New York, Aug. 21.-Again today the beautiful cup defender Reliance failed to register her third victory over Sir Thomas Lipton's challenger because the wind died to nothing, and the time limit of five and a half hours expired before she could reach the finish line. Her margin was approximately the same as on Thursday last. She was less than half a mile from the finish when the gun sounded. Shamrock III. was fully two and a half miles astern. Reliance's failure are the race was the more exas. perating because her ultimate triumph is now conceded even by Sir Thomas himself to be simply a formality. The easterly wind and rain ast night had served to knock down the sea somewhat, although it was quite rough enough during the first two hours of the race. But as the day wore on the wind fell to a mere zephyr, hardly strong enough to round

Turkish Troops Spread Destruction as They Move.

Daring Revolutionary Leader Conducting the Operations in Person.

Sofia, Aug. 31. - Both in official and revolutionary circles the opinion is tion that large numbers of insurgents have recently crossed the frontier. An extensive outbreak in Northern Macedonia is possible any day. The Bul-garian agent at Uskub reports that the detachment of Turkish troops sent to garrison the small towns in that vilayet have spread destruction along their route. The villagers have been robbed and beaten, the women vielated, the children beaten and the popuation subjected to every conceivable outrage, while the local authorities seem to be powerless to stop it.
