

Horrible Case of Incest and Rape.
 The Hamilton Times gives the particulars of a horrible incest and rape, which has just come to light in that city. The Times says:—On Tuesday evening the case of Josephus Bennett, bird seller, John Street south, was investigated in the private office of the Police Magistrate, and the evidence bears out the crime as laid in the warrant for arrest, and shows the prisoner to have a hellish spirit and disposition. The evidence is not fit for publication, but may be eliminated as follows: Emma Bennett, aged twenty years, deposed that her mother died some thirteen years ago, and that her father having instilled into her mind that she should obey him in every particular, at ten years of age succeeded in accomplishing his vile purpose, at Hartford, Connecticut. They then began a sort of tramp, removing to London, Canada, where they lived some time; thence to Toronto for three years; then to the States again for one month; then to Montreal for four years; to Kingston for three months; to Belleville, where there name was changed, and where a child (since dead) was born to the abominable couple; then to Peterboro', and finally to Hamilton where they have been during the past twelve months. During this time, with the exception of the last period mentioned, the connection was kept up. During the past two months Emma has been out at service; before that time unsuccessful attempts were made to renew the relations. While the above is as dark a crime as, perhaps, has come before the Hamilton public for many a long year, it seems that there is a worse one, if possible. About two years ago the brute got a little orphan girl out of some Institution in Toronto, on the ostensible purpose to raise and educate her, as he had a good home to offer her, the child, named Sarah Golding, aged about eleven years, has for the present been the suffering victim of this Bennett, as she herself deposed, having been brought into his power by the promise of apples, candies, etc. And indeed the last vile act was committed an hour or so before the arrest of the prisoner took place. His daughter corroborated the child's evidence, adding that she had often told her father that he ought to be ashamed of himself. She also testified that some short time ago another child, Sarah Steep, aged about nine years, who has been similarly treated, was got from the same benevolent institution. These little children had been taught to call each other sisters. Drs. White and Strange, who made an examination of Sarah Golding, stated that her situation bears out the evidence. The prisoner is an elderly man, aged about 50, but looking ten or twelve years older, bent in form, with long grey hair and beard. He has up to the present enjoyed at least a decent reputation, and was known to be very "religious," at least in form, and conducted himself and his family according to very strict rules—so it is said. He lived with his daughter, a son and the two little girls, at 106 John Street south. His neighbours seem to have had no suspicions of his character. The manner in which the horrible case was revealed appears to be as follows:—The Tuesday morning laid the information, and a warrant for Bennett's immediate arrest was at once issued and was executed by Detective McMenemy. While the examination was going on in the afternoon, the daughter gave her evidence against her parent in a deliberate manner, and evinced no feeling at all for him. The Magistrate made out three separate charges against him—one of incest and two of rape, and committed Bennett for trial at the Assizes. The law makes carnal knowledge of a child under the age of twelve, with or without her consent, a rape. As Bennett was being conducted by the police to the prison he made some frightful statements, and tried to cast on his daughter the onus of the crime by saying that he had only carried out her solicitation.

THE REASON WHY
 Dr. Wheeler's Compound Elixir of Phosphates and Calisaya is called a Chemical Food and Nutrient. Because Phosphates constitutes more than half the material of the human body, and are absolutely essential to the growth of Bone, Muscle and Nerve, which cannot attain full development without them. They promote a good appetite, perfect digestion, create pure, healthy, vitalizing blood, and supply the waste constantly going on in the system as the result of mental and physical exertion. Being combined with Calisaya, the Peruvian Bark, the only specific for Chills and Fever, and that condition of Nervous Prostration and General Debility arising from low vitality and exhaustive diseases, it forms an elegant and agreeable, invigorating Tonic, purely physiological in its action, that may be taken safely under all circumstances, and all diseased conditions of the body, as it builds up the constitution in the same manner as our daily food.
 Sold by all Druggists at 21.
