

Another Phase of
the Fish Regulations.MESSRS. PENNY & SONS, NOT YET
PAID FOR "CAVELL'S" CARGO.

Editor Evening Telegram.

Dear Sir—I noticed in your issue of the 2nd inst. an account of the House of Assembly when discussing the advantages of the Fish Regulations, and also against them, per cargo by "Edith Cavell" was mentioned. If the members knew the full history of this cargo and agreed it just as it really is, I doubt if many would believe it. The general public no doubt are under the impression that the cargo is disposed of and that and that we have been paid the money. I wish to state to the public that we have not received one cent for this cargo up to now. When the vessel was loaded in July last, Messrs. Lind & Couto offered us \$25,000.00 if we would consign it to them, and we would draft on them. This was at 60 per cent for 4,200 quintals, and the balance over 60% would be paid us when the cargo would be sold. We sent the Minister of Marine and Fisheries copies of our cables, proving to him our offer from Messrs. Lind & Couto, and we asked him to reconsider and let us consign, or we would sell it to him outright at \$40, and we would get the cargo to Oporto or elsewhere as quickly as possible; and if he did not comply with our request we held the Government responsible for at least 60%, which was Messrs. Lind & Couto's offer. The Minister of Marine and Fisheries replied, "No, we will not do it; 'Cavell's' cargo must be consigned to our agent at Oporto under Advisory Board's full control and on no other condition."

After keeping "Cavell" here one month, she was permitted to sail only under control of the Minister of Marine and Fisheries, and he (Minister of Marine and Fisheries) wired us that if we called the vessel without a clearance the fine would be the value of the whole cargo. After being another two months at Lixoes, we received a message from G. M. Barr offering us \$50, for the cargo delivered at Alicante, and one from the Minister of Marine and Fisheries at the same time, signed by himself, advising us to accept Barr's offer. There was nothing left for us to do but accept it, as the cargo was under Departmental control. We accepted, with 32 faults, in exchange for documents. Government Agent Barr gave us documents to Messrs. Hawes at Oporto, contrary to our orders. "Cavell" proceeded to Alicante and delivered the cargo to Messrs. Hawes in November last. Mr. Barr has not paid us for the cargo or any part of it whatsoever. We must now hold the Government responsible for the "Cavell's" cargo, and we are prepared to lose a few more hard earned dollars should the cargo be not paid for by Mr. Barr of the Government.

Woman Suffrage Notes.

(Communicated by the Secretary of the Movement.)

A public meeting of the women of Little Bay Islands was held in the School Hall on Monday, March 14th, to consider signing of petition relating to the granting to women the right to vote before next election. The meeting was a decided success, and much enthusiasm was shown. Prepared papers were read and short speeches given by several of the ladies present. The petition was read by the chairman and signed unanimously. A committee was appointed to look after the interests of the movement. The meeting closed with the National Anthem.

A preliminary meeting was held at Port Union on Monday, I arranged for the distribution of leaflets among the audience composed of about one hundred, and they were read during the course of the meeting. Time was allowed for free discussion after each reading. Several ladies spoke; what they had to say was given intelligently and allayed the fears of some of the men present that women were trying to supplant them in certain of life's activities. Some of the men also spoke. Following the meeting several of the ladies formed a committee and decided to arrange for a public meeting for Thursday. Unfortunately the weather was unfavorable and only a little more than a hundred were present. Dr. Dunn acted as chairman. Mr. Dunn (Bank manager, Catalina) spoke in favor, also some others. All present expressed themselves favorable to "Votes for Women." About a hundred have signed the Catalina petition.

Port Union, April 11, 1921.

"I am enclosing herewith the petition sent me a couple of weeks ago. I am sorry to be late in sending in this petition, but I am glad to say that I had only three ladies refuse to sign. Port Union, you will understand, has not many people living here. I hope you are meeting with success in the Outposts as well as at St. John's. I may say that I am very much interested in Woman Suffrage, and I shall be only too pleased to help in any way possible."

Just Folks

EVERYWHERE.

Some towns boast of mountains, and some can show the sea. The country farm is rich with charm which nowhere else can be; The city's walls are stately.

The temple spires are fair, But this is true—the skies are blue And men smile everywhere.

Some places sit by rivers And some by prairies wide, Some hear the breeze in forest trees, Some show their hills with pride, But wherever you travel, Yes, wherever you go, You'll always meet with laughter sweet And eyes with mirth aglow.

The tropics have their palm trees Which colder climates lack, And home is home, wherever you roam, And something calls you back; But while I fare my home-land And give to her my love, Wherever I stray throughout the day The Starry Flag is above.

These joys we hold in common, North, South, East or West, Where'er we roam or prize the most, The sea or mountain-crest; Glad children laughing round us, And gentle mothers fair, Kind hearts and true, and skies of blue And friendship everywhere.
