**TENNIS—**Miss Helen White, California girl; 13 years old, won the Olympic and American championships, first time ever accomplished by so young a person.  
**GOLF—**Bobby Jones, 21 year old, after many trials, won the American amateur golf championship.  
**BASEBALL—**The tour of the Chicago White Sox and New York Giants through Europe proved a financial failure. At one of the games in Paris, only 150 people attended. Over 35,000 people attended one game in London, but they knew little or nothing about the game and interest was lacking. Failure to educate the people before hand as to how the game is played probably had much to do with the failure.

**POOLISH THOUGHTS.**  
 I have my dreams, I have my schemes, for which I am derided; "If all the gold the wealthy hold by statute were divided, among the jays who throng the ways." I say, we'd be in glory, and this dream land where bogies stand would soon be bunkydory. It is not right that any wight should have a stack of plunder, while down the stret poor Mike and Pete who want are tramped under. It is not fair that plutes should wear a hundred pounds of rubies, while poorer guys pull down the prize that was designed for boobies. The nation's health demands that wealth should go in equal portion to Jake and Jim, released by him who gained it by extortion. "But this is tosh," says Uncle Josh, who often hears me speling; "such pills as yours would they be healing, you dream away the livelong day, by problems dire disgust; ed; you scheme and plan to split man—and you are always busted. I grow the squash," says Uncle Josh, "the barley and the millet; I have a box to hold the rocks, and every year I fill it. I have a roll that soothes my soul because I'm sane and thrifty; now what would be results if we should split it fifty-fifty? A year from now, I'll bet a cow, your bank roll would be cheezy, and I'd infest that roadway beast, the avenue named Easy."

**Find Box of Gold Coins**  
**HIDDEN IN AN OLD HOUSE.**  
 ANN ARBOR, Mich.—Gold coin, estimated at about \$100,000 has been found here in a secret compartment of an old house which was being torn down, according to Adrian Lever, who is demolishing the building to make way for the erection of an apartment house. The money, in an iron box, was found on the second floor in a panel in the wall, according to the statement of Lever.  
 The house was built in 1840 by Jackson D. Knight, who was at that time president of the First National Bank here. Knight and his wife have been dead for about thirty years. The house was then occupied by Knight's only daughter, Clara, who died some time ago. Upon her death it was sold to William Nelson, who is having it torn down.  
 Papers found with the gold are said to have indicated that the last time the secret panel was opened was in 1878. The money is being held by Lever pending claim by heirs of Knight. As far as can be ascertained falls on a Friday in the month of February, March and October.  
 Easter comes a full week earlier than in 1924. Good Friday is set for April 10, and Easter Sunday April 12.  
 There are some other interesting angles to the 1925 calendar. May 24, Queen Victoria's Birthday, that very popular holiday which generally heralds summer's approach, falls on a Sunday, and will probably be celebrated on the Monday after—a bumper week-end holiday.  
 Dominion Day, July 1, and Armistice Day, Nov. 11, both come on Wednesday in 1925.  
 Of course, those week-end holidays of late summer and fall will be unchanged in 1925. Civic holidays throughout the Dominion are generally celebrated on the first Monday in August, which will be August 3; Labor Day will be Monday, Sept. 7, and Thanksgiving Day Monday, Nov. 9.

**Germany Builds Net of Underground Wire Lines**  
 Munich.—The first strand of an underground telephone net that within five years will make Germany the exchange point for Continental and Russian telephonic communication was opened recently. The line connects Hamburg and Munich and is a direct wire underground across entire Germany. It is the longest underground line in the world. Germany to-day ranks next to America in underground mileage. Its wires total 780,000 miles.  
 The net when completed will consist of a series of lines. These lines as planned will be—London, Hamburg, Petrograd; London, Berlin, Constantinople; London, Hamburg, Munich, Vienna, Budapest; London, Amsterdam, Rome, Paris, Madrid; London, Paris, Berlin, Warsaw, Prague, Lem-

**Just Folks.**  
 By EDGAR GUEST.  
 A VISIT FROM SANTA.  
 "Last night when you had gone to bed,  
 A quaint old fellow came to call,  
 Dressed in a shining suit of red,  
 And just as round as he was tall."  
 I said to them, and with a shout  
 They asked me what he talked about.  
 "Well, well," said I, "I took his hat  
 And offered him my easy chair.  
 He filled his pipe and down he sat  
 And smoked awhile in comfort there  
 And then he asked in measure grave,  
 'How do those tots of yours behave?'"  
 "And do they mind their Ma and Pa  
 And go to bed without a fuss?"  
 Come, tell me just what sort they are!  
 Speak up! There's just the pair of us.  
 How with their vegetables? Do  
 They eat the things you want them to?"  
 "For just a minute I was scared,  
 I wished he hadn't asked me that;  
 You see I wasn't quite prepared  
 For questions so direct and flat;  
 And then he fung this one at me:  
 'Are they as good as they can be?'"  
 I chuckled as I saw them stare  
 And watched the guilty glances play  
 Across those frightened faces there.  
 And heard them cry: "What did you say?"  
 Said I, "I told him, as their Pa,  
 They're good as children ever are!"  
**MINARD'S LINIMENT USED BY PHYSICIANS.**

**The Choice of Most Women**  
 Pearline washing Powder is selected by many women who know what a real good washing powder is. Pearline costs only ten cents a package and saves dollars in toll and labor. Years ago Pearline was the favourite—it is still the favourite with all its numerous users. Your grocer knows that Pearline is considered the best of all washing powders and this is why he will recommend it every time you ask his opinion. For cleaning pots, pans, kettles, etc. there is nothing like Pearline. For all washing or scrubbing a little Pearline added to the water makes the work much easier. Every woman should use Pearline. Ask your grocer for Pearline.—oct14,tt

**A COURTEOUS COMEBACK.**  
 Mrs. Cobb—"Was the grocer's boy impudent to you again when you telephoned your order this morning?"  
 Maid—"Yes, Mrs. Cobb, he was that; but I fixed him this time. I see: 'Who the h—l do you think you're talking to?' This is Mrs. Cobb at the phone talking."

Cracker pudding can be prepared like bread pudding. Add to it slices of apple, prunes or raisins.

## 1925 Dates— Watch the 13th

Toronto, Dec. (C.P.)—Those superstitious persons—there are still some—who tremble at the thought of a "Friday the 13th" will have three such hazards in the year 1925. There was only one Friday the 13th, in June, 1924, but in 1925 the 13th falls on a Friday in the months of February, March and October.  
 Easter comes a full week earlier than in 1924. Good Friday is set for April 10, and Easter Sunday April 12.

## Mother! Clean Child's Bowels

"California Fig Syrup" is Dependable Laxative for Sick Children  
 Children Love Its Pleasant Taste

If your little one is 'out-of-sorts', won't play, seems sick, languid, not natural—suspect the bowels! A teaspoonful of delicious "California Fig Syrup" given at bedtime sweetens the stomach and soon moves the sour fermentations, gases, poisons and indigestible matter right out of the bowels and you have a well, playful child again.  
 Millions of mothers depend upon this gentle, harmless laxative. It never cramps or overacts. Contains no narcotics or soothing drugs. Say "California" to your druggist and avoid counterfeits. Insist upon genuine "California Fig Syrup" which has directions for babies and children of all ages plainly printed on bottle.  
 Toast slices of stale bread and serve with white sauce to which grated cheese has been added.

## Into the Discard Go Wasteful Designs

If you analyzed the public's unbounded enthusiasm for the CHRYSLER SIX you'd find that it included a decided feeling of relief. They are overjoyed to find that at last brilliant performance—more brilliant than they have ever before experienced—can be had without penalties and annoyances. That's why the CHRYSLER SIX has invaded so many price fields.  
 It is not a question solely of economy, although it is CHRYSLER SIX gets its results with an economy of means that makes one marvel. It is not solely the car's power, speed and agility, although they give even the most experienced a genuine thrill.  
 It is the idea that here at last are all these things plus riding qualities and ease of handling and parking that make all conventional designs seem absurdly cumbersome, unwieldy and wasteful. Once you experience it, you will be as great a CHRYSLER enthusiast as anyone.
