FIRE DESTROYS AALESUND

A Norwegian Town Almost Wiped Out—Two Are Dead.

Trondhjem, Norway, Jan. 25. — The small town of Aalesund was practically destroyed by fire Saturday. Two persons perished in the flames, one steamer was burned in the harbor, and it is feared that others will be destroyed. Supplies of money, clothing and provisions are being sent from all parts of Norway.

PIONEER TALKS

Tells How Dodd's Kidney Pills Drove Away His Troubles and Made Him Feel Young Again.

Rat Portage, Jan. 25.—Eighty years of age, but hale and hearty, H. S. Barnes, father of a former mayor, is well-fitted to speak of anything that concerns the welfare of Rat Portage. And nothing concerns a municipality more than the health of its people. Speaking from his own experience Mr. Barnes says:

"I was terribly troubled with Kidney Complaint. I suffered with pains across my back and a burning sensation when urinating. Dodd's Kidney Pills took these troubles away and left me feeling younger and in better health than I have been in years. My Kidney Compaint was completely cured by Dodd's Kidney Pills."

EIGHT LIVES LOST

By Wreck of Schooner Off Long Island Coast.

New York, Jan. 25.—Eight lives were lost in the wreck early Saturday off Quogue, L. I., of the four-masted schooner August Hunt, bound for Boston from Norfolk, Va. Of the crew of nine only two men were saved—Second Mate George Ebert, of Cleveland, Ohio, and a Swede, who was unconscious when washed on the beach, and whose name could not be ascertained. The vessel was in command of First Mate Conary, who took charge of her in place of Captain Robert Blair when she last left Boston. Captain Blair usually commanded the vessel.

Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

The thing to do is to take

Hood's Sarsaparilla and Pills

Which thoroughly cleanse the blood, expelling all humors and building up the whole system. They cure.

"I was greatly troubled with small boils, caused by working among the oil at the refinery. Hood's Sarsaparilla was recommended to me as the best blood medicine obtainable. I began taking it, and though many other remedies had failed to benefit me, three bottles of Hood's fully and permanently cured me." ANGUS FISHER, Emeric St., Sarnia, Ont.

Hood's Sarsaparilla promises to cure and keeps the promise.

LIPTON HELPS LYNCH

Irish-Boer Leader Released by British Government.

London, Jan. 25.—The Daily Telegraph says it understands that "Colonel" Arthur Lynch, who commanded the Irish brigade against the British forces during the war in South Africa, and who was afterwards convicted of treason and sentenced to imprisonment for life, was liberated Saturday morning "on license." Lynch has not received the royal pardon. Lynch, who completed a year in prison last Saturday, was the only political offender in prison in Ireland. Patrick A. McHugh, ex-member of the House of Commons, who recently shared this distinction with Lynch, was also released from jail. The release of both, it is said, is due to the mediation of Sir Thomas Lipton with King Edward. Lynch will enjoy personal liberty and may even leave the country should he care to, but not having received the royal pardon, he is disqualified from sitting in Parliament or from holding any public office. When Mrs. Lynch came to Sir Thomas Lipton to thank him for what he had done for her husband, she was so overcome that she was unable to find words to express her gratitude, and impulsively taking hold of Sir Thomas' hand she kissed it.

AN ATROCIOUS DEED

Horrible Butchery of a Young Woman by Her Insane Brother.

Dunkirk, N. Y., Jan. 25.—Miss Hannah Hall, 20 years old, was murdered early yesterday at her home in Vanburen, west of Dunkirk, by her brother, Isaac Hall. Hall is about 33 years old. He is in jail at Fredonia, having given himself up after the murder. He declares that he obeyed a divine behest when he killed his sister. He used four weapons—a pistol, a jackknife, a butcher knife and an axe. Her head was severed from the body and crushed into a pulp. Hall says he attacked his sister while she was asleep. He shot her, and then dragging the wounded woman through the house, cut her throat with both knives. In the woodshed he placed her neck across a chopping block and completely severed the head from the body. Hall and his sister lived alone. Both their parents are dead. Until this time Hall was considered a model farmer, and his sister was a great favorite among a wide circle of friends. Hall was religiously inclined, and there is no doubt he lost his mind, his insanity taking the form of a religious mania.

HE WAS NOT MURDERED

Man Supposed To Be Dead Turns Up Wealthy.

Chicago, Jan. 25.—A special to the News from Laporte, Ind., says: Cyrus H. McCartney, a newspaper man of this county, who disappeared several years ago and was supposed to have been murdered, was heard from by a telegram from him at Dawson, Alaska. The last information about him was that his clothing and papers had been found in a forest near Ashland, Ore., but the police failed to discover any further evidence of murder.

Blinded With Headache.

People often get blinding headaches that suffer from constipation. Simplest remedy is Dr. Hamilton's Pills of Mandrake and Butternut. They are mild, certain and safe. For headaches and biliousness use only Dr. Hamilton's Pills. Price 25 cents.

HEROISM OF THE ELEVATOR BOYS

Another Fire Horror Narrowly Averted at Chicago—Masonic Temple Ablaze.

Chicago Jan. 25.—Fire in the Masonic Temple Saturday caused a panic among the 4,000 occupants of the building and did $20,000 damage. All the occupants of the building escaped without serious injury through the bravery of the elevator men who remained at their posts, operating their cars while dense clouds of smoke filled the building. The fire broke out on the fifth floor in the rooms of Robert Friedlander & Co., manufacturers of X-ray apparatus. A lighted match carelessly thrown into a pile of excelsior is believed to have started the blaze. A number of X-ray vacuum tubes exploded the moment the great heat reached them. Robert Friedlander, senior member of the firm, realized the danger from these tubes and worked, until overcome by smoke, throwing them out of the widows.

The fire spread rapidly through the company's rooms to a light shaft, through which the smoke rose to the upper stories. Thousands of occupants of the building, with the memory of the Iroquois theater holocaust fresh in their minds, rushed into the elevators; many women fainted in the scramble, but none were seriously injured, while the large building was emptied within half an hour after the fire was discovered.

The men for the most part retained their senses. The elevator men stuck to their work like heroes, and continued to run their lifts until it was said that every person was out of the building. Armed with axes and picks the firemen broke doors and windows. In the rotunda at the bottom of the elevator well, persons leaving the elevators after descending from the upper stories, were obliged to dodge heavy beams and fragments of stone and plaster falling in the rotunda from the fifth floor. Thousands of people on the streets watching the fire were thrown into a panic by an explosion, sending smarting fluid raining on the crowds below.

The fire was out within an hour. Eighteen persons were injured as a result of the fire. R. Friedlander, in whose suite the fire originated, was found unconscious on the floor. He was overcome by smoke and chemical fumes. Twelve girls in his employ made their escape at the first alarm.

There Is Pneumonia On Every Hand

THREE DEATHS IN ONE FAMILY RECENTLY ARISE FROM NEGLECTED OR UNCONTROLLABLE COLDS.

Pneumonia is second only to consumption in the number of deaths which it causes, and like consumption, always has its beginning with a cold.

At this season you can scarcely glance over a paper without seeing the record of several deaths from this dread disease.

Cold in the head, fever and chills, a cough which gradually becomes dry and more painful in the chest, rapid, difficult breathing, feelings of exhaustion and depression—these are symptoms of pneumonia.

You can prevent and cure pneumonia by the use of Dr. Chase's Syrup of Linseed and Turpentine, the greatest of all treatments for the throat and lungs.

The only safe way is to regard every cold as serious. Think of the dreadful possibilities which accompany every cold. Remember that pneumonia and consumption are the frequent outcome, and cure the cold before it gets beyond your control. By frequent doses of Dr. Chase's Syrup of Linseed and Turpentine you can quickly break up the cold and guard against dangerous developments. No treatment was ever so successful for this purpose.

Dr. Chase's Syrup of Linseed and Turpentine 25 cents a bottle, family size (three times as much) 60 cents, at all dealers, or Edmanson, Bates & Co., Toronto.

To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every bottle.

TALL BRIDE, SHORT GROOM

"Where Are You?" Said the Lady and He Became Enraged.

Brockton, Jan. 25. — The romance of Ludwic Bubin, who refused to go to the altar with his promised bride and yesterday was arrested on complaint of tradesmen who furnished material for the wedding celebration, has come to an end. Mr. Bubin admitted today that at 5 o'clock yesterday morning he and Miss Amelia Slavinska went quietly to St. Rocco's Lithuanian Church and were there married by the Rev. Matthew Plauszinaitis. Bubin is still under arrest, but he is happy, and the bride, who was tearful at his non-appearance at the great wedding planned, is now all smiles and joy. It is said there was another reason for the capricious action of the bridegroom. The story goes that when the rehearsal of the ceremony took place last Saturday the bride-elect made a remark that rankled in the heart of Bubin. Miss Slavinska is tall and slender and her swain is much shorter. When the two stood forth before the altar and the bride looked calmly down upon the bridegroom and murmured in the Lithuanian language something that resembled "Where are you?" the groom took umbrage and vowed that when she looked for him next time he would be elsewhere.

FOR ST. JAMES' DIVISION

Mr. Honore Gervais Chosen to Oppose Mr. Bergeron.

Montreal, Jan. 25.—A convention of the Liberal electors of St. James' division of Montreal was held on Saturday afternoon to name a candidate to contest the division for the House of Commons in the coming bye-election. Mr. Prefontaine presided. On the first ballot the vote stood: Honore Gervais, K.C., 63; J. A. Drouin, 50, with the remainder scattered. The second ballot stood: Gervais, 72, and Drouin, 63. The selection of Mr. Gervais as the candidate was then made unanimous. Mr. Gervais is a partner in the law firm of Rainville, Archambault & Gervais.

J. G. H. Bergeron is the Conservative candidate.

The total commerce of Abyssinia is about $9,500,000 a year.

FEED THE BRUTE AND BE HAPPY

Social Economics Club Applauds One Woman's Solution of the Husband Problem.

Chicago, Jan. 25. — The Social Economics Club, an organization made up of women representing a score of woman's clubs, has been searching for the "essentials of a happy home."

Mrs. Edward A. Bigelow appears to have suggested one "essential," if the applause which has greeted her words by the "other half" can be taken as a criterion. She said:

"Feed the brute good, well cooked food and forgive him."

The husband, father and provider was only mentioned incidentally, and as a possible though not altogether an indispensable requisite.

Some of the women — in fact, the majority of them—were strongly of the opinion that the wife and mother was the chief essential.

The only good words said of the husband was this, by Mrs. Carroll, who lives in the country: "It must now and then occur to women, and even to the most advanced club woman, that the home is not quite complete without the husband and father and provider. The wife and mother must recognize in him a piece of household furniture not altogether ornamental, only occasionally useful, but very much needed when wanted.

"It has taken ages of repression to bring the husband and father to his present condition of abject slavery to the wife and mother. He is the victim of a process that began in the Garden of Eden and gives no promise of ending until he is called to the reward that awaits the humble on the other and brighter shore."

ONLY CHANCE LEFT

Preference Will Keep Canada From Overtures of United States.

London, Jan. 25.—Professor Ashley, speaking at the London Institution, said that unless Canadian farmers were given favors by Britain Canada would listen to American overtures. The lecturer has not unbounded faith in a perferential plan, but it was the only chance left. He recognized the risk of friction which preferential negotiations would excite.

CROWNED KING COTTON

An Interesting Scene on the New York Stock Exchange.

New York, Jan. 25.—Daniel J. Sully was crowned King of Cotton formally yesterday on the New York Stock Exchange amidst uproarious excitement. To celebrate the coronation Sully hurried over to the cotton pit and put cotton to new prices for this season.

The coronation was the happy thought of the stock brokers, of whom Mr. Sully became one yesterday. An entire bale of cotton was smuggled on to the floor of the exchange when it was learned that Mr. Sully would make his first appearance in the afternoon.

Charles S. Gates, son of John W. Gates, escorted the victim to the center of the floor. Apparently nobody noticed him, and just as he was beginning to feel at ease a signal was given that made him the center of a wild mob of brokers. They ripped open the bale of cotton and made a huge crown of the staple, which they insisted on placing on his head.

"All hail, King Cotton," they cried, dancing round him armed with wads of loose cotton, with which they pelted him until he looked like Santa Claus. Then they picked him up and rolled him in a mass of the costly stuff piled on the floor. He was next conducted to a rostrum and ordered to make a speech, while they pelted him with cotton so he could not be heard.

After this rough house Mr. Sully was conducted to a washroom, where he straightened himself out. He was then given an orderly reception.

Going from the stock exchange over to the cotton exchange, Mr. Sully caused a burst of bullish enthusiasm in that market. March, May and July options went soaring to high levels and closed at the top.

The bale of cotton used in his coronation was worth $47 50 when he took charge of the market last August. When he was rolled in it yesterday it was worth $75—and the South raised 9,500,000 bales this season.

Feet and Ankles Swollen

Could Not Sleep at Night.

Backache and Kidney Trouble the Cause.

Doan's Kidney Pills

Cured After Other Remedies Had Failed.

These Wonderful Kidney Pills will Cure the Most Obstinate Cases of Kidney Trouble if Only Given a Fair Trial and Used According to Directions.

Read what Mrs. Geo. H. Alward, Whites Point, N.B. has to say about them: "This is to certify that I have used Doan's Kidney Pills for pain in the back and kidney trouble and I do most gratefully recommend them to any person suffering in this way. I was so bad with kidney trouble that I could not get around the house. My feet and ankles were so swollen and painful that I could get no rest day or night. I tried several remedies but could get no relief whatever until a friend advised me to try Doan's Kidney Pills. I soon perceived a decided change for the better and had only taken two boxes when I was able to do my housework again, and three boxes made a complete cure."

Doan's Kidney Pills are 50 cts. per box, or 3 for $1.25, all dealers or

THE DOAN KIDNEY PILL CO., TORONTO, ONT.

DR. A. W. CHASE'S CATARRH CURE ... 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

The population of the United States in 1902 is three and a half times as much as in 1850, while the production of the great articles for manufacturing is in most cases from five to fifty times as great, production of manufactures thirteen times as great, and the facilities of transportation twenty times as great.

CHEAPEST OF ALL MEDICINES.—Considering the curative qualities of Dr. Thomas' Eclectric Oil it is the cheapest medicine now offered to the public. The dose required in any ailment is small, and a bottle contains many doses. If it were valued at the benefit it confers it could not be purchased for many times the price asked for it, but increased consumption has simplified and cheapened its manufacture.
