

**Harbor Grace Notes.**

The body of the late Mr. James Edward, who passed away at the city, was brought here by Saturday afternoon's train and conveyed to Parsons' Undertaking Rooms to await burial. Mr. Edward belonged to this town, and was well known here. He was a butcher by trade. About two years ago he went to St. John's to reside with his sister, where he has since been living. The funeral, which was largely attended, was held on Sunday afternoon, to the Cathedral, and interment was made in the R.C. Cemetery. To the bereaved relatives we offer condolence.

Schrs. James Jones, Donald Hampton and Home, have been amongst those to arrive in port recently to go on dock, and have now been on, and have received the necessary cleansing and painting, preparatory to taking up their summer's work.

Mr. Jack Stapleton left by Monday morning's train for St. John's, to connect with S.S. Prospero en route to Conche, where he will resume work during the summer and fall months.

The farmers are all busy tilling the ground and planting their seed for the season. Of late we have been favored with very fine weather, and this, together with the help of John Anderson's time, much can be gotten through in this line of work.

S.S. Neptune arrived in port on Wednesday morning, with a load of seals from White Bay and vicinity. She is discharging at Messrs. Murray and Crawford's premises.

A card party and dance was held in St. Patrick's Hall on Tuesday night by the Aero Tennis Club, and all present enjoyed a very pleasant time.

Schr. Pet, owned by Messrs. Wm. Duff and Sons, arrived in port from Carbonar this forenoon, for dockage, and will be taken up first opportunity.

Mr. J. W. Hisecock's schr. Vickers Vimy, arrived in port on Tuesday from Ekigus, to go on dock.

Some big pictures are being put on here at the Movie from time to time, and the shows are well attended. Last night, Wednesday, besides a five reel feature entitled, "What Women Want," and a comedy, two reels showing the disaster which befell the people of Japan last year, was an added feature. The last mentioned was particularly interesting, and served to give one a clearer idea and vivid picture of the sufferings the people met with, when their homes met with such devastation by the earthquake.

Saturday, May 24th, being Empire Day, the shops will be closed, and the town will observe the day as a general holiday. No doubt many will take advantage of the holiday by spending it counting, trouting, etc.

The Monroe candidates, Messrs. J. R. Bennett and G. E. Russell, motored to town on Wednesday afternoon, and have launched out on the campaign. Mr. E. Simmons, their colleague, from this end of the district, joined them here, and a most successful meeting was held at Spanard's Bay last night.

Monroe, Clean Government and economy is the need of the hour. Bennett, Russell and Simmons, are the winning team for this District. CORRESPONDENT. Hr. Grace, May 22nd., 1924.

**Girl Gets the Gate for Puffing Fags**

IN FASHIONABLE SCHOOL.

NORTHAMPTON, Mass., May 15.—Smith College, an exclusive school for girls, is out to sock the cigarette and three young women have already paid the price for indulging in the naughty habit.

President William Allen Nielsen once known the expulsion of three seniors—whose names were not given out—in a brief statement in which he said the action had been taken with full approval of the student governing body.

The girls will be allowed to apply for re-instatement at the beginning of the Spring term next year if they promise not to use tobacco while in school. They were caught smoking in a tea-room near the college campus, in company with several young men.

Investigation of reports that other girls have been seen smoking near the school grounds is under way and additional expulsions may result.

The test of Ivory Soap is that it traps its promise which is to cleanse the skin thoroughly. No soap can do more. Many promise to work wonders with your complexion—but how many soaps can faithfully keep that promise?
