PERILS OF THE AIR.

Zeppelin's Deutschland With 20 Journalists Aboard Meets With Disaster.

Special to Evening Telegram.
RUSSELDORF, Germany, June 28. Count Zeppelin's passenger airship Deutschland, the highest developed of all the famous aeroplanes, lies tonight on top of the Teutoburgian forest, pierced with pine tree stems, a mass of deflated silk and twisted metal. The 33 persons aboard, after a wild contest with the storm, escaped unhurt. Herr Coleman, general manager of the new company, and 20 newspaper men sailed from Dusseldorf at 8.30 this morning for a three hour excursion. The objective point was Dusseldorf, about 35 miles away, but a high head wind prevailed and an effort was made to reach Munster, a garrison town, so that a landing might be made on the parade ground by the aid of the soldiers, as it was realized that it would require a large number to hold it down against the wind. It was a serious to try to land in an open field as the storm was likely to pound the machine to pieces. In the high wind one of the motors refused to work, and the other three were not powerful enough to make progress in the gale. The airship drifted away, swaying in the violent gusts, and all the while the engineers were at work trying to repair the disabled motor. When this was done all four screws were driven at their full power, under which in normal conditions the airship was capable of attaining a speed of 40 miles an hour; but the helmsman was unable to keep his course and the great craft was swung about at the mercy of the wind. Coleman did not dare to turn her round for fear of capsizing, and he decided to drift in the gale, which was now blowing at the rate of 50 miles an hour, towards Osnabruck, which is also a garrison station, and if he missed that he would continue on to Senne. Suddenly he saw a whirlwind coming, and he decided to a height of nearly 4,000 feet to avoid the worst of it. With this came a downpour of rain. After half an hour she came down to permit of observation, and it was seen that the Teutoburgian forest lay below. The forward motor again stopped, and Coleman sent 5 of the newsmen to the after gondola to balance the craft. The Deutschland sank rapidly, having lost much gas in the high altitudes, and dragged along the top of the dense forest. The heavy trunk of a tree ripped through the gas compartments and the whole great structure settled down 30 or 40 feet and was pounded to pieces.

EGYPTIAN ASSASSIN HUNG.

Special to Evening Telegram.
CAIRO, Egypt, June 28.—Ibrahim Wardani, the assassin of Boutros Pasha, Coptic, the Egyptian Premier and Minister of Foreign Affairs, was hanged to-day. Wardani was an Egyptian student and a member of the Nationalist party. On Feb. 20, 1908, he shot the Premier as the latter was leaving the ministry. His victim died on the following day. At his trial the murderer said that his motive was to avenge various acts of the Government which the Nationalists attributed to Boutros personally.

RUMOR OF BANK MERGER.

Special Evening Telegram.
MONTREAL, June 28.—In financial circles interest is being evinced by the rumor of the likelihood of a merger being arranged between the Royal Bank of Canada and the Union Bank of Halifax. The advance in the price of the securities of these institutions recently has had much to do with the circulation of the story.

WILL FIGHT TRUSTS.

Special to Evening Telegram.
WELLINGTON, N.Z., June 28.—Sir Joseph G. Ward, the Premier, in a speech to-day foreshadowing the Government's anti-trust legislation says that it possessed clear evidence that a powerful American Company was exercising a restrictive and prejudicial influence in New Zealand. He added that it had created a monopoly of the worst kind which must be stopped. He did not name the company.

Complains About Smoking.

Editor Evening Telegram.
Dear Sir,—I am requested by a young lady to bring to the attention of those responsible for the comfort of ladies who frequent football matches, etc., at St. George's Field, a practice that shows either forgetfulness or very bad breeding on the part of gentlemen on the grand stand. Especially was this the case at last night's football match, when a young lady was forced to leave the grand stand on account of the utter disregard shown by one of the so-called gentlemen who was smoking—I suppose—a twenty-five cent cigar. I am sure we like to see all ladies at football matches, and if such is the case we should treat them with the respect they deserve.
Yours truly,
DRAW.

Dangerous Pastime.

People who go into the country near the Sand Pits say that there is much danger there owing to the practice of boys using rifles and firing at targets. They mostly collect about the ground used by the Rifle Club before the new butts were put up, and there shoot indiscriminately at old tin cans and other objects. They also frequent the streams and ponds shooting muskrats. None of them are good marksmen, and if the lads are not stopped a serious accident will occur. They buy these guns cheaply in the city stores.

Counting the Ballots.

The counting of the ballots cast in the Municipal election began about 3 p.m. yesterday, and from the time the first bulletin was shown outside the Seamen's Home a gradually increasing crowd gathered. After the stores closed until midnight the street was thronged with men who scanned eagerly each bulletin and recorded the votes in their note books. The first bulletin showed Mr. Coaker to the front with 100 ballots, followed by Messrs. Bishop, Moore, Searle, Martin, Ryan, Channing, Mullaly, Laracy, Myrick and Fitzpatrick in the order named. After that the positions of the men varied and in the fourth bulletin Mr. Channing jumped to the top, dropping, however, a few votes behind Mr. Martin in the eighth count. At 2.30 this morning the work of counting stopped until 10 a.m. to-day. Up to that time 1,439 votes had been counted and the positions of the candidates were as follows:—

Martin	824
Channing	813
Coaker	742
Bishop	681
Ryan	680
Mullaly	654
Moore	636
Searle	536
Myrick	522
Laracy	512
Penny	482
Fitzpatrick	417

Mr. F. J. Doyle, the Returning Officer, resumed the work of the counting of the ballots at 10 a.m. to-day in presence of all the candidates. Several bulletins were put out during the forenoon. At 1 p.m. recess was taken till 2 p.m. when the counting was commenced. Before leaving the room at 1 o'clock Mr. Doyle put out the following bulletin:—

Martin	1124
Channing	1064
Coaker	979
Ryan	927
Bishop	882
Mullaly	855
Moore	821
Searle	742
Myrick	736
Laracy	702

It is likely that the count will not be finished before midnight.

Backache Suffering

A wonderful medicine in this man's description of DR. CHASE'S KIDNEY-LIVER PILLS.

Mr. Fred. Gummer, Lillies, Ont., writes: "I can honestly say that Dr. Chase's Kidney-Liver Pills are a wonderful medicine. For six weeks last fall I could scarcely walk around for pains in the back and legs, and was almost completely unfit for work. Though I tried several medicines I got no better. I saw Dr. Chase's Kidney-Liver Pills advertised and bought five boxes. After I had used three boxes, I was greatly improved and by the time I had them all taken felt as well as I ever did. I would advise anyone suffering from kidney disease to use Dr. Chase's Kidney-Liver Pills.

"We have also used Dr. Chase's Syrup of Linseed and Turpentine for bad colds and sore throat and would not be without these medicines for anything."

POLICE COURT NEWS.

To-day three drunks were discharged on paying cab hire. An assault case was withdrawn, and the defendants in two other assault actions, residents of Flarock, were fined \$10 or 30 days each.

Yesterday Andrew Garrell summoned Mr. Thomas Smyth, of the Thos. Smyth Co., Ltd., for \$55 for work performed by plaintiff, \$15 of which defendant admitted. He protested the \$40 balance. Veterinary Surgeon Varian, 3 years ago, brought a Victoria to plaintiff's shop for repairs which were to be done at the cost of \$40. Before it was repaired, defendant Smyth, paid off a mortgage which Mr. James J. Tobin held against Varian. Mr. Smyth held the carriage, the subject matter of the case as security against Varian's indebtedness to him and sent a note to Mr. Garrell not to deliver the carriage to Varian without an order from him. When the repairs were effected Varian called and asked for the carriage but was refused. He then called on Mr. Garrell with Mr. John Meehan (Mr. Smyth's confidential clerk) and the latter verbally instructed Mr. Garrell to give Varian the carriage. Mr. Smyth would therefore not hold himself responsible for the debt. The case was dismissed. Mr. Squires for plaintiff, Mr. Wood, for defendant.

With the \$2,000 previously in hand the work of repairs will likely be continued all the summer.
