Two Beautiful Songs.

Are Beautifully Rendered.
The hundreds who attended the
Nickel Theatre last evening pronounced
it one of the finest shows they had
ever attended. It proved once again
that Nickel patrons always get full
value for their money. The pictures
were excellent and the singing and
playing was all that could be desired.
"The Williamson Animated News"

which take the place of Gaumont Gra-
phics and Pathe Weeklies, proved most
popular. St. John's audiences prefer
British made films and it is hoped that
the Nickel Theatre will continue them.
There were a dozen or more different
scenes and each was watched with in-
terest. President Poincare's Visit to
London, and His Majesty presenting
the new colors to the Irish Guards at
Buckingham Palace, were exception-
ally good. The other pictures were also
enthusiastically received. Mr. Myers
sang the popular British nautical
song, "Wrecked and Saved" which was
rendered in a charming manner. The
audience was delighted with it and
showed great applause on the voca-
list. "Wrecked and Saved" when
sung by an ordinary singer arouses
the feelings, especially of an audience
such as St. John's, but when sung by
such an entertainer as Mr. Myers it
creates a profound impression. His
illustrated song, "I always knew the
girl I'd love would be a girl like you,"
was also a beauty; the singing was
sweet and the slides exceptionally
pretty. Prof. McCarthy's playing was
also praiseworthy. It pleased the
singer and gave delight to the audi-
ence as well. This evening the pro-
gramme is being repeated. Mr.
Kieley is arranging a big bill for to-
morrow.

Portia Returns.

The a.s. Portia, Capt. J. Kean, re-
turned from the westward at three
o'clock this morning. Conditions
were favorable going to Bonne Bay,
but on the return trip fog was con-
tinuous. In consequence the ship was
over a day hung up in Burgeo Har-
bor. She brought the following pas-
sengers: Miss Coutin, Miss Easter-
brook, Miss A. Rose, Miss M. Fur-
neaux, J. Benning, Miss Benning,
Master Benning, Sisters Francis and
Aloysius, Miss Curtis, Miss R. Pow-
er, C. and Mrs. O'Keefe, Mrs. A.
Ryan, Rev. Bros. Pennessy, O'Con-
nell and Ryan, E. Parsons, H. Par-
sons, H. LeMessurier, W. H. Butler,
Mrs. Butler, Dr. Perkins in saloon
and 35 second class.

Fishery News From the Westward.

Now that trapping is over, on the
Southern Shore, is a successful
voyage, handlining is being engaged
in by the fishermen and with success.
The Portia brings word that yester-
day codfish were very plentiful at
Renews and all the boats that were
on the grounds, loaded and were back
with their cargoes before noon.

Many bankers are now on the S.W.
coast seeking squid, which is a scarce
article. One Lunenburg vessel got a
short baiting and after five days fish-
ing on the banks returned with 350
quintals.

C. C. C. Dance.

Last night there was an unusually
large attendance at the British Hall
where the C. C. C. supporters held a
dance in connection with the Manu-
el Garden Party. The event was suc-
cessful in every respect. The Cadet
band supplied the music which was of
a high order and elicited much favour-
able comment. During the evening
refreshments were served by a band of
ladies to whose untiring efforts the
success of the affair was mainly due.
At two o'clock this morning the dance
terminated.

Women Hit By Law They Invoke.

New York, Aug. 16.—The progres-
sive society women of Arverne, L. I.,
toured the streets of the village a
few weeks ago and returned horror
stricken.

"Garbage is collected here only
three times a week," they said, "and it
is awful. The streets are littered with
refuse. We'll have to remedy this."

A "clean-up" league was formed.
Mrs. Morris Berkowitz of Jessica ave.
and Story Place Avenue, was made
President. They invited other resi-
dents to contribute \$1 a piece to have
the garbage removed from the city
every day. Several contributions were
received. After the plan was well un-
der way Borough President Connelly
of Queens, who had been criticized for
not making the city do the work, was
invited to inspect Arverne. This he
did.

A few days ago inspectors from the
department of health interested in the
work of the "clean-up" league, went to
Arverne. Yesterday five women, in-
cluding Mrs. Berkowitz and three other
members of the league, were brought
by summons to the Jamaica police
court to explain why they had left
their garbage cans uncovered in front
of the homes.

And Magistrate Miller found them
all guilty, suspending sentence after a
warning.

"Spite work," the women declare.

Stimulants.

A stimulant is
something which
people take to in-
crease their volt-
age. Some peo-
ple have so lit-
tle natural volt-
age that they
have to fire up on
stimulants about
five nights a
week, after which
they are able to
walk home with
the aid of a pick-
et fence and nineteen telephone poles.

There are several kinds of stimu-
lants, all of which serve a useful pur-
pose. For instance, the old-fashioned
stimulant known as a sound spanking
has kept more boys out of the reform
school than all the moral precepts of
the ages. The moral precept is all
right, but it does not seem to reach
the spot with so much thoroughness
as a conscientious spanking mixed
with short, bristling words of admoni-
tion. Many a boy has been stimu-
lated into eschewing profanity after a
determined mother has rinsed out his
mouth with wood ashes and appealed
to his manhood with the limb of a wil-
low tree.

Tobacco, tea, coffee and malt ex-
tract are mild stimulants which are
used with great freedom by doctors
who point out their injurious quali-
ties and urge their patients to go at
once to a diet of malted milk tablets
and peanut butter. It is a touching
sight to see a doctor with the cigar-
ette habit advising some old lady to
cut out Oolong tea and build up her
system with two pints of hot water at
each meal. Nevertheless, it is a recog-
nized fact that uninterrupted contact
with a cob pipe and coffee made in a
lye bucket has cut off thousands of
people in their 103rd year and caused
the relatives to ask for that familiar
hymn, "I Would Not Live Alway."

Nearly all the stimulants have the
faculty of giving out at a critical
junction and demanding more rope.
Where one man limits himself to
three cigars a day, a thousand make
way with twenty and top off with four
pipstals before retiring. When the
family physician feeds morphine to
sciatic rheumatism, the patient usual-
ly recovers just in time to invest in a
hypodermic needle. The boy who
goes the beef route is lucky if he
doesn't wind up on lemon extract.
Stimulants never made a clear head
and a clean eye or a happy marriage
or a captain of industry, and the more
they are abused the harder they sting.

PRESCRIPTION "A."

Very Highly Recommended by An
Outport Man.

Please send me by mail 1 large bot-
tle of Stafford's Prescription "A". En-
closed you will find 50 cents, also 10
cents for postage. You sent me a trial
size a few days ago and it almost
cured my wife. Another 50 cent bot-
tle will make a cure. I have tried
doctors and all kinds of medicine, but
I don't believe that there is any medi-
cine that cures a bad stomach like
STAFFORD'S PRESCRIPTION "A".

I am more than thankful that ever
you advertised that medicine. Please
forward it as soon as possible, as I am
waiting anxiously for it.

Signed,
