MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a seighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

Dran Sms.—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of gas of our best doctors without obtaining parmanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a low days. Every organ of my body was deranged, the I-ver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess hurst, discharging fully five quarts of pas in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the our permanent, seeing that for the four years ince I have had an good health as ever I had. I still take an occasional bottle, not what I need it hut because I wish to keep my system in perfect working order. I han what I have myself passed through, and no words can express my thankfulness I welland P.O.

He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. B. cocasionally, as he says, to keep him is perfect health.

TESTIMONY

MACLEOD JOHN & CO.,

CREAT interest is being manifested by farmers throughout the I sland over the success of our Northwest Fife Wheat. No new introduction has attracted so much attention since we first imported White Russian Wheat from Ontaric, ten years 290. A variety that will yield as well or better than White Russian and mature fully as early, beside possessing immensely superior milling qualities ought to attract attention. This is the record our Northwest Red Fife made for itself last year. THE TEST OF GROWTH IS THE BEST TEST, AND THE TESTIMONY OF THE FARMERS WHO GREW IT IS THE REST TESTIMONY.

Here are a few of the yields reported :

BEST

Wm. Heard Esq., Ch'town, raised 70 bush. on 2 acros. Hon. D. Ferguson, Marshfield, "240 " " 8 " F. Bain, E-q., North River, " 200 " " 7 " Chas. Palmer, Esq., Ch'town, " 60 " " 2 " John Richards, E-q., Bideford, " 28 " " 1 " 8. F. Drake, Esq., Pownal, " 32 " " 1 "

S. F. Drake, Esq., Pownal, "32 "1 "

and many others report yields equally as good. All who raised Northwest Fife last year can now sell to their neighbors at 20 to 25 cents perbushel over price of other kinds of wheat. The hading farmers and largest growers of Wheat for Seed, are already securing supplies for their spring's seeding from our new importation, and the demand promises to far exceed the supply.

REMEMBER—All our Northwest Fife Wheat is selected by experts employed by the Canadian Pacific Railway, who know where the best wheat is to be had, and have sent us the very best procurable. Each carbonal is inspected by the Government Inspector at Winnipeg and we hold the certificates. Each bag is marked in Red letters "No. 1 Hard Red Fife Wheat from the Canadian Northwest."

For sale at our seed store and by leading Merchants in every important business centre in P. E. Island. Price 3.50 per bag
