

SPORTING WORLD

R. T. Steele presided at the meeting held in the Board of Trade rooms last night, for the purpose of considering the advisability of holding a regatta at the Beach on the Civic holiday. There was a fairly good attendance, among those present being George E. Bristol, W. W. Osborne, F. J. Harris, J. L. Counsell, J. Champ, W. Wood and other members of the old rowing clubs. The question of programme was discussed at some length, and the opinion seemed to be that a programme should be largely for Beach residents and include single and double skiff races, and events for women and children. Mr. Osborne suggested a four-oared event between the legal and the medical professions.

No committees were appointed, as it was felt it would be better to have a more representative gathering, when the work is assigned. It was decided to hold another meeting, at the same place, next Thursday night. In the meantime the promoters will do some boating.

Hamilton Driving and Athletic Association Directors are looking carefully after the interests of ladies who will attend the race meeting next week. The north end of the stand will be reserved for ladies and their escorts, and no smoking nor any objectionable people will be allowed in it. The ring and everything about the place will be conducted on strictly proper lines.

Already the horses are arriving, and to accommodate the large number that will be here, the Hamilton Jockey Club has granted the use of 50 stalls.

The Sons of England band has been engaged. Entries for the running races will close the night before the day of each race.

Mr. Alexander Gillespie, the famous cricketer, of Hamilton, now a resident of Toronto, has had forwarded to him a resolution of the Hamilton Cricket Club upon his retirement from the game here. It is a very complimentary one, and the Hamilton club, and the fame he has brought to this city as a cricketer, are shown in his marked ability, as shown in games in Canada, the United States and in the mother country. Whatever Mr. Gillespie's success may be in any sphere of life, Hamilton cricketers will always look upon him as one of themselves and a worthy Hamiltonian.

The second race of the Canadian Cycle Company's series will take place on Wednesday evening next over the same course as the last one, and starting at the same hour, 7 o'clock. Entries must be sent to C. T. Reid, Secretary, Times office, by 6 o'clock on Tuesday evening, and the committee will meet that evening to arrange details, fix handicaps, etc.

To-morrow afternoon, promptly at 4 o'clock, Dick Grant, the celebrated Harvard student, and Eddie Williams, the local runner, will be started on their ten mile race for the international championship. The race will be held at the cricket grounds, over the same course as that used by Grant and Williams a few weeks ago. All arrangements have been completed for the accommodation and comfort of spectators. The eastern end of the grand stand has been reserved for ladies and their escorts, and admission to the grounds will be by the Hamilton street gates only. Twenty-five cents will admit male adults to all privileges, while ladies and children will be taxed 15 cents.

Grant will arrive in the city to-day and will leave for New York immediately after the race, from whence he sails on Tuesday for Europe, as the American representative, at middle distances, at the athletic events shortly to be held in connection with the Paris Exposition.

BASEBALL.

THEY LOOK LIKE CHAMPIONS.
Chatham, June 21.—Patrons of the International League baseball around this city are waging to-night that the coveted bunting will be ticketed to President William Stroud at the close of this season, to be hoisted at Dundurn Park, the athletic domicile of a club of players representing the Ambitious City. The reason for this prophetic consensus of opinion was aptly put by the shining-faced pickaninny that Chub Collins gave a place on his bench, who rolled his eyes in awe and wonder and then addressed the Hamilton manager: "Oh, gosh, but dem dere sports o' yours does sling."

The visitors gave another splendid display of bating prowess, and punctured the reputation of one Andy Thompson, who essayed to do the pitching for the Reds, to the tune of 15 hits and victory. Every man hit the ball and hit it hard and safely. Bradford pitched for Hamilton, and Grimshaw and O'Connell were the only Chathamites who hit him to any effect. A peculiar feature of the batting record is that of Klock, who was twice hit by pitched ball and twice sent to first on four wild ones. Manager Black brought both his crumpies, Sanders and Klock, back into the game, in the hope that wrestling a victory, but the strong batting ability of the visitors could not be held in check. SAGINAW DEFEATS LONDON.
Saginaw, June 22.—Wife essayed to pitch for London yesterday, but was so wild that Cooper was called in during Saginaw's half of the second, in which the home team made 8 runs, with only two hits. After the second, Cooper held the locals down to four hits. Robb was effective for Saginaw, and the home team played a clean game, with the exception of Eddy at short, who contributed a couple of bad ones. Score:

NOTES OF THE GAME.

Seven straight. Getting monotonous. What's it like to lose? London here next Tuesday. Hamilton at Saginaw to-day. What's matter with Hamilton's hitting?

Saginaw, Hamilton and Grand Rapids are in a bunch. The team that can beat Chatham two straight can win the pennant. Flaaherty has done no good for the Port Huron Club. A live manager is what the place wants.

THE TURF.

Buffalo, June 22.—Fort Erie had a big crowd of visitors yesterday, the largest except one day since the opening of the season. The race was keen, and only one favorite won. Castro rode three winners. Results:

First race—6 furlongs; selling: Miss Alfarrow, 109 (Castro), 15 to 1; 1; Easter Lily, 96 (E. Flynn), 4 to 1; 2; Time, 1:16. Thompson), 5 to 1; 3. Time, 1:15 3/4. M. Murphy, Slasher, Moutzloff, Mile Post, Maggie, Ida Fordham and Anna Lauretta also ran.

ACE WON FREE FOR ALL.

London, June 22.—Yesterday was the third and last day of the London Trotting and Racing Association's annual meet. Close upon 8,000 people were in attendance, the fair sex being well represented. The card for the day was unusually good, the chief interest centering in the free-for-all, which was won by the London horse Ace, owned by Henry Simon. In the second heat of this race the track record, previously held by Ace, was lowered 3/8 of a second. He is undoubtedly one of the fastest pacers in America to-day.

First race—230 trot, purse \$400: Nutspra, C. James, Chicago, 1st; Nordine, G. H. Stevens, Galt, 2nd; Duke Sprague, W. C. Ross, London, 3rd. Gratitude, Superior Lily and Arketa also started. Time—2:24 1/4. 2:25.

Second race—Free-for-all, purse \$500: Ace, H. Simon, London, 1st; Charlie B. Crooks & Weaver, Hamilton, 2nd; Amity, M. Wade, Edinburgh, 3rd. Time—2:18 1/2. 2:14 1/4. 2:17. 2:17-3/4. 2:19 3/4.

Third race—225 pace and 221 trot, purse \$300: Herald, W. P. Taylor, Buffalo, 1st; Bonnie Pacer, Wm. Collins, London, 2nd; Jennie Mae, H. Simon, London, 3rd. Texas Jessie and Dan C. also started. Time—2:21, 2:21 1/4. 2:22 1/4. 2:20 1/4.

Hamilton is Free. Orangeville, June 21.—Jack Hamilton, ex-revere of Shelburne, is again a free man. He was pardoned by the Governor-General-in-Council last week and arrived home on Saturday night.

In October, 1898, he was sentenced at Brampton to two years in the penitentiary, and, making allowance for the annual reduction in his sentence for good behavior, he has been released about two months before the completion of his term.

Benham Not Guilty.
Canandaigua, N. Y., June 21.—The verdict in the Benham case is "Not guilty."

A Brandon correspondent writes: The drouth which has been threatening the crops has been broken, so far as the Brandon district is concerned, by two heavy showers, one on Monday and another yesterday. Monday's rain covered a comparatively narrow area, but yesterday's was more general, and has been more showers the wheat will recover to a considerable extent, what has been lost during the dry spell. Not more than two-thirds of a crop will be reaped in any event.

Headache

Biliousness, sour stomach, constipation and all liver ills are cured by

Hood's Pills

The non-irritating cathartic. Price 25 cents of all druggists or by mail of C. I. Wood & Co., Lowell, Mass.

Fourth race—3/4 mile run, best 2 in 3, purse \$150: Mamie Callan, F. Sage, London, 1st; Tally Ho, C. E. Howard, Cleveland, 2nd; Elsmere, Laurentian and Wilfrid, earlier ran. Time—1:18 3/4. 1:18 1/2. 1:20 1/2.

NOTES OF THE TURF.

John Dymont's Ice Drop was kicked at Fort Erie yesterday, and won't be able to race for some time. Jockey Fred Faral has gone to ride Advance Guard in the American Derby. Mitchell will pilot James in the same race.

For of the Saginaw two-year-olds, Phosphorus, Free Play, Trent the More and Sarah Gamp, arrived at Fort Erie from New York last night to be raced here by John Nixon.

Weights of the horses likely to start for the Sheepshead Bay handicap, at one mile, to be run Saturday, follow: Ethelbert 136, Kinley Mack 136, Imp 133, Jean Beraud 131, Voter 131, Box 122, Rush 119, John Bright 117, Admiration 116, May Hempstead 114, Richard J. 112, Raffaele 112, Sanders 111, Meemore 107, Petruccio 107, Montano 92, Lady Uncas 90.

The American Derby must be run without a betting ring this year. So declared Mayor Harrison Wednesday before he boarded a train for New York. Corporation Counsel Walker, acting Mayor in his chief's absence, was entrusted with carrying out the order forbidding the selling of pools, and Chief Kipley was instructed to keep the bookmakers in order if all the force of the police department had to be mobilized at the Washington Park track to prevent the laying of wagers.

BIKCYCLING.

THE RIVAL ASSOCIATIONS.
Montreal, June 22.—There is more trouble between the C. W. A. and the C. C. A. The trouble is caused by the Ottawa bicycle meet, held some two weeks or so ago. Then met was run off under C. W. A. rules, but under the guidance of the C. C. A.

A. The C. W. A. claims a 10 per cent. share of the receipts, and the C. C. A. will not give it to them. The Ottawa people, who are anxious for the success of their Dominion race, do not know what to do. They have written to Mr. Tait, President of the C. C. A., and he, with Mr. Guilbeault, the Secretary, will go to Ottawa, on Saturday to talk over matters.

YACHTING.

HUSTLER WON AGAIN.

Hustler, the Morris built skiff, was again a winner in the R. C. Y. C. skiff races in Toronto Wednesday afternoon in a big heat of regatta. Mr. Morris sailed a new skiff down to Toronto for Shirley Stewart in six hours, in a light breeze, the boat showing fast qualities.

DISCIPLINE OF CLERGY.

Ineffectual Canon Repealed—Clonish Session of the Synod.

Yesterday afternoon the Synod of Niagara ended its labors. The most important business transacted at the afternoon session was the repeal of the canon on the discipline of the clergy. This action was moved by Chancellor Martin, and in support of his motion the Chancellor pointed out that there was no canon for the discipline of the laity. The repeal of recent events he was convinced that the present canon for the discipline of the clergy was practically useless. The Synod had been called upon to deal with only one case under it, and on that case being appealed higher authorities than the Synod had declared the canon to be of little use. Personally he was of the opinion that a new canon should be prepared. In connection with it the courts should be asked to give power to compel the attendance of the accused, and also to hold the trials under the canon should be as open to the public as the Assizes. The courts should also be asked to rule as to who should judge the cases, the peers of the accused or the judge of a civil court. Mr. Martin, in support of his motion, pointed out that the Synod was put to great expense, whether the charges brought under it were proven or not. He also reminded the Synod that the Bishop still had great powers in regard to the clergy. The Synod should also think of the Geographical case, deducing from it that the present canon is unfair to accused and accusers. He thought that the new canon should be framed so as to do away with any right of appeal, except in cases of doctrinal offences.

Mr. Warren Burton seconded the motion, which carried without discussion. A motion by Mr. Archdale Wilson for the appointment of a special committee for the purpose of promoting and encouraging the habits of systematic giving among the laity was carried. The committee will consist of Messrs. J. J. Mason, George E. Bristol, W. F. Burton, Kirwan Martin and Archdale Wilson.

The Synod decided to co-operate with the Synods of Huron and Ottawa in an effort to have the present difficulties in the way of colonial clergy, who desire to officiate in Great Britain and Ireland, removed.

Rev. Canon Clark's report as registrar of the diocese was received and adopted. The Synod also complimented the Canon on the admirable manner in which he had discharged his duties during the year.

Y. The thanks to Bishop Walker, the officials and choir of Christ Church Cathedral were passed. Commenting on the excellent sermon delivered by the Bishop of Western New York in the Cathedral on Tuesday evening, Bishop DuMoulin expressed regret that there was not a larger congregation to two years in the past.

Mr. Burton did not press his motion to have the place of meeting of the Synod fixed at different places in the diocese.

At Niagara Camp. At the Niagara camp yesterday the 4th and 77th (Wentworth) Regiments went to the butte for rifle practice, and by their military manner and dmanly appearance caused quite a feeling of enthusiasm and pride as they marched through the town, to the music of the band.

Harold Feast, of this city, assisted in the illustrated talks to soldiers yesterday. The average attendance at these talks has been 350 daily.

The divisional officer for to-morrow is Lieut. Col. Bertram, of the 77th.

Mr. B. O'Brien, of the Public Works Department, arrived in Cobourg on Monday, to direct the reconstruction of old Victoria College buildings, as arranged by the Ontario Government, into an asylum for senile patients.

On the C. P. R. at Grand Falls, N. B., engine No. 508 was derailed at the bridge and crashed through it, taking seven freight cars into the water. The passenger cars followed, but only a few people were hurt.

Hon. D. C. Fraser, M. P., will address a public meeting at St. George's Hall, Toronto, to-night.

Dizzy Spells and Headache
Weak, Nervous and Run Down, Would Shake With Nervousness—A Terrible Case—A Remarkable Cure.

Mrs. Chas. H. Jones, Pierceton, Que., writes: "For years I have been a great sufferer with my heart and nerves. I would take shaking spells and a dizzy, swimming feeling would come over me. Night after night I would never close my eyes, and my head would ache as though it would burst. At last I had to keep to my bed, and though my doctor attended to me all last fall, spring, his medicine did not help me."

"I have now taken five boxes of Dr. Chase's Nerve Food, and it has done me more good than I ever believed a medicine could do. Words fail to express my gratitude for the wonderful cure brought about by this treatment."

Dr. Chase's Nerve Food makes pale, weak, nervous men, women and children strong, healthy and happy. In pill form, 50 cents a box, at all dealers, or Edmanston, Bates & Co., Toronto.

THEY RECEIVED DIPLOMAS.

First Graduates of the School of Domestic Science.

CLOSING EXERCISES LAST NIGHT

The closing exercises of the Ontario Normal School of Domestic Science were held last evening at the rooms of the Institute, on Main street. There was a very large attendance of friends and well wishers and the handsome parlors were crowded. It was in every way a successful affair and the promoters of the school have every reason to feel gratified at the auspicious closing of the first term. Mayor Teetzel presided, and in opening the meeting, he complimented the ladies on the good work being done by the institution. Five young ladies graduated as teachers of Domestic Science and received diplomas from the hands of Mrs. Teetzel. They are: Misses F. K. Bowditch and G. H. Sutherland, of Hamilton, and Misses N. C. Ross, J. M. Hunter and C. E. Fleming, of Toronto.

Mr. Hodges spoke a few words of praise and counsel to the graduates, and explained the purposes of the institution.

Miss Hope, who is in charge of this branch of the work, read a report, in which she reviewed the work accomplished during the term. Opening on February 9th, with 11 students, the number had increased to 14 by the end of the term. Thirty pupils had been sent to the Institute every week from the Public Schools to receive instruction from the students and this branch of the work was very encouraging.

Dr. McCallan gave an address on the "Importance and Development of Education." He pointed out the value of schools and how great a factor they were in the government of a country, and the upbuilding of a proper national sentiment, and how necessary to the success of a nation were its educational institutions. He referred to the great responsibilities resting upon the teacher, and the great need there was that they should be fully equipped and capable of undertaking their duties. He considered schools of domestic science were necessary. It was not a fact, it was truly a science. He intimated it was time that cooking was rescued from its present plane and placed on a scientific basis, if only for the benefit of dyspeptic males. Although this branch of manual training was yet in its infancy, he thought it would be approved of and recognized as a necessary part of the educational system of this country. In conclusion he complimented Mrs. Hodges on the energy and perseverance shown in organizing and successfully launching the school.

WHEN DOCTORS DISAGREE.

What Becomes of the Patient? Doctors have their hobbies as well as other people, and in the treatment of disease often carry them too far for the patient's good. For instance, in the treatment of indigestion or dyspepsia many doctors give bismuth and nothing else, others rely on opium to bring their patients through, still another doctor treats stomach troubles with the various vegetable essences and fruit salts.

Now one or the other of these excellent remedies becomes a hobby with the doctor who has had more success with the particular one in question, because all of them are first-class remedies for indigestion and dyspepsia, but not one of them alone is so good as a combination of all of them, such as is found in Stuart's Dyspepsia Tablets, which contains not only vegetable essences and fruit salts, but also the freshest, purest pepsin and bismuth, making altogether a remedy unsurpassed for every form of indigestion, sour stomach, nervous dyspepsia, belching of gas, distress after eating, sleeplessness, headache, etc.

Stuart's Dyspepsia Tablets is not a secret patent nostrum, but contains for itself everything that is and known, its success as a dyspepsia cure is not surprising. All druggists recommend and sell them at 50 cents.

At Niagara Camp. At the Niagara camp yesterday the 4th and 77th (Wentworth) Regiments went to the butte for rifle practice, and by their military manner and dmanly appearance caused quite a feeling of enthusiasm and pride as they marched through the town, to the music of the band.

KHEDIVE REACHES ENGLAND.

His Highness Develops Symptoms of Diphtheria.

London, June 21.—Abbas Hilmi, the Khedive of Egypt, arrived in English waters to-day on his first official visit to this country. The royal yacht Osborne brought His Highness from Flushing to Port Victoria, where he was received with a salute from the fleet anchored at Sheerness, but he was prevented by sickness from continuing his journey.

The Khedive is accompanied by the commander of the Anglo-Egyptian forces, General Wingate, and Sir J. Tennant, Lord of the British Legation, and the Legation and Secretary of the Consulate-General in Egypt.

The Duke of Cambridge, the Turkish Ambassador, Anthopoli Pasha, and a number of other distinguished persons, with a guard of honor, were waiting at the Charing Cross station to welcome the Khedive, but they received the information, after a tiresome wait, that His Highness was ill, and would, in consequence, postpone his departure from Port Victoria.
