cent expended for that remedy if it fails to give satisfaction on fair trial for rheumatism, neuralgia, sore throat and painful complaints.

He Shook It.

"I was subject to ague for two or three season, which othing would eradicate until I tried Berdock Blood Bitters, since which time, four years, I have had no return of the disease," W. J. Jordan, Strange, Ont.

For lame back, side or chest, use Shiloh's Porous Plaster. Price 25 cents. Sold only by C. G. Hart.
